Successful Event at St. Andrew's.

Last evening the lovers of good music in the Twin City again enjoyed the privilege of hearing a splendid program.

It was in the form of a grand organ recital in St. Andrew's Church by Prof. Henry Eason, A.R.C.O., Stratford, who was assisted by Mrs. Treva Mander Smith, contralto, Woodstock.

The entertaining artists are a pronounced success in their respective spheres and the hopes of many attendants were realized. The big piped instrument was manipulated in a way by Prof. Eason that brought forth the keen appreciation of the audience.

The singing by Mrs. Smith was equally worthy of note. She is a marvel with her voice and the audience was delighted with her numbers as with the organ selections. A clear sweet voice, which carries well to all parts of the auditorium, held the hearers spellbound.

The selections also showed a good choice and were cause for a sense of satisfaction.
