

## CLOSE SEASON FOR MOOSE HERE IS RECOMMENDED

Fish and Game Association  
Also Suggest Deer  
License Cut

MORE REFUGES FOR  
GAME ASKED FOR

Would Take Act Out of Politics—A. G. McAvity  
Again President

Special to The Times-Star.  
McADAM JUNCTION, N. B., Sept. 23.—The New Brunswick Fish and Game Association, in annual session here last night and this morning, recommended that there be a close season on moose in this province for two years, and also that the deer license be reduced to \$25. Another resolution was in favor of more game refuges, and it was stated the administration of the Game Act is to be independent of politics would be strongly urged upon the government this year. Next year's annual meeting will be held in Woodstock.

### OFFICERS RE-ELECTED

The officers were re-elected, as follows: Allan G. McAvity, of Saint John, president; Dr. McIntosh, of Hartland, vice-president; Francis Kerr, of Saint John, secretary; P. S. Marsten, of Woodstock, treasurer. Mr. McAvity presided at the meeting. Among those in attendance were Hon. C. D. Richards, Minister of Lands and Mines, and Chief Game Warden L. A. Gagnon.

### PRESIDENT'S ADDRESS

In his annual address, Allan G. McAvity, president, said: Every sportsman, and every normal human being is more or less a sportsman, desires to pass on to his growing boy the same, or better, chances for the pursuit of happiness when in the great outdoors. The question arises, "What can one do to improve these chances?" Individually nothing can be done. The Game Act will stand in almost the same disrepute as the Dominion Act unless sportsmen unite to create respect for it. The wild pigeon, the caribou, and the sturgeon are locally extinct in New Brunswick. The partridge and moose are threatened with extermination, as with so many modern effective agents for slaughter, (automobiles, pump guns, dynamite, saw mills, fur traders, etc.), we tremble for the future chances for our boys in pursuit of game in our beloved province.

### SPORTSMEN'S CREED

What shall we do individually? Let me suggest that we urge every individual to adopt the sportsmen's creed. To obey the fish and game laws of both the province and the Dominion. Never to be a game or fish "hog" and to leave plenty of "seed" for future "game crops." Never to destroy game or fish needlessly or brutally, and likewise let no one else do so if possible to prevent them. Respect the property and rights of others as regards trespassing without permission first, and to keep the will of owners and property holders. The sportsmen are the salt of the earth, and if the fish and game association of sportsmen are extended and supported throughout the whole province as they have been through the south and west of the province, healthy public opinion will be developed for the improvement and enforcement of the Game Act.

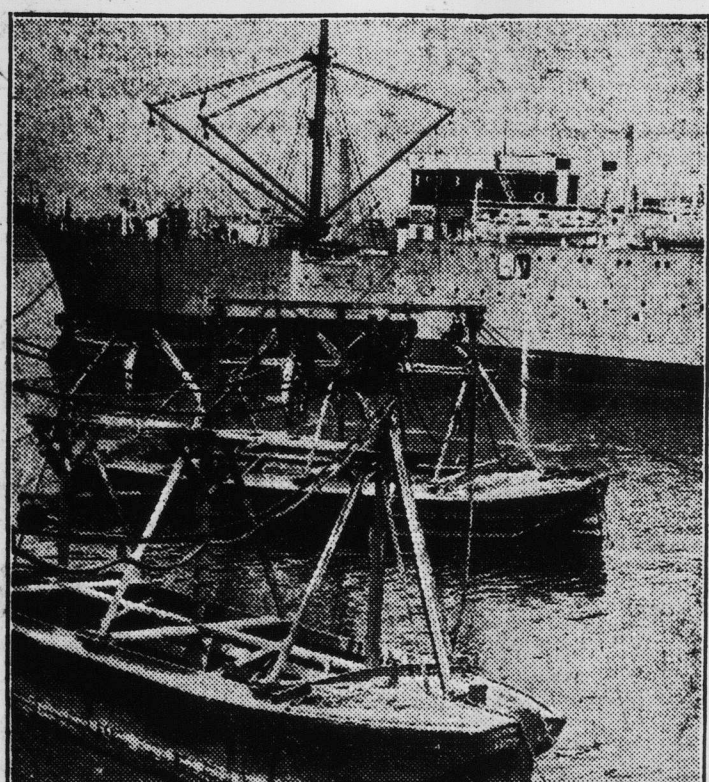

### SUGGESTIONS MADE

The suggestions from the association to the government for improvement of the Game Act, coming as they do from all branches and being the unanimous opinion of united sportsmen, are bound to have influence. More than half of our last year's recommendations were acted on and four out of ten were incorporated in the law this year. These four were as follows: 1.—That moose be protected until their heads contain 10 points. 2.—That only salmon licenses be issued non-resident fishermen for streams frequented by salmon and trout. 3.—That grouse or partridge be protected for at least two years. 4.—That an effort be made to enforce the law requiring that the holders of game licenses return a report.

## AN INTERNAL BATH HIGHLY RECOMMENDED

A prominent physician made the remark recently that if people were half as particular in regard to internal cleanliness as they are about external appearance three quarters of our ordinary ailments would be eliminated. This medical man said people did not stop to think of the importance of keeping the system just as clean as one is careful to keep hands, face and body. The result is that the intestinal tract becomes clogged and waste material which should leave the body daily stays there for an indefinite period doing a harm few people realize. So many ills are traceable to these clogging poisons! An internal bath sounds novel, but it is much easier to take than any other kind! A spoonful of Sal Linthos before breakfast (or any other meal), dissolved in a glass of tepid water acts as a gentle cleanser of the bowels—provides a soothing internal bath that rid the body of dangerous toxic poisons and gives one that feeling of freshness, vigor and well-being. A further advantage of the internal bath lies in the fact that a healthy body ensures an alert and active mind which makes for greater efficiency and happiness in one's daily work.

## Connects Canada And Antipodes

Loading 2,800 miles of the new Pacific cable on board the S. S. Faraday at Woolwich, an operation which will take three weeks to complete. This cable will connect Canada with Australia, New Zealand and the Fiji Islands, and will transmit messages five times as fast as the old type of cable.

### OF THE BAG DURING THE SEASON, AND THAT A GUIDE CONDUCTING A NON-RESIDENT BE HELD RESPONSIBLE FOR COMPLIANCE.

We could not, and did not, expect Items 1 and 2 to be adopted. These requests were too strong for the present government to even consider seriously, but although we may be asking for more than we are likely to receive I hope that these same two points will be incorporated in this year's recommendations. Possibly a different wording might be effective. The wording last year was as follows:

### FOR GAME COMMISSION

1.—That a game commission of non-political business men be appointed to administer the Game Act, employ permanent wardens upon merit only at a decent living wage, and have control of registered guides. The commission to act without remuneration. 2.—That the appointment of game wardens be taken out of politics and that wardens be appointed on the basis of experience and ability. Moreover, that the number of wardens be reduced and a higher wage paid to competent employees. At our meeting with the government last summer, Premier Baxter stated that the sportsmen had registered very emphatically their objections to many of the changes of wardens. At the time these changes were made it is doubtful if the government anticipated such a storm of protest. No adequate defence can be made by any government if the storm of protest is loud enough. Therefore it seems advisable for us to continue to demand with a louder voice that the enforcement of the Game Act be divorced from politics.

### CHANGES AMONG WARDENS

In no other province, or no state in North America, has the Game Law been so upset by politics as it has in New Brunswick. With the last change of wardens, 92 wardens were dismissed and 104 new ones were taken on. We know that many good men were fired and many poor men were taken on, and that most of the changes were due to politics, and under these conditions we expect a satisfactory enforcement of the act.

### MORE SANCTUARIES

Second only in importance to the removal of the Game Law from politics comes the demand for more game refuges. We now have only two large refuges, and we should have ten times that number. From Salisbury there has been an agitation to enlarge the Canaan reserve, also a suggestion that refuges be established in Albert and Saint John counties. In addition to the large refuges we should have about 100 hundred small refuges with an area of four square miles each. These could easily be taken from Crown Lands and would not require a special caretaker as the game warden in that district could easily look after the same left as well. It was found in Pennsylvania that the sportsmen realized that these small refuges were for their own good and respected them. In Pennsylvania the objective was to have 200 small refuges by 1926.

### PLACES SUGGESTED

There is a further chance to encourage these small refuges among individuals. The purchase of the Swinney Grant in Gloucester county by Sir James Dunn will give an excellent refuge.

From Hampton comes a suggestion that a refuge be made for muskrat, which might easily be done by securing the consent of three farmers who own between them the larger part of the Hampton marsh.

Item 3 of last year's recommendation that more game refuges be established should undoubtedly be presented again. Item 4 that the sale of big game, game birds and trout be prohibited should also be carefully considered for presentation in this year's recommendation.

Item 5 was considered by the government and was discussed in the House, but opposed by rural members. This item reads:

8.—That bear be considered a game animal and protected from December 1 to September 15, but that bear may be killed at any time when doing damage to stock. Guides and sportsmen deny that the bear is a dangerous animal and is not usually a marauder.

### LAKE AND STREAMS

The damage done to lakes and streams by portable saw mills seems a suitable subject this year. The trees around a lake add much to the beauty of it and also provide food and shade for fish. A survey of how many lakes and streams have been destroyed, with photographs of a pile of sawmill left behind would prepare for an attack against this wasteful and useless destruction. In most cases these mills might easily be forced to locate at

### HAS GROWN DURING YEAR

The association has had good progress since the last annual meeting. It has increased from five branches to 11. Those at the beginning of the association years were in Saint John: The Carleton branch, Woodstock; Passamaquoddy association, St. Andrews; Victoria branch, and the Scotch branch, St. Stephen. Those added since are McAdam branch; York-Sunbury branch, Magaguadavic branch, St. George's, Oromocto Club, Fredericton; Loch Lomond Association, and Juniper, Carleton County branch. Mr. Richards mentioned the case of the Loch Lomond Association and R. C. Gilmour secretary. D. King Hamilton is president of the Saint John Association. George W. Gagnon, vice-president; T. A. Linton, secretary, and Sidney C. Young, treasurer. The officers of the N. B. Association for the year just closed have been Allan G. McAvity, Saint John, president; Dr. McIntosh, Hartland, vice-president; Francis Kerr, Saint John, secretary, and P. S. Marsten, Woodstock, treasurer.

### HON. MR. RICHARDS

Mr. Richards in opening his remarks said he would do all he could to help the organization and would be fair in all his dealings with them. The speaker mentioned the close season on partridge and said it may continue. He said he appreciated the effort of the association in this matter.

### SAVE THE FORESTS

Mr. Richards in closing asked the audience to do all in their power to protect the forests which he claimed next to agriculture as a provincial asset.

### OSKAR RIPLEY SPEAKS

J. B. Thomson, known as Oskar Ripley, said he found the Game Law in New Brunswick was for fishing. Does the doctrine of protection of fish and game ever reach the masses in the country, asked Mr. Thomson, in discussing the results of the efforts of such associations as the Game Act? The speaker also instanced the case of Louisiana where marked hunters were stopped by a protective association. He suggested that violators be taken into the society and converted to their ideals.

### CHIEF GAME WARDEN

Mr. Gagnon next spoke and said he had seen a great improvement since

### Every Man Past 40 Should Make This Test

For Amazing and Lasting Relief From Middle-Age Ailments That Cause Daily Annoyance And Sap Vital Force

No longer need men near or past the prime of life put up with those painful and often embarrassing conditions brought on by overworked sluggish Kidneys, Bladder Weakness, and Prostate Trouble, with their distressing symptoms of Lamebacks, Pains in back and down through groins, scanty but frequent and burning urination, "Getting-up-nights," nervous irritability and lack of force because a ten day test of Dr. Southworth's "Uratabs" will convince the most skeptical of the value of this special treatment for their particular case.

Amazing testimony of Physicians and users gives convincing proof of the power of "Uratabs" to restore Health and Strength to men afflicted with Irritated Bladder and Urinary Tract. A multitude of alarming symptoms seem to quickly disappear—and you see and feel a truly genuine improvement often within two or three days. "No more Backaches, no more pain, no more daily embarrassment or Getting-up-nights. I now sleep soundly, and get up in the morning full of 'pep'—thanks to Uratabs!"

While new to the general public, the wonderful value of "Uratabs" has been thoroughly proven by 40 years of successful use in the private practice of Dr. Southworth. Now any good druggist will supply them on a binding guarantee of full satisfaction or money back. Try "Uratabs" today!

The New Brunswick society was formed and prophesied greater results in the future. Mr. Gagnon said four U. S. A. sportsmen had spent \$2,016 on a three weeks' fishing trip, the most of it in New Brunswick. The sportsmen of the party said if New Brunswick knew the money to be made from her fish and game greater efforts would be made for preservation.

### BIRD HUNTING.

A discussion developed on bird hunting. It developed that two counties in Nova Scotia, Shelburne and Queens, have ducks all season, also that the season does not close until February 15, two weeks later than any place else in Canada or U. S. A., but a provision was made that all hunters should report their bag for the season.

### Opening of the Fair

At the Saint Andrew's Ring tonight. A full attendance is requested in order to get away with a good start. Remember its 100 per cent for the orphans. Band music, games of all kinds and a good time assured for every night while it lasts. Donations and patronage solicited. Warden J. Fred Payne, of Sunbury county, formerly of Saint John, and R. P. Allan, editor of the *Fredericton Mail*, were in Saint John yesterday.

## THOUSANDS JAM SESQUI CITY FOR BIG BOUT

Continued from Page 1.

200,000 would seek the vicinity of the battle ground by nightfall. From 75,000 to 100,000 visitors were expected with as many more native townsmen and women intent upon being at least in proximity to the battle of a "century and a half."

The advance guard of the visiting battalions, numbering close to 50,000, converged on the city overnight, with as many more expected during the day, chiefly by dozens of special trains from New York, Washington, Baltimore, Chicago and other big centres. Unable to obtain hotel or rooming accommodations, hundreds spent a sleepless night or sought repose in any available spot, preparatory to joining the rush toward the turnstiles. These were to start clicking at 8 p. m., but promoter Rickard expected the jam to necessitate opening of some of the stadium gates by noon.

### DEMPSEY FAVORITE

Dempsey, one of the most devastating punchers the ring has ever known, has been established a heavy favorite. Wagers on him accepted as a barometer of public opinion, have reflected a steady lengthening of odds from 2 to 1 to close to 4 to 1, as the time for the bout approached.

The champion, even though some doubts were entertained as to his ability to come back after a three year layoff to regain his old punching power and speed, has been conceded a decisive margin because of his experience, terrific attack and ability to absorb punishment.

Dempsey, all critics believe, will make a rushing, tearing battle of it, from the start, just as he did against Jess Willard, whom he defeated in 1919, and just as he did in conquering Luis Firpo in his last title fight three years ago.

### TUNNEY'S DEFENCE

Tunney's best prospect of victory, was conceded to be in the fighting going the limit or close to it. The ex-marine's defence has been built upon the idea of stopping Dempsey's early rush and his attack upon the theory, that if the first shock is weathered, Dempsey will be a ready target. Tex Rickard hopes Dempsey and Tunney will make a hammer and tongs

### Yarmouth Man Is Guilty of Perjury

YARMOUTH, Sept. 23.—Supreme Court opened in Yarmouth yesterday with several criminal cases on the docket. Judge Graham is presiding. The case of the King vs. Earle O'Connell for unlawful entry, resulted in his being found guilty today. The jury recommended leniency.

In the case of the King vs. Arthur Truell for perjury he was found guilty and was remanded for sentence. Truell was acquitted of a charge of forgery this afternoon. He is the witness whom the deputy inspector under the Nova Scotia Temperance Act has been using in order to get convictions.

### ORPHANAGE FAIR TONIGHT

### Soda Water Drinking On Increase In U. S.

WASHINGTON, Sept. 23.—The United States has increased its consumption of soda water more than 28 per cent in two years, according to the Department of Commerce. In 1923 production of soda water apparatus amounted to \$20,359,851.

## Announcing a Special Showing of Dress Hats

### \$7.50 to \$11.50

DISTINCTIVE HATS FROM OUR OWN MILLINERY WORKROOM.

At these moderate prices we are featuring a distinctive collection of Hats that will please the most exacting tastes in smart Millinery.

Many of the Hats shown will be unique inasmuch as they are our own adaptation of model hats from the world's leading designers.

VELVET HATS SATIN HATS VELOUR HATS SMALL, MEDIUM, LARGE HEADSIZES.

(Millinery Salon—Second Floor.)

### The Newest in Table Runners

Beautiful French Velour and Art Silk Runners in Persian and plain designs, some with fringe ends. Sizes 14 x 32. Prices \$4.25 and \$5 each

Tapestry Runners—A large variety of colors and patterns to harmonize with any room. Price \$1.90 to \$4.25 ea.

Novelty Silk Buffet Sets—Black and gold grounds set with fancy colorings. 3 piece set \$1.90 ea.

Fancy Cushions—New colorings and designs. A good variety to select from. Prices from \$3 up

(Housefurnishings Dept.—Second Floor.)

### New Printed Flannelettes

For Ladies' and Children's Dresses

In dainty polka dots and bubble spots on light and dark grounds. Make warm, comfortable Dresses for Fall and Winter wear. Price ..... 25c. yd.

Mill Ends of English Shirtings

In smart stripes of various colors. 32 to 36 in. An exceptional bargain. 29c. a yd.

(Wash. Goods Dept.—Ground Floor.)

### Odd Lines to Clear

A Large Variety of Samples and Slightly Soiled All Pure Linen 5 O'clock Tea Cloths, Etc.

Plain Linen Hemstitched and Embroidered Tea Cloths—all white and some with colored embroidery. Sizes 36 in., 45 in. and 54 in. square.

These Cloths are all good value—the above sizes are very much in demand just now. Will be marked at greatly reduced prices for speedy sale.

(Linen Dept.—Ground Floor.)

### CASH'S WOVEN NAMES

For marking all clothing, household and hotel linens, etc.

Any name or words woven distinctly on fine white or black fabric tape. Colors, red, blue, navy, green or lavender. Colors guaranteed washable. All orders made in red unless otherwise stated. 3 dozen for \$1.50; 6 doz. for \$2; 12 doz. for \$3. Single or double initials, red on white. 3 doz. for 15c.

(Handkerchief Dept.—Ground Floor.)

## New Curtains

### Panels and Panelling

Marquisette Curtains—Ivory shades in plain hemstitched and insertion borders; large assortment of various patterns.

Our Special Order—Cable Marquisette Curtains—3 inches hemstitched borders. 36 inches wide, 2 1/2 yds. long. Extra value. Price ..... \$3.75 pr.

Irish Point Curtains—in Ivory and the new beige and Paris shades, including two-tone and black embroidery at very special prices.

Panel Curtains—Large assortment of cotton and fibre silk panels.

Cotton from .98c. to \$4 ea. Silk from \$3.50 to \$13.75 ea.

Curtain Panelling—in ecru fibre silk—2 1/2 yds. wide in 1 1/4 yd. section. Price ..... \$5.50 a yd. Also Ivory Cotton Fillet Net Panelling—2 1/2 yds. wide in 1 1/4 yd. sections at ..... \$2.50 a yd.

(Curtain Dept.—Germain street entrance.)

## Fur Coats

### Exceptional Values

Our stock of Fur Coats cannot be surpassed for quality, style and workmanship. If you are thinking of investing in a Fur Coat, we would like you to look our stock over before purchasing. Our Coats are moderately priced and may be bought on our Easy Payment Plan, if desired.

Hudson Seal Coats—Self trimmed or contrasting trimmings of Alaska, Sable, Grey Squirrel, Robin Brown Squirrel, Kolinsky, Jap Marten.

Persian Lamb—Self trimmed, Alaska, Sable and Grey Squirrel trimmed.
