**GERMAN CONSULATE A BUSY TIME IN LONDON**

Robert Thomson, who has been im-  
perial German consul for the counties  
of St. John, Charlotte, Westmorland  
and Albert, in this province, has re-  
signed the office.

Mr. Thomson has been consul for  
the long term of thirty-six years. His  
imperial commission was signed by  
the first emperor of Germany, Wil-  
helm, and countersigned by Baron  
Bulow. The royal exequatur is signed  
by Queen Victoria and Lord Derby,  
all of whom have long since passed  
away.

**New Shoe Store.**  
Waterbury & Rising, Ltd., have  
moved from Mill street to their new  
stand in the Russell Building, Main  
street, and with its new front and  
glass inside finish makes it a brilliant  
store. Mr. Jos. Patchell, the man-  
ager, and Mr. Isaac, for 20 years with  
Mr. J. V. Russell, are receiving con-  
gratulations and are ready to meet  
their North End friends and custom-  
ers.

Canadian Pacific steamer St. George  
will leave Reed's Point wharf at 7.30  
p.m. Thursday evening, 6th inst., and  
will make about a three hour cruise  
of the Bay and Harbor. A special  
band of musicians will accompany  
the excursion. Splendid accommo-  
dations for dancing and light refresh-  
ments obtainable. These excursions  
are proving a most delightful outing,  
and the large body of citizens who  
have taken in the cruise speak in the  
highest terms of the beauties of the  
trip, and the splendid entertainment  
features provided.

THE STANDARD, ST. JOHN, N. B. THURSDAY, AUGUST 6, 1914.

## CARVELL ADMITS N. T. R. ROUTE LIBERAL BLUNDER

Prosecution leader makes interesting admission re-  
garding section of Transcontinental in this Prov-  
ince—Interest in charges waning—People seeing  
through blusterer's attempts.

Interest in the Degeal enquiry has  
waned almost to the vanishing point  
during the last few days and practi-  
cally the only persons interested in  
the proceedings yesterday were the  
counsel engaged and the witness. It  
was clearly evident that Mr. Carvell  
had selected a most inopportune time  
for the launching of his political cam-  
paign in this province.

The general public has evidently  
seen through the efforts of Mr. Carvell  
and his associates to make political  
capital out of the charges against  
the members of the government and  
there is a feeling among the general  
public that the greater part of Mr.  
Carvell's activities in connection with  
the case were purely efforts to manu-  
facture campaign material, but the  
attempt has been an utter failure and  
the general feeling yesterday was  
that the game of Mr. Carvell had  
about come to an end.

The sessions of the enquiry yester-  
day were practically void of interest.  
Paul Blanchette and Ralph D. Hoben  
were re-examined in the morning and  
in the afternoon Rory Thompson was  
recalled and questioned by Mr. Car-  
vell in connection with the water  
tanks, stations and other work on the  
railway.

During the afternoon session Mr.  
Carvell referred to the location of the  
Grand Trunk Pipe in New Brun-  
swick as a great blunder.

During yesterday morning the coun-  
sel on both sides expressed the hope  
that the proceedings would be hast-  
ened and that arrangements be made  
so that these different parties could  
bury any political strife and unite for  
the welfare of the empire.

Paul Blanchette continued his evi-  
dence in regard to the accounts, but  
the questioning of the tanks was  
recalled and examined by Mr. Carvell  
concerning the accounts of the tanks.

The construction of tanks was the  
first subject referred to when Rory  
Thompson was recalled by Mr. Car-  
vell. The questioning of the tanks was  
covered by two contracts. Both con-  
tracts were held by Bell, McLaughlin  
and McLean and covered all the work  
excepting those at Fredericton and  
Woodstock.

The stations were also contracted  
for to the company.  
Style A station cost \$2,187, style  
B cost \$1,724 and type C about \$500  
but witness was not sure of this last  
price. These prices were for the  
Fredericton-Gagetown section and  
covered stations and platforms com-  
plete. The freight sheds were in-  
cluded in these station buildings.

Witness said he would be unable  
to tell of water tank contracts until  
he had consulted the documents. The  
tubs were to be of wood and this, Mr.  
Thompson considered, better than  
metal. The tubs were purchased from  
the Canadian Fairbanks-Morse Co.

Mr. Thompson went into details of  
construction of the tanks and also of  
the different station houses, but the  
evidence was all technical. There

**A MORE OPTIMISTIC FEELING**  
**ON WALL STREET YESTERDAY**

New York, Aug. 5.—Developments  
in the financial district today were  
mostly of reassuring character. Bank  
rates declined, and the market was  
inclined to a more cheerful view,  
despite the greater scope of the con-  
flict abroad. Cables from London,  
which was the chief source of the  
European contact, suggested a hope-  
ful outlook in the financial sense, with  
prospects favoring an early reduction  
in the British bank rate.

Wall Street's greatest problem, the  
disposition of the large amount of Amer-  
ican securities brought over by the  
Olympic—found early solution in the  
willingness of the banks to facilitate

**WIFE OF U.S. PRESIDENT IS**  
**NEAR DEATH**

Washington, Aug. 5.—Mrs. Woodrow  
Wilson, wife of the president of the  
United States, lies at the point of  
death tonight.

Four months of almost unbroken ill-  
ness, a complication of nervous ail-  
ments and Bright's disease, have sap-  
ported the vitality of the first lady of the  
land. The end is regarded as a matter  
of days, perhaps hours. Her three  
daughters are at her bedside, and re-  
latives have been summoned.

Physicians have been in consulta-  
tion for days, but it was admitted at  
the White House tonight that hope for  
her recovery had almost vanished.

**GUARDING WIRELESS**  
**STATION AT NEWCASTLE**

Newcastle, August 5.—More sol-  
diers of the 73rd Regiment arrived  
from Chatham tonight. Several hun-  
dred are now guarding the wireless  
station. Civilians are not allowed on  
the wireless grounds day or night.  
The field battery ordered to be ready  
for service.

Montreal, Aug. 5.—Sixteen police-  
men have been placed on guard, day  
and night over the aqueduct which  
carries the city's water supply from  
the river to the pumping stations.

**PAPER MAKERS IN**  
**THE STATES FEELING**  
**EFFECTS OF THE WAR**

Ogdensburg, N. Y., Aug. 5.—Paper  
manufacturers in the United States  
importing pulpwood from Lower Can-  
ada by shipping a barge notified that  
unless special permission is granted  
the service will be suspended until  
the war is over. It is said to be the  
purpose of the Dominion government to  
stop all vessel traffic in the St. Law-  
rence river, east of Montreal, and  
plant the river with explosive mines.

**ORGANIZE BRANCHES**  
**OF WOMEN'S INSTITUTES**

Cummings Cove, Aug. 5.—Here we  
are on Deer Island and considering  
this is our first visit to the Island we  
feel much encouraged and quite con-  
fident that the women will readily grasp  
the object and aims of the Women's  
Institute and will in no time have  
fourishing institutes.

Last evening a meeting was announced  
for 8 p.m., but at 7 o'clock many  
interested folks had arrived and when  
it came time to open the meeting, we  
had an audience of seventy-five or  
more, consisting of men and women,  
boys and girls eager to learn how a  
branch of this organization could bene-  
fit their community.

Miss Jonah demonstrated the mak-  
ing of a School Lunch and the women  
showed their interest in this demon-  
stration by asking many questions.  
She had a modern lunch box with her  
and after preparing the lunch, neatly  
packed it in the box, and passed it  
around for her audience to see.

When it came time for me to give  
the history of the organization, and  
tell what the women in New Brun-  
swick were doing and what the women  
of Deer Island could do, I found that  
my audience was made up of people  
from Fairhaven and Cummings Cove,  
so I informed them it would be only  
a matter of a few minutes longer to  
organize the two Branches, which they  
were anxious for me to do. Thus we  
organized two Branches at the one  
meeting, with the following officers for  
Cummings Cove: Pres. Mrs. Walter  
Beane; Vice President, Mrs. Arthur  
Chaffey; Auditors, Mrs. Moses McCon-  
ald, Mrs. Fremont McNeil.

The first meeting of this Branch will  
be held at the home of the President,  
Mrs. Walter Beane. It was decided  
to hold the meetings on the first Friday  
of each month at 7.30 p.m.

The officers of the Fairhaven  
Branch are:  
President—Mrs. Frank Ferris.  
Vice-President—Miss Addie Calder.  
Secretary-Treasurer—Mrs. Frank  
Calder.

The first Saturday of each month  
at 8 p.m. was the time decided most  
convenient to hold the monthly meet-  
ings and the first meeting will be held  
at the home of the president, Mrs.  
Frank Ferris.

Eighteen ladies gave in their names  
as future members of the Cummings  
Cove Institute and twelve ladies hand-  
ed in their names as future members  
of the Fairhaven Branch, with the  
promise of several more. The men  
were so much interested two joined  
the Cummings Cove Branch.

This afternoon we were also suc-  
cessful in organizing at Lord's Cove,  
the extreme end of Deer Island. Not-  
withstanding the heavy storm near  
the hour of meeting we had a good re-  
presentation of women from this place  
and had no difficulty whatever in or-  
ganizing a branch.

Miss Jonah's demonstration was an  
exceptionally bright one, and for a  
time question after question was asked  
and her on many lines of cooking  
which she readily answered and in a  
very satisfying manner.

The prospects are bright here for a  
fourishing institute, sixteen signifi-  
cantly their intention of joining.

The officers are as follows:  
President—Mrs. P. B. Richardson.  
Vice-President—Mrs. I. G. Shaw.  
Secretary-Treasurer—Mrs. Thos.  
Treacran.

Director—Mrs. Errow Treacran.  
Auditors—Mrs. A. A. Stuart, Miss  
Lizzie Mitchell.

The third Saturday of each month  
at 8 p.m. will be set aside as insti-  
tute night, the first meeting to be  
held in the church hall tonight. The  
meetings we feel much encouraged.  
In fact the report I am sending you  
is far beyond anything we expected.

Yours very sincerely,  
HAZEL E. WINTER.

**ROYAL**  
**YEAST**

**SMALL STORES**  
**IN LONDON ARE**  
**FORCED TO CLOSE**

London, Aug. 5.—Another run on  
the provision stores in London and in  
the provinces occurred today, in spite  
of the government's assurances that  
there was sufficient food to supply  
the population for months without  
counting that on route. Prices again  
jumped, and smaller shops were forced  
to close. In the east and several  
stores where prices had been raised  
were rushed by infuriated women  
who carried off everything they could  
lay their hands on before the arrival  
of the police.

The situation was aggravated by the  
throwing out of work of 250,000 trans-  
port workers through the discon-  
tinuance of freight traffic to the con-  
tinent. It is expected, however, that  
many of these will find employment  
in the army transport service.

The post office is flooded with mail,  
all the services to the continent hav-  
ing been held up.

The American line steamer Phila-  
delphia, which sailed from South-  
ampton for New York shortly after  
noon today, took all the American  
and Canadian mail which had been  
posted up to this morning.

A downpour of rain prevented the  
gathering of any great crowds this  
afternoon, but this evening the streets  
of Whitehall and the West End were  
filled with people eagerly picking  
every scrap of news and cheering at  
the rumored British, French and Bel-  
gian victories.

**SUNDAY AT ST. MARTINS**  
St. Martins has many visitors and  
the churches are already feeling the  
benefit of it by the enlarged congre-  
gations.

Rev. F. Newcome of Fredericton  
preached at the Baptist church. His  
subject was "Influence" and his words  
will be remembered by the large  
congregation for many a day.

Mrs. A. Brown of Boston sang "The  
Holy City" with great effect, being  
ably accompanied by the Rev. Mrs.  
Newcome.

The Methodist church, the Rev.  
E. E. Fyche took charge of the ser-  
vice. The congregation filled the  
church. The pastor preached with  
great earnestness on "David's repen-  
tance and prayer for restoration."

Miss M. Manchester (rumor says  
conductor of J. D. Roddell) of Prov-  
idence, Rhode Island, sang "The Pil-  
grims" by Oley Speaks, and was much  
appreciated by all.

The Presbyterian minister, Rev. Mr.  
Richie preached before a large con-  
gregation and his discourse was en-  
joyed by all. His discourse was en-  
joyed by all. His discourse was en-  
joyed by all.

At the Episcopalian church the Rev.  
Mr. LeRoy preached two sermons  
which were very helpful to all that  
heard them.

Washington, Aug. 5.—President Wil-  
son has offered his good offices to all  
the European powers involved in the  
war.
