Anty Drudge on the Farm.

Mrs. Farmer—"I 'spose all you fine city folks are 'way ahead of us who live in the country." Anty Drudge—'Goodness, no, Mrs. Farmer. I see you use Fels-Naptha; your hands are white and you have plenty of time for reading and music. You can't get ahead of the woman who uses Fels-Naptha, whether she lives in the country or city.'

Do women cling to delusions longer than men? That's an open question. In China, men do the washing and they have been doing it in the same old way for 4,000 years.

In America more than a million women have broken away from the oldfashioned traditions, and have adopted the Fels-Naptha way of washing. That means cold or lukewarm water-never hot-no boiling, no hard rubbing, a saving of time, temper, trouble, fuel, clothes and health.

The Worcester Board of Trade Glee Club, which is to tour Nova Scotia the first two weeks in August, has been organized more than fifteen years. Few changes have taken place in the original organization, and their annual concerts in their home city is as important an event as is the famous old Worcester music festival to which many of the musical people of the provinces go in the fall. The organization was for a long time conducted by J. C. Bartlett, the favorite Boston tenor and teacher, and the critics of Boston do not hesitate in giving the club credit for being one of the best singing organizations in New England. No one was injured, the train coming to a standstill so easily that the passengers were not even shaken up. After two hours' work by the wrecking crew the engine was put back on the rails, the tracks filled and traffic resumed.

Set a Trap to Catch Grain Thieves and Blew His Own Head Off.

ASCUTNEYVILLE, Vt., Aug. 6—Frank Smith, aged 32, of Philadelphia, was accidentally shot and killed on the farm of F. W. Blanchard, in this town today. Early this morning Smith went to the barn and forgetting about the gun, threw open the door and received the full charge of shot in the face. He died half an hour later.
