A GREWSOME FIND.

Three Bodies Discovered in Chicago Cause a Sensation.

CHICAGO, Sept. 9.—The discovery of three human bodies at 2709 and 2711 State street has started an investigation of the premises by the police, the coroner and the health department. One of the bodies was that of an adult, and the authorities are prepared to believe either that murder was committed or that it is simply evidence of an illegal burial. It was found at 2711 State street.

The other two bodies were those of babies. They were found in a wooden box covered with sawdust in the undertaking establishment of Charles Johnson, 2709 State street. The undertaker declares there was but one body in the box and he produced a burial permit for it. William McKissock, a plumber, who made the discovery, asserts there were two bodies. On account of the suspicion which the finding of the bodies has aroused, a thorough examination of the premises will be made today to discover by excavation whether other remains have been buried there.

There are surface indications which lead Coroner Traeger and the health authorities to suspect that the backyards of the two places may be found to contain graves of other persons.

FOREST FIRES

Doing Great Damage in Oregon and Wyoming.

OREGON CITY, Oregon, Sept. 9.—Extensive forest fires are destroying a large amount of property in this country. They had been burning slowly for several days and a strong north wind has caused them to spread rapidly in a southerly direction, sweeping everything before them.

LARAMIE, Wyo., Sept. 9.—Reports from timber fire districts state that sheepmen will be heavy losers. Many of the bands have scattered and thousands of sheep are now in the midst of the burning timber country. Timber supervisor J. B. Wheatley has started for the burning district with 50 men and various appliances for use in forest fire fighting. Work in the Rambo mine has been suspended and all hands have been sent to combat the fire.

This will be acted on today. There will be a lively contest for the grand mastership. Buffalo, Milwaukee and St. Louis are bidding for the 1904 convention.

The "Nottahook" skirt supporter and dress fastener is on sale at Dykeman's, where all the newest inventions can be found before they are shown in any of the other stores.

MORE BISHOPS.

ROME, Sept. 9.—The question of dividing several of the larger American dioceses is engaging the personal attention of the prefect of the propaganda, Cardinal Gottl. It is believed that before long the existing dioceses and archdioceses, numbering about 88, will be reorganized as to increase the number to 100.

FREDERICTON.

A Very Cold Crack for the Telegraph.

Commissioner Barry Gives the Lie Direct to That Misguided Sheet.

(Special to the Star.)
FREDERICTON, Sept. 9.—At opening of deaf and dumb inquiry this morning Commissioner Barry called attention to a statement in Monday's St. John Telegraph, in which he is credited with saying that Prince, one of the staff, "had not only sworn that he told lies and was a liar, but that he wrote letters which contained lies. In fact he admitted that he was a general all-round hand at the business."

Commissioner Barry said that he had made no such remark, and had said nothing that could be fairly construed to mean such. All who were present at Saturday's proceedings, when he is credited by the Telegraph with having made the statement, would bear him out that nothing of the kind had been said. He did not wish to have his name exploited in an unfavorable light by the Telegraph or any other paper and among the friends with whom he had lived all his life.

Mr. Gregory then stated that the Telegraph had been persistently unfair and untruthful in reporting the evidence and proceedings at the inquiry, attributing to witnesses as well as to the commissioners statements which they never made and distorting the evidence given.

Ernest Powers was on the stand all morning, under cross-examination.

The Boom Company has rafted up of September 1, 140,345,288 superficial feet of lumber, 13,000,000 more than was rafted in all 1901, and there is yet considerable to be rafted.

SHOT, WIFE AND SELF.

Jealousy Goads Husband to Murder and Suicide.

NEW YORK, Sept. 9.—Chas. O'Neill, a janitor, died in a hospital early today and his wife Ida was found dead in their apartments with two bullet wounds in her body. The tragedy followed a quarrel, in which O'Neill accused his wife of having been unfaithful. O'Neill said his wife did the shooting. A proner who went to O'Neill's apartment found O'Neill's empty revolver, but he also found a slip of paper which indicates that O'Neill meant to load and use the revolver before morning. On the paper was written in a man's handwriting: "Three letters on the gas meter will explain all." The letters were addressed to relatives of O'Neill and asked forgiveness for what he was about to do. One of the letters disposed of his property and life insurance to his sister.

FARMINGTON, Me., Sept. 9.—Herbert E. Holbrook shot and killed his wife at their home in Wilton, 10 miles from here, this morning. He immediately gave himself into the custody of the town constable. Holbrook is 30 years old.

NOW A SEA CAPTAIN.

Son of the Founder of the Sackville Borderer.

Speaking of the arrival of the four-masted barkentine Amaranth at that port, 44 days from Japan, the Portland, Oregon, Telegram says:—
"Captain E. Bowes, master of the Amaranth, is an x-printer, having grown up with the trade in his father's shop. But the sea proved more fascinating than the old Washington hand-press, and so the young man one day threw down the printer's tools and joined a gang of jolly tars and eventually climbed the bridge."

(Halifax Recorder.)

The Mr. Bowes above referred to is Capt. Edward C. Bowes, son of the late Edward Bowes, who founded the Borderer, the first newspaper published in Westmorland county, N. B. Capt. Bowes, who is very well known here, left Sackville, N. B., about fifteen years ago and has been successful. His wife and family reside in San Francisco. He is a brother of E. W. Bowes, proprietor of the Carleton House, Halifax, J. A. Bowes, of Dorchester, and Mrs. Amasa Dixon, of Sackville.

Captain Bowes was stopping in Halifax at the time of the queen's jubilee and left just after for the Pacific. Since then he has a wife and four children and has amassed considerable wealth, making a lucky hit in his callings and several very fortunate investments in real estate and other things.

The Amaranth registers 1,000 tons net, has a carrying capacity of 1,300,000 feet of lumber, and is the largest American vessel of her rig. She was built at Benicia, Cal., two years ago by Captain Matthew Turner.

ST. LAWRENCE ROUTE.

Conflicting Statements Made to the London Times.

(Special to the Star.)
LONDON, Sept. 9.—Lloyd's, correspondent of the Times is again directing public attention to the St. Lawrence route. He argues today that a 23 knot service to Quebec would, very often be wasted as regards time, as it would be exposed to disaster, as it proved by one St. Lawrence steamer being wrecked on an average, as against one Halifax steamer per year. He declares that no improvement in navigation can secure immunity from danger.

On the other hand the Elder-Dempster Co. write to the Times today that they completed eighty Canadian voyages during the last three years with out mishap. They express indignation that their ships are charged such high insurance rates as compared with lines to American ports. At the same time they have forwarded a memorandum to the minister of marine at Ottawa, urging immediate remedy of deficiencies in regard to fog signals, buoys, etc.

A WOMAN'S CONSCIENCE

Forced Her to Reveal the Cause of a Man's Death.

CHICAGO, Sept. 9.—A despatch to the Tribune from New Orleans says: A woman's conscience has compelled her to reveal the mystery of the death of Earl C. Lukens, manager of the New Orleans branch of the Eastern Correspondence School. Lukens was believed to have been accidentally drowned on the evening of August 31. On that evening a party boarded the yacht Indian for a sail on the river. On the yacht's return it was announced that Lukens had accidentally fallen overboard and was drowned. His body was recovered two days later. Mrs. Kate Jarreau, the young wife of a travelling man has confessed to Coroner Richards that she pushed Lukens overboard. Mrs. Jarreau said that she had been bantered by Lukens and had warned him that if he kept on she would throw him overboard. He had continued and she made good her threat. Mrs. Jarreau went on to say that she wished to tell the truth about this affair on the night of the drowning but had been prevented by Hans Reid, a member of the party, who had warned everybody that in justice to her good name they should all stick to the accident theory. Mrs. Jarreau is held by the police as a witness. After she told her story a search was made for Reid and it was discovered that he had left the city.

KINGS COUNTY COURT.

Reminiscences of a Courtship—The Taylor Case.

Kings circuit court opened at Hampton this morning. Judge Hanington presiding. One civil and one criminal case were entered.

The civil case is brought by Irvine Murray of Pictou against a lady for return of gifts received from him by her when both were single and "keeping company." Both have since been married. White, Allison & King for the plaintiff and A. B. Copp of Sackville for defendant.

The criminal case is against Samuel Taylor, who is charged with having stolen a railway baggage check. His claim is that the railway lost a trunk owned by him, which had been duly checked and the duplicate check given to him. He entered a claim against the road for the value of the trunk and they have brought the criminal action stated. The judge charged the grand jury rather in the prisoner's favor. White, Allison & King for the crown and Geo. W. Fowler, M. P., for the defence.

The grand jury had not returned at the time this correspondence was written.

There is a prospect of the civil case being settled. If a true bill is found against Taylor the case will be put off till the next circuit.

If either case goes to trial court will be adjourned for a week, as Judge Hanington's daughter is to be married at Dorchester tomorrow.

YOUNG WOMEN PLAY BALL.
They Form a Nine and Defeat a Team of Young Men, 26 to 22.

At Pleasant Plains, Duchesne county, New York, a few days ago, at a picnic, the young women of the Sunday school formed a baseball nine and challenged the young men to put a nine against them. The women had Miss Lent as pitcher and Miss Van Wagner behind the bat. The playing of the women was an entire revelation, and they defeated their opponents by a score of 26 to 22 in five innings, the men declining to play longer.
