Automobilists In Glidden Tour This Year To Invade Heart of South and Southwest

Cincinnati the Starting Point and Chicago the Finish of Long Trip
Will Cross Eleven States and Cover Mileage of About Three Thousand Miles.

Will Run Right Through Heart of the Famous Kentucky Blue Grass Region.

AT TOP, GLIDDEN TOUR PATHFINDER CAR ON A "RIVER" ROAD NEAR MAG NOLIA, KY. BELOW, PATHFINDER CAR CROSSING THE MISSISSIPPI AT HELENA, ARK.

Without the blare of drums and rattle of midgets, but with the blare of the automobile horn and the crack of the engine as an accompaniment, the south is to be invaded this year, and the invasion will be by the automobilists who participate in this year's renewal of the Glidden tour.

drivers of the Chalmers "30" pathfinder and the Mitchell Ranger cars learned, and some of them are bad, and when a road in the south is bad, it is very bad, indeed.

The Glidden tour is the blue ribbon American road event. Spiced down with the great "Black waxy" belt where the Texan tells you

anything it is possible to grow any place can be raised, and out into the alkali brush of the western part of the Lone Star state the route leads.

Red Hawk Most Suitable Name For Indian Long Distance Runner—Why Jordan Went to Minor League.

For an Indian long-distance runner, Red Hawk is a most appropriate name. It suggests speed and endurance. It also suggests the past glories of the race—the days of the tomahawk and the warpath.

SPORT HERE AND THERE

Thomas J. Lynch, the new president of the National League, showed conclusively last week that he proposes to rule the league with an iron hand. He not only decided against St. Louis in the protested game with Cincinnati, but called Roger Bresnahan, the manager of the team, to account in a way to leave no doubt as to his position.

It is a peculiar coincidence that Brooklyn should send Tim Jordan back to the minor leagues just as Tim is to go. Jordan is a younger man, but he has won a great reputation as a mighty hitter in the years that he has played for the Superbas, and some of the zest will be gone from games at Washington Park with no Jordan to square his shoulders and send the ball sailing over the fence.

Matly appears to be better than ever this year, and it seems a pity that he should have been robbed of a no-hit game last Monday when the scores disagreed. Witold looks stronger physically than he did a year ago, and he is pitching in his best form; Ames showed in one game that when he is in his best form, he is a great player, and in view of Jordan's injury, there will be few to criticize Dahler.

RUBE WADDELL IS INJURED

Struck on Arm in Game at Boston—Athletics and Cleveland in 12 Inning Struggle—Other Games.

AMERICAN LEAGUE. Boston, May 10.—A single and two-base hits in the 7th inning gave Boston two runs and the victory over St. Louis today, the final score standing 4 to 2. "Rube" Waddell, playing for the first time in three years in this city, started pitching the game for the visitors, but in the third inning was hit on his left elbow by a pitched ball and forced to retire. As the injury was on his pitching arm he will probably be unable to play again for several weeks. An examination will be made to determine if any bones are broken. The score: St. Louis . . . 010100001—3 10 2 Boston . . . 000030000—3 9 2 Batteries—Waddell, Graham and Stephens; Arellanes, Chicote and Carrigan. Time 1:53. Umpires—Egan and Evans.

NATIONAL LEAGUE. At Pittsburgh: . . . 000000000—0 2 0 Brooklyn . . . 000001000—1 6 0 Batteries—Lever and Gibson; Bell and Bergen. Time—1:25. Umpires—Klem and Kavanagh.

EASTERN LEAGUE. At Rochester—Newark 1; Rochester 6. At Buffalo—Providence 2; Buffalo 1. At Toronto—Baltimore 6; Toronto 3.

ENGLISHMEN WILL NOT TAKE PART

Location of St. John Boat Club's Quarters Announced at a Meeting of the Executive Last Evening.

London, May 10.—The committee of the athletic clubs of Oxford and Cambridge universities have sent a joint letter to the Harvard and Yale managers saying that it will be impossible to take part in an international track and field meeting this year.

CAMERON AND CORKERY AT HALIFAX

Halifax, May 10.—Fred L. Cameron, the American amateur champion distance runner, and trainer Tom Trevelyan, together with James Corkery, the Toronto phenomenon, arrived in the city this afternoon. The men are in very good shape notwithstanding their hard race of Monday night and are ready to put up a fast three miles at the Arena tomorrow night.

SOCIETY JUNIORS IN LINE

A meeting of the Junior Inter-Society League was held in St. Peter's Y. M. A. rooms last evening. A schedule of games will be drawn up immediately and the league opened as soon as possible. The league will be composed of teams from St. Peter's, St. Joseph's, P. M. A. and possibly from the Knights of Columbus and St. John the Baptist. The games will be played on the diamond back of St. Peter's church.

AT FOOT OF CEDAR STREET

The chief difficulty of the baseball players this season so far seems to be in securing grounds. No less than four leagues have made application for the use of the E. D. C. grounds. The Clippers and St. Johns have been granted their use every Wednesday and Friday evenings and on Saturday afternoons. The Commercial League have arranged for their use on Mondays and Thursdays. Tuesday and Saturday evenings have not yet been allotted. The Amateur and I. C. R. leagues are negotiating for those evenings, but nothing definite has been decided upon yet.

NEGRO MAKES GOOD SHOWING

San Francisco, May 10.—Jack Johnson's followers are well pleased today with the result of his opening workout yesterday. They saw him stripped, followed his twelve-mile road jog, and many professed to be agreeably surprised over his condition. All were agreed that the negro should have little difficulty in removing surplus weight during the long training interval before the fight, and Johnson's announced intention of taking things comparatively easy for a while is generally commended. Johnson says that his road exercise was the first real work he has done in preparation for his meeting with Jeffries. What he did at Chicago, he declares, was more for the benefit of photographers than for himself.

S. HAYWARDS TAKE TUMBLE TO THEMSELVES

Macauley Bros. surprised the S. Hayward quintette and incidentally themselves on Black's Alleya last evening when they won all four points from the league leaders. The losers were away off in their shooting, while an even 1200 were topped over by the winners. Latham was the high man of the evening with 9123. Sullivan was the goods for the losers with a score of 8513. The figures were:

Table with 2 columns: Name and Score. Macauley Bros. 406 402 392 1200. S. Hayward. E. Smith . . . 77 80 82 239-79 1-3. Patterson . . . 77 79 87 243-81. Brown . . . 80 85 73 218-72 2-3. Latham . . . 93 95 87 275-91 2-3. W. Smith . . . 79 83 63 225-75.

WORKING OUT THE GROUNDS DIFFICULTY

Tom Sharkey, who speaks from experience, says Jeffries will surely beat Johnson. Sharkey says that he has seen two occasions with Jeff and proved to be the bullmaker's sturdiest opponent. Sharkey was four inches shorter and at least 40 pounds heavier than Jeffries in these fights, yet the latter could not score a knockout. In the opinion of Tommy Ryan, who taught Jeffries how to fight, Johnson is the sailor's superior in every respect and ring generalship. Incidentally Ryan asks, "If Jeffries couldn't stop Sharkey in 25 rounds how can he put Johnson away inside of that length of time?"

NEGRO MAKES GOOD SHOWING

To get the proper rating of the professional distance runners one has but to listen to Al Copland for a few minutes. Copland has charge of Hans Holmer, the Canadian, who made a new professional record of 1 hour, 21 minutes, 8 seconds for fifteen miles at a pace which Copland says he is willing to match Holmer against any man for any distance from fifteen to twenty-five miles or the full Marathon distance for that matter. "I understand that a challenge has been sent all over the world on behalf of the Swedes," said Copland. "Well, what do you think of that now. Why, these gentlemen don't have to challenge England or Ireland for a race, for they can get all the running they want right near home. I'll match Holmer against either Lungstrom or Johnson at any distance between fifteen and twenty-five miles and for a substantial purse." The arrival of a Swedish challenge in the Old World did not cause any of the professionals to take to the woods with fear, but instead they only hope that Lungstrom will go across for some races. Not long ago a professional race Price ran the Marathon distance in 2 hours, 40 minutes, 54 seconds at the Powder-hall grounds, Edinburgh, and he has already hinted that he is willing to tackle the Swede or anybody else for a side bet. It was reported that when Price won his race there was a nasty wind and that the actual figures do not show the real merits of the runner. There is a Frenchman named Bouchard who has done 2 hours 36 minutes 18 seconds for the Marathon, and he too is anxious for a race. From what the Englishmen say Holmer with a couple more victories would make the most money over there.

NEGRO MAKES GOOD SHOWING

Ben Lomond, May 10.—Jim Jeffries is nursing a black eye today as a result of his unsatisfactory mill with Bob Armstrong yesterday. Twice his negro opponent's glove marked the fighter's face. An upper-cut scraped the skin from Jeffries' forehead in a spot which had been discovered by a blow from Billy Papke's mitt last Saturday. His lip was also slightly split and bled continually while he and his black sparring partner were pummeling each other. It was a rough bout throughout and none of the cleverness the big fellow displayed in his boxing was revealed. The trainers say that Jeffries' unusually hard road work in the morning was partly responsible for the lack of ginger in his sparring, the fighter having fatigued himself by a steady run of four miles.

The advent of Jack Jeffries supplies another heavy-weight boxer for the former champion.
