Proposed New League.  
Dallas, Texas, July 8.—Organization of a new baseball league to be made up from clubs of the disbanded Texas and Western leagues, and to be called the Liberty League, is proposed in a telegram from Jack Holland, manager of the Oklahoma City Western League baseball club, to Hamilton Patterson, manager of the Dallas, Texas, league club.  
**BASEBALL**  
Baker Appears Friendly.  
Washington, July 8.—Appeals from decisions of local draft boards holding baseball a non-productive occupation under the work or fight regulations are on their way to Washington for decision by Secretary of War Baker. Mr. Baker in confirming reports that such appeals had been filed, said appreciating thoroughly the fact that baseball of the national sport furnished recreation for millions of people, he doubted to think that it would be adversely affected. He added, however, that this personal opinion of his own must not be taken as forecasting his decision upon the appeals.  
Keating to N. Y. American.  
St. Paul, Minn., July 8.—Pitcher Ray Keating of the St. Paul American Association club has been traded to the New York American League club for two unnamed players. Manager Kelley announced today. Keating is already on his way to join the New York club.  
**THE TURF.**  
Favorites Beaten on Grand Circuit.  
Cleveland, Ohio, July 8.—The 1918 grand circuit harness racing season opened at North Randall today with a large crowd in attendance despite the raw, chilly weather. Only one favorite won in the three heats. Harry K. finished a close third.  
The Edwards stake, for 210 pacers, went to a Game of Chance, an outsider in the first heat. In the first heat, a Game of Chance took the next two and the race.  
In the second heat in 2:08 1/2, the black horse clipped a quarter of a second of the record set by Vernon McKinney in 1911.  
The first division of the Forest City sweepstakes for two-year-old trotters went to Pericope, while the second division of the sweepstakes was taken by Dark Flower in straight heats.  
The 2:06 pace resulted in a fierce battle between Director and Walter Cochato, the former capturing two of the three heats. Harry K. finished a close third.  
Miss Perfection won the 2:07 class trot after losing the first heat to Kelly Deforest.

## KING SQUARE SALES CO.

"Opposite The Market"

**Local Races.**  
Representatives of Frederick, Sunderland and Chatham met some local men last evening and had a meeting regarding a maritime horse racing circuit for the summer. It was decided to open the circuit on July 26-27, when a good race will be run here. Other dates are: Sussex, July 31 and August 1; Moncton, August 2-10; Chatham, August 14-15; Fredericton, August 21-22; St. John, August 28-29.  
**RING.**  
Not Much "Pep" in it.  
Toledo, Ohio, July 9.—Irish Paty Cline of New York, and Rocky Kansas of Buffalo, fought an uninteresting twelve round draw here last night, according to opinion of men at the ringside. The boxes were cautioned by the referee for alleged stalling in the ring.  
**HORSESHOES AMONG LINES**  
ADVANCED IN PRICE  
("Hardware and Metal," July 6.)  
The tendency in the hardware markets has all been in the upward direction so far as prices are concerned. There has been quite a number of changes in important lines, and indications seem to point to still further advances in other lines.  
Lead products are in firm market as a result of the higher prices on pig lead in the primary markets. Lead pipe and lead waste pipe were lines in which higher prices were recorded during the week. Ingot lead was also higher in some quarters.  
Ingot tin is a very scarce commodity in Canada at the present time, and record prices are prevailing. However, a shipment of tin is expected to reach Montreal in the near future. Spelter is firmer. Prices on pig iron will in all likelihood hold unchanged in Canada, as it has been decided to maintain the price in the United States after a conference between the government authorities and steel and iron interests. The price for ingot copper has been advanced to 25 cents a pound to producers in United States, which will have firming effect on all copper products.  
Horsehoes is one of the important lines to be advanced in price. Brushes have also been advanced by one of the large makers to the extent of 10 per cent, and it is probable other manufacturers will also follow. Wrenches, steel wire, roofing paint, roofing slate, pipe unions, hand and breast drills, sheathing, seine twine, paper bags, vases, and some of the other lines to show advances. Trade has been somewhat quiet during the week, as the holiday naturally interfered with the volume of business.  
**A HINT FOR ALL**  
OF U. S. IN THIS.  
Sir Douglas Haig, writing to Dame Eric Asquith recently, said: "Urges all at home to buy books and magazines and pass them on freely to the camps library for diversion among the troops. The demand that has now to be met is very great." The last sentence was underlined.  
Do Canadians keep their boys supplied with papers and magazines? Do we share the good stories, the little poems that say what we would like to say and cannot, the jokes, the fun? "If not, why not?" as the dreadful examination questions used to say.  
Another thing: Because we have

gloomy solemn thoughts should we send them over there? Every one says: "Make your letters smile." Why not send smiling, rollicking printed matter—even the kind we do not like but know that our boys like it? Why not?  
**Silly Suggestion.**  
In advertising the State Guard doing at the City Hall next Thursday, Charles Purdy says: "Meet your wife and sweetheart there." We are inclined to believe this procedure will be dangerous. Better make it one or the other, gentlemen.—Lyons (Kan.) News.

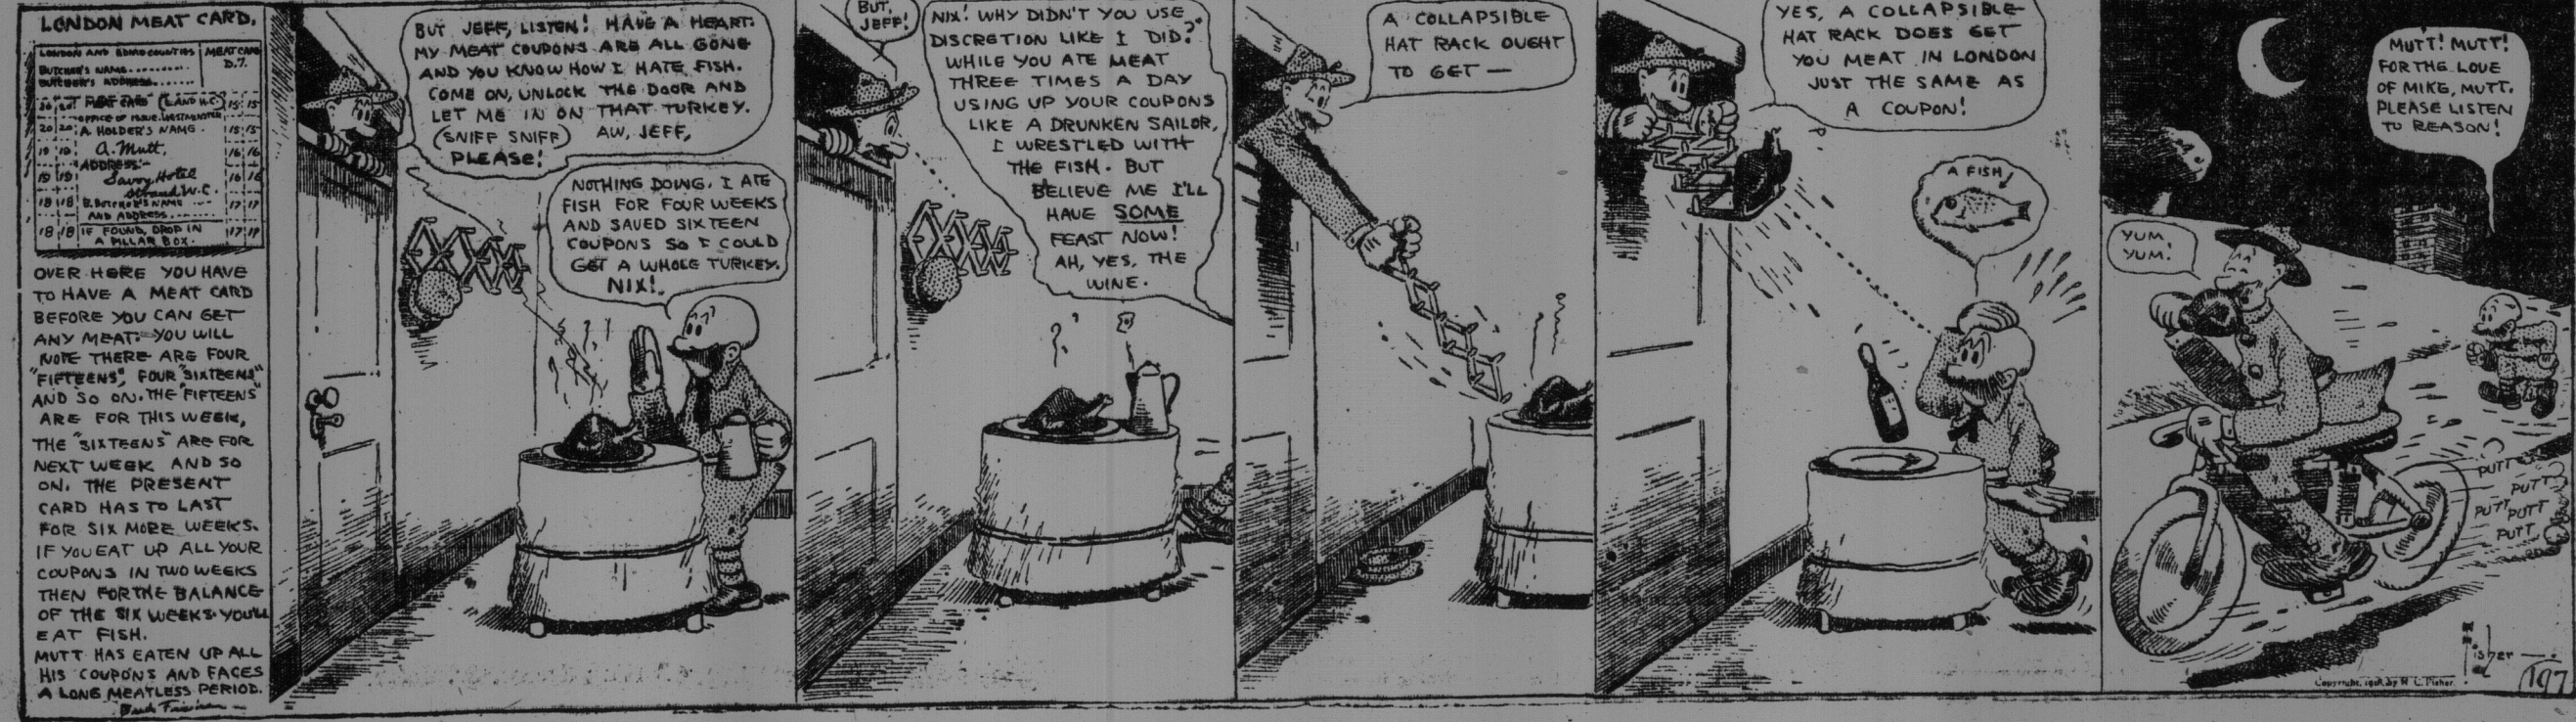

### No Chance For Argument

When a cigar has the endorsement of the fuzzy cigar smoker that the Fippa has, it eliminates all chance of argument.  
7c. for one of them.  
25c. buys four.
