Dressy Colonials and Pumps

This season the tendency is towards a light sole and high heel on all really dressy shoes. Patent leather, Suede and Gun Metal are strong favorites, with a big demand for White Canvas.

All our Pumps and Colonials are made on the latest patterns and lasts, and direct from the best makers in the United States.

The "Adonis" is a very pretty Patent with broadcloth cloth quarters, pointed toe, long vamp and Spanish heel.

JOHN FRODSHAM

EXONERATED BY MAYOR'S REPORT

At an adjourned meeting of the common council held at 5 o'clock yesterday afternoon, His Worship Mayor Frink presented his report in the investigation into the alleged improper influence in the awarding of a contract. The evidence was taken under oath on Monday and on Tuesday afternoons and was searching in every particular. The text of his report was as follows:

"After careful consideration of the evidence, and the case must be measured from that standard, I am unable to find any evidence to confirm the statement that John Frodsam, acting for Louis Corey, did attempt to bribe ex-Commissioner Agar during his tenure of office in connection with the awarding of contracts by the city, and am of the opinion that the honor and standing of the two gentlemen mainly connected with this inquiry, Messrs. Agar and Frodsam, remains unimpaired. Further that the mystery and suspicion surrounding this transaction might have been satisfactorily cleared up had the facts been brought out at the time the matter was under discussion before the council."

It was moved by Commissioner Wigmore, seconded by Commissioner Potts that this report be adopted, and this was unanimously carried.

The mayor stated before the close that Commissioner Agar was firm in his belief that an attempt had been made to bribe him, yet the physical movement of Mr. Frodsam's shoulders was not

CHILD WIFE CASE IN COURT

The non-support case brought against Otto S. Brown by his sixteen-year-old wife, formerly Miss Jean M. Walsh of the Reach, came up before Police Magistrate Ritchie yesterday. The circumstances of the case make it a most unusual one, particularly on account of the fact that two other suits in the matter are pending in the chancery division of the supreme court—one for the annulment of a contract, whereby the father of the defendant in this case and the defendant were to provide for the girl; and another to annul the marriage.

The witnesses examined yesterday were George Walsh, father of the girl, Eljah Rose, R. G. Murray, counsel for the girl, and Otto S. Brown, the defendant. The evidence for the plaintiff's case was concluded, and no witnesses excepting the defendant were called for the defence.

The magistrate said that the case was an unusual one. He reserved judgment and the case was adjourned until a week from today when decision will be given.

PILES

Do not suffer from this annoying ailment. Dr. Chase's Ointment will cure you. No surgery required. No pain. No expense. Send for free trial.

TRACING THE BOND ISSUE

B. Hal Brown of Montreal Gives Evidence

VALLEY RAILWAY INQUIRY

Payments to Trust Company of Proceeds of Guaranteed Debentures—What They Did With It

B. Hal Brown was the only witness at the Dugal inquiry yesterday afternoon. Mr. Brown is president of the trust company with which the proceeds of the guaranteed debentures of the St. John & Quebec Railway Company were deposited. The witness described the deposits received by his company and, examined by Mr. Carvell, told of placing the proceeds to the credit of the railway company upon the authority of orders-in-council.

When the commission resumed for the afternoon session B. H. Brown, of Montreal, president and general manager of the Prudential Trust Company, was called and sworn.

P. H. Markey, of F. H. Markey & Son, Montreal, counsel for the Trust Company appeared and his appearance was called.

The witness said that the proceeds of debenture stock to the value of \$4,250,000 of the St. John & Quebec Railway Company, guaranteed by the province of New Brunswick, four per cent, fifty years duration, in \$1,000 certificates, were deposited with his company. The stock was issued by the Bank of Montreal in London.

Mr. Carvell—They are called bonds in our statutes and records.

Witness—They amount to about the same thing.

A copy of the trust mortgage deed was produced by counsel for the witness and identified and a copy submitted in evidence. Witness said the document contained the mortgage deed of the railway's assets to the Prudential Trust Company, as trustees, and also the guarantee of the province of New Brunswick. The document by which the Trust Company was made the depository of the fund was produced. It was a letter from the receiver-general of the province relating to the proceeds of the debentures and the interest thereon.

Mr. Markey explained that the company was appointed as trustee for the

SUFFERED AGONY WITH NEURALGIA

Nothing Helped Her Until She Tried "Fruit-a-lives"

Campbellville, Ont., May 28th, 1913.

"I cannot speak too highly of 'Fruit-a-lives.' For over thirty years I have suffered from Chronic Neuralgia and Constipation, experiencing untold agony. The Neuralgia settled in my lungs and I took bottle after bottle of medicine without relief. The doctor told me I would not get better, but 'Fruit-a-lives' proved that the doctor was wrong, by giving me quick relief and finally and completely curing me.

It would not have my present health if it was not for 'Fruit-a-lives' and I am glad of the opportunity of giving you this letter about such a splendid remedy as 'Fruit-a-lives,' for the guidance of other women who may be similarly affected."

MRS. NATHAN DUNN.

"Fruit-a-lives" is the only medicine made from fruit juices and is particularly suited to women because of its mild action and pleasant taste.

"Fruit-a-lives" is sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or may be obtained from Fruit-a-lives Limited, Ottawa.

The letter mentioned that, under the agreement, the Trust Company was to pay four per cent on the money deposited with them and should have the privilege of investing the funds in such debentures as their board of directors selected, subject to the approval of the provincial authorities.

Witness said his company received as the proceeds of the sale of the debentures on May 21, 1912, \$973,883.83 and on June 17, 1912, \$8,096,229.21, a total of \$9,070,113.04.

The debentures were sold at 95.8-4; subsequently the Trust Company was informed that the railway company must deposit the funds in the minimum of \$500,000 and what the proceeds would have been at 95, the figure fixed by the government as the minimum at which the bonds should be sold. The railway company deposited the sum of \$9,070,113.04 making the total \$4,164,897.24.

The next deposit was the sum of \$225,000, for the provincial guarantee of interest on the bonds at the rate of \$1,000 a mile. This was placed in a special fund subject to the order of the receiver-general. The fund is credited with interest at four per cent, and is still in the hands of the Trust Company.

Other payments were taken up.

Mr. Carvell—Then we have a credit item, \$67,892.

Com. Fisher—The \$467,892 is added to the capital sum of \$4,000,000.

A—Yes. There is a cross check deposited with the Bank of Montreal. It is just interest that was paid out on the debenture stock.

Heart and Nerves Were Bad.

Could Not Sleep.

To the thousands of people who toss on a sleepless pillow night after night, or who pace the bedroom floor with nerves on the jump, or who cannot get to sleep, or to whose eyes sleep will not come, Milburn's Heart and Nerve Pills offer the blessing of sound sleep. They are the only pills that restore the equilibrium of the deranged nerve centres and correct the wrong action of the heart.

Mrs. Charles Teal, Horncastle, Ont., writes:—Just a few lines to let you know what Milburn's Heart and Nerve Pills did for me. My heart and nerves were so bad I could not sleep, and the least noise or excitement would make me feel so that I used to think I was going to die. I would tremble and I could hardly stand. I took doctor's medicine, but it did not do me much good. At last I found Milburn's Heart and Nerve Pills and can certainly say they did me a great amount of good. I can recommend them to anyone who is suffering as I was.

Milburn's Heart and Nerve Pills have been on the market for the past twenty years, and have done more to steady shaky nerves and strengthen weak hearts than any other known preparation.

Price, 50 cents per box, or three boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

What Thin Folks Should Do To Gain Weight

PHYSICIANS' ADVICE FOR THIN, UNDEVELOPED MEN AND WOMEN

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-cures, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strengthening, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and Vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

Take Vacation Pictures

COSTUME SECTION—SECOND FLOOR

Manchester Robertson Allison, Limited

A—Yes.

Q—You paid this \$67,892 over as interest on the debentures?

A—Yes.

Q—Fisher—This item of interest seems as if it ought to be payable to the government, because it is their money held by the Trust Company until it is ordered to be paid out and should have no bearing on the payment of the debenture stock.

F. H. Markey—It belongs to the railway company. The Trust Company only guarantees the bonds in case of default. It is a matter of suretyship.

Going on to an item of \$85,625 on April 18, Mr. Brown said that when originally issued it was enacted that the bonds should not be sold for less than 98 per cent. "That was not possible," he went on, "and some relief was granted and the clause was repealed. Then this was taken out of the receiver general's account and placed to the account of the St. John and Quebec Railway Company. We (the Prudential Trust)

held this for the joint account and could not pay it out.

Mr. Carvell—But for some reason you have taken it out of the fund.

Mr. Markey—Yes, because of the legislation.

Mr. Carvell—You paid back the \$85,625?

A—Yes.

Q—What is your authority?

Mr. Markey—The legislation, I suppose.

Q—What I want to know is whether this \$85,625 was placed to the credit of the St. John and Quebec Construction Company?

A—Yes.

Q—My answer is that on June 17, 1912, we debited the railway and on April 14, 1913, we credited it back to them.

Q—To the St. John and Quebec Construction Company's account?

A—Yes.

Q—I would like to have exact copies of that account.

Mr. Markey stated that he would be able to supply them early next week.

They could be made by the staff at Montreal.

This closed the evidence for the day. Further discussion took place on the advisability of going to Fredericton and the chairman announced that subject to the progress of the evidence at today's sitting the Commission might go to the capital tomorrow, though just as the commissioners were rising Mr. Carvell said that he might be able to get other witnesses subpoenaed for Fredericton to come to St. John for Friday's hearing. Thus the selection of the venue for Friday was left unsettled.

Jesse Farren, a Granby, Conn., tobacco grower, plowed up an unusual Indian relic. The object was the representation of a head, done in terra cotta, and apparently baked over a core of stone about one-half inch in diameter. The surface of the image is smooth and rounded with much care and the workmanship is vastly superior to that of most Indian relics.

AT DANIEL'S FOR VACATION DAYS

Cool, comfortable wash garments of all kinds, for girls, boys, and their elders holiday wear at remarkably low prices.
