## A Talk to Laborers

BUTTER-NUT BREAD is another tribute to the eleverness of skilled labor.

Total Cut In Canada Valued At \$3,464,080 - Montreal Herald Gets \$20,000 in a Few Months.

Ottawa, Jan. 11.—According to statistics collected by the forestry branch of the department of the interior, there were 622,129 cords of pulpwood used in Canada during the year 1909. Of this the total value at the mill was \$3.440.80. In spite of a decline in the price of pulpwood, the value of the wood increased more than \$550,000 over that used in 1808, the quantity used being more than 30 per cent. in advance of that used in the previous year.

60 Pulp Mills.

There are some 60 pulp mills in the Dominion and these reports were received from 50. Half of these mills are in Quebec, one-fifth in Ontario and the rest are located in New Brunswick, Nova Scotia and British Columbia. The Province of Quebec furnished over half the pulpwood. Ontario gave about one-third, while the rest was obtained in New Brunswick, Nova Scotia and British Columbia. Two species of timber, namely spruce and balsam furnished 99 per cent. of the wood used in the making of pulp. Poplar, hemlock and Jack pine were also used.

Three-fifths of the pulpwood cut in

whereby these needs could be adequately met.

All shipments of goods from Canada to the United States of a value of \$100 or over must have attached to them a document from the United States consulate. To obtain that document, it is necessary to pay \$2.50, which, to all intents, is an increase in the regular schedule of duties.

There are no Canadian consuls in the United States, so there could not be any corresponding arrangements.

Bridgeport, Conn., Jan. 11.—The wrestling match between Zbyzko and Nogert, the Boer, was brought to a sudden finish tonight when the latter was thrown from the platform and in falling, struck and broke a rib. Zbyzko secured the first fall in 36 minutes and 45 seconds and they had just come together for the second fall when Nogert was injured and the match was called off.

MORRIS DOES TRICK.

Bartlesville, Okla., Jan. H.—Carl Morris, of Salpulpa, heralded as the "white man's hope" tonight made short work of "Spike" Kennedy of Kansas City, in a scheduled fifteen round bout by knocking him out in the second round. Kennedy was floored four times.

## LATE SHIPPING.

Nearly all this wood went from Quebec. The average price received from it was only 45 cents more than was paid at the Quebec mills.

The status of foreign consuls is dealt with in a return labelled in the Commons today. It is the memorandum of Lord Elgin on the subject, in the Which he läys down the principle that, foreign consuls in England have not claim to precedence, and are treated as foreign residents at state functions. The same rule applies to the Colonies. The matter is of some interest locally, as because of having no place in the list of precedence for presentation, the consuls for some years have refrained from attending the vice regal drawing room. When the subject was before the House, during the present matron and Ensign Wylde, he assistant matron will leave for a weaction and will visit friends in Boston before entering Salvation Army on the Evangeline Home had matering and work.
