KETEPEC-MORNA OUTING.

The feature event of the day was a baseball match between Ketepec and Morna, in which Morna won by a score of 22 to 8. The teams were made up of business men or the city. Races were held and the different games such as the beanbag, darts, and wheel of fortune were well patronized. The darts game was won by Mr. Armstrong and Mrs. McKim. The supper served by the ladies was excellent. Harry Heals looked after the sports in a very capable manner. A nice sum was realized, which will go toward the club expenses.

SOME CHANGES ARE MADE IN PROPOSED VEHICLE BY-LAW

(Continued from page 1.)

Paving Matters.
Mr. Frink read a report with reference to a petition from residents of Germain street from Harding to St. James praying that the street be paved. Included in the petition were signatures from residents of Pagan Place. He had had a report from the road engineer recommending that the work be done and estimating the cost at \$2,948. Mr. Frink moved that the work be done and paid for by bond issue. The matter of a petition from Armstrong & Bruce with reference to paving in Lansdowne avenue was also reported on by Mr. Frink, who said that as the water service had not been connected up with the main he thought there should be no paving until the connections had been made. He moved that the report be received.

Mr. Frink said that a delegation of property owners in Douglas avenue asked that an eight foot, instead of a six foot sidewalk be built west of Benley street. He reported that the contract would have to be varied to permit of this and considerable expense would be entailed. If the owners wanted to lay the walk at their own expense it would be all right, provided that they made no claim thereby to the property paved.

The application of J. H. Doody regarding the extension of the pavement in Douglas avenue was reported on by Mr. Frink, who said that nothing would be done here until the matter of an approach to the Douglas avenue crossing had been settled.

A request from the N. B. Telephone Co. for permission to erect guy wires to support poles in Douglas avenue was also reported on. Mr. Frink moved that the company be given permission to erect the guy wires, provided they were kept painted and were to the satisfaction of the road engineer.

D. R. A. MEET OPENS.
Southam, Ont., Aug. 15.—Sir Alex. Bertram, chairman of the executive committee of the Dominion of Canada Rifle Association, fired the first shot this morning and formally declared the annual shoot of the association open. This also marked the opening of the new Carleton Rifle Range.

Secrecy Did It.

On the principle that there is nothing like secrecy to attract attention, the Nuffield Corset Shop of Market, N. J., recently arranged a window display of the "peep-hole" variety.

In the first place the window, which has a glass frontage on two sides, was divided by a partition and made to serve double duty. Then the effect was heightened, except for a small space left for the view of the "window-shoppers," by the effect of the lighting and color contrast, one display showed a front view of the corset and another a side view.

MISS CAMPBELL LADIES' CHAMPION

Defeats Miss Hawkins in the Finals at Rotheray Today.

At the New Brunswick Tennis tournament at Rotheray this morning, only one event was played. In the finals in the Ladies' singles Miss Constance Miss Campbell defeated Miss Cecilia Hawkins in a very closely contested match by a score of 6-4, 6-4. Both ladies played very careful tennis and the issue was in doubt until the last moment. Miss Campbell, who belongs to the Fredericton club, is thus champion for 1921. Miss Hawkins also belongs to the Fredericton club.

Canon Armstrong's report on the international convention was the feature at today's Rotary Club luncheon at Bond's. Rotarian Jamieson was in the chair. Dr. J. H. Baerton gave a five-minute talk on the origin of Rotary. The club decided to have the picnic for the members of the south and east end boys' clubs next Thursday afternoon, to start in cars from King street east. All Rotarians are urged to be present. The president of Moncton Rotary Club, who was a guest, told of that club's successful picnic for two hundred boys. President Spangler read an invitation to club members to attend the memorial unveiling in the Public Gardens this evening. J. King Kelley reminded the club of the Rotary Club being before it the matter of mothers' allowance.

RETURNED FROM NEW YORK.

Mrs. E. M. Norwood has returned from her trip to New York where she has been attending the principal fall openings in the interest of F. W. Danforth & Co's costume and coat department. She says that styles are exceptionally attractive this season but consumers want garments of quality. Women generally demand the best workmanship, materials, etc., to a greater extent than ever before. Garments of quality cannot be made for less than they are being made up at the present time.

There are also a number of most interesting new fabrics, velveteen, suedeen and Normandy cloth. While our styles secured this season will give New York styles, yet the garments are made in Canada.

Fredericton, Aug. 15.—G. H. Prince, chief forester for the province returned yesterday afternoon from Westfield where he has been supervising the combating of the forest fires which have been raging in that vicinity. He states that, although the rains have done an immense amount of good, so far as checking the fire is concerned, the fire is not yet out. Smoke is seen arising at different points and no chances are taken as far as a renewal of the fire is concerned.

Mr. Prince left Westfield at four o'clock yesterday and at that time there were still some 200 men camped near the scene of the recent fire.

It was announced unofficially today that the burns were some twelve miles in length and five miles in width. The crew of men who were sent from the road work on the Woodstock road by the province, returned from the fire on Saturday evening.
