of rescuing those who were in a worse case than himself. One of the victims was pinned down beneath heavy debris and there was a danger that if left in the position in which he was he could not survive long. A medical officer who could not reach the spot because of the needs of other wounded, was consulted and he advised amputation of the shattered leg so that the victim might be released.

With great nerve in the smoke-filled gunpit MacLean performed the amputation, thus showing what the official report records as a splendid example of bravery, determination and devotion to duty, for which the military medal has been awarded. Gunner Gilbert Leslie Waters, of the heavy artillery, has been awarded the

Where Rain Has Helped.

The Globe's correspondent at Belle ville states that a good rain Thursday night relieved prolonged drought in that section. Late potatoes and corn will benefit. Many farmers have the grain harvest completed, and all reports are optimistic. New fall wheat and oats in limited quantities are coming to market.

In the first medal.

Corporal Alexander Findley, of a Quebec battalion, got the Military Medal for saving the lives of three men of his battalion under fire. Findley, while at work during a heavy enemy bombardment of our front trenches, found that part of our front trenches, found that part of our front trenches had been blown in and three men out, and with shells droppinig all around him, rescued all of them.

Private James Holly Leet, of a Quebec battalion, received a Military Medal for entering enemy dugouts alone during a raid and accounting for their occupants. He always volunteered for any dangerous are theirs by choice. across the northern border who have

16; concussion."

Pte. Phillips enlisted with the 104th Battalion and gradually won promotion until he was appointed a sergeant drill instructor in England. In May last he reverted to the rank of a private in order to have an opportunity of getting to France. Before enlisting Pte. Phillips was employed with M. R. A., Ltd.

Parker Stockton Dies. Mrs. Alice Stockton, of Sussex, received an official despatch from Ottawa saying that Pte. Parker Stockton had been officially reported as having died of wounds at No. 22 Casualty Clearing Station, August 16; gunshot wound hand and shoulder.

the 89th reserve regiment, 18th reserve division, have been turned in numbers sufficient to indicate the presence of battalions from these regiments in some at least, of the desperate struggles of the past two weeks.

At least sixty-one enemy battalions took part in these battles. The victory, in the light of those figures is a very remarkable one.

These first reports do not state whether these young soldiers' wounds are of a dangerous character or not. Further details are promised at the

wounds are of a dangerous character or not. Further details are promised at the earliest opportunity.

One recruit signed his name to the city's roll of honor yesterday, was examined and successfully passed the scrutiny of the doctor and was added to the strength of Canada's home defence. The lone recruit was F. E. Straight, Queens county (N. B.), for Home Service.

Sapper Roy Fillmore of the R. C. E. has been occupying quarters at the local recruiting station for the last two days with the hope of securing a few young men to act as signallers with the Home Service unit at Halifax. Some have come forward and have passed. Yesterday's recruit was for this branch of the service. This is a good opportunity for the younger element of the city's manhod to do their bit. This branch is not very exacting, is interesting work and incidentally affords the opportunity to serve the country's cause.

Five men left the city yesterday morning from the States on their way to Kentville for the Brittsh aid commission.

Colored Men on Way.

Twelve colored men reached the city yesterday at noon on the Boston train and spent the night in the city and left this morning again for Aldershot. The colored men were recruitted in Chicago and are on their way to train at Camp Aldershot (N. S.), and from there will be detailed for duty in England. Sergeant Popham, who under Major May, is looking after all men secured in the States for the B. A. C., found no little not. Further details are promised at the
