

THE PROVISIONAL DIRECTORS OF THE HOUSING COMPANY

A Strong Personnel of Citizens on the List of Members Which Now
Numbers Over Seventy and Is Being Added To.

WILL START TO BUILD NEXT WEEK

The announcement of the provisional directors of the housing company that is being organized in the city is made to-day.

Information was furnished on the request of the Record by Mr. Roy McEachern, salesmanager of Messrs. W. N. McEachern and Sons, Ltd., community builders.

The provisional directors are as follows: Ald. George J. Lippert, Ald. A. Schreier, Assessment Commissioner Mr. Huehnergard, Norman C. McEachern, vice-president of Messrs. W. N. McEachern and Sons, Ltd., community builders; Walter Hartung of the City Planning Commission, ex-Mayor Carl Kranz, Oscar Rumpel, of the Oscar Rumpel Felt Co., Ltd.; George Schlee, of the Kitchener Buttons Ltd.; Mayor Gross, C. A. Ahrens, of the C. A. Ahrens Shoe Co. Ltd., H. J. Sims, city solicitor.

A start on building houses will be made at the beginning of next week as stated yesterday. The organization has received the co-operation of several scores of citizens, representative of manufacturers, professional men, merchants and others. Many more are joining the list which now numbers about seventy. A charter is being applied for.

The company will build houses of the latest designs and models, which will be a good start for next year. But the houses which are to be put up immediately will not be the limit in design which the company will use. On the contrary they will build according to the tastes and preferences of prospective purchasers of houses, who will become owners instead of tenants. If a person has a particular plan they will build according to it.

An announcement on the district in which the company will build will be made later.

A FEW SPARKS

Galt, during the past year had a decrease in population. The reason given is that many foreign families have left the city. We did not think the city was so unattractive that so many people would run away from it.

The old Wellington, Grey and Bruce railway which was operated for a few years several decades ago is recalled, by the possibility of the proposed Hydro Radial Railway, from Hamilton, using the old route of that line between Preston and Blair District.

The necessity of getting more industries here which employ male help is apparent when the acute demand for female help is considered. For example it transpires that the cash company which has decided to locate in Brantford some months ago when its representatives were here decided absolutely and finally that they could not locate here, no matter what the inducements, owing to the shortage of female help.

December 1st is the limit of the time allowed competing architects for submitting plans of the proposed new college and technical school building.

108th Men to Be Out
The 108th bandmen are requested to be at the hall at 7.15 this evening for the victory loan parade.

Last evening the Fats and the Lenns of the Knights of Columbus had a trout at indoor baseball at St. Jerome's gymnasium. Mallek and Rooney were the batter for the Fats and Fehrmach and Cooper for the Lenns, who won 9 to 8. On Monday night the next workout will be held by the St. J. C.

While two of the new street cars purchased from the Cleveland Street Railway by the local Commission have been put into shape the stoves must first receive attention before they can be put on the line.

The white paint on West King St. blocks is brightening the west end of the business section of the city.

Smallpox Spreading
Dr. McCullough, provincial health officer, stated yesterday that the smallpox epidemic in Ontario appeared to be the worst at Woodstock, Stratford, St. Catharines, Woodbridge and Mount Dennis, although the widespread demand for vaccine clearly indicated that the disease was fairly widespread. It was stated last night that Toronto had 98 smallpox cases on its hands.

68,934 IN SIX MONTHS

OTTAWA, Nov. 8.—Immigration to Canada from all countries increased in September of this year by 285 per cent, in comparison with the same month in 1918. Nearly all the new arrivals this year come from the United Kingdom and the United States. From April to September, 1919, the total number of persons from the United Kingdom entering Canada was 68,934. From the United States, 51,237, and from other countries 3,457, making a combined total of 68,934.

Building permits will number more this month than last if the present rate of issuing them is kept up.

Mr. W. H. Breithaupt, C.E., chairman of the City Planning Commission, will attend the Waterways Convention in Windsor on Nov. 18th and 19th, leaving tonight to act as the delegate from this city.

TO RING BELL

Mayor Gross to-day stated he would probably have the bell ring on Tuesday morning, at the proper time, to remind citizens of the first anniversary of armistice day.

MANY RADICALS SEIZED

NEW YORK, Nov. 8.—About 500 men and women, suspected of plotting violent demonstrations throughout the country to-day in commemoration of second anniversary of Russian soviet government, have been seized in 14 cities, and most of them will be deported.

MUST WITHDRAW STRIKE ORDER TO END INJUNCTION

Postponement of Injunction Hearing Generally Expected.

WASHINGTON, Nov. 8.—Efforts by Samuel Gompers to settle the coal strike were met by an emphatic declaration from the government, that injunction proceedings would be dismissed the instant the strike order was withdrawn—and not before. The hearing on the restraining order, set for today in the federal court at Indianapolis, will most likely be postponed "without prejudice to either side."

EGG PRICES REMAIN FIRM

Limited Supply of Fowl Offered.

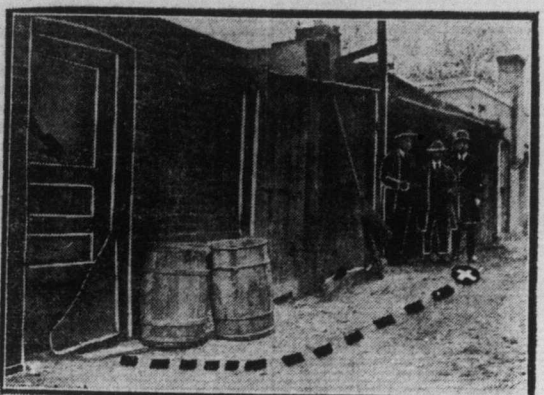

The market this morning was attended by many citizens and vendors. Prices remained firm all the way through. Eggs sold at 65 cents on the average. Butter at 60 cents. Chicken 28 cents and upwards. Ducks 32 cents and 33 cents; geese, 35 cents. A limited supply of potatoes was sold at \$2.15 and upwards per bag; a few apples were offered. Northern pines by the barrel selling at \$6. Hay sold at \$26 and \$27 a ton, only a few loads being offered.

A Fine Record.
A poultry record which is a credit to the owner of the birds, that of Mr. J. Helm. At the Hamilton show he took one first and three seconds with his birds Buff Leghorns. This being the first year in the work for Mr. Helm, who was overseas. The success with his birds is particularly worthy of note.

900 Houses Needed in Guelph
James Goyan, provincial architect for the Ontario Housing Commission; J. W. Siddall, his assistant, and R. Ball, town planner, were in Guelph this week inspecting the houses now being erected by the Guelph Housing Commission, and also to get first-hand information regarding the need for building 900 houses here in 1920.

It was announced that in the event of these houses being gone on with, J. Siddall would come here and devote his whole time and attention to the proper erection of the houses. The Government officials intimated that there would be no difficulty in securing the necessary money. It is believed that 900 houses will be required in Guelph by next year, and if this number were erected, the cost would be in the neighborhood of \$3,000,000.

The smallpox epidemic in Woodstock is on the increase.

WHERE CONSTABLE WM. MILTON OF TORONTO WAS SHOT IN THE DARK—This is a photograph of the lane in rear of 364 Yonge street, where Police Constable Wm. Milton was shot. It shows how the terribly injured officer dragged himself along the lane until he reached the rear door of the Chinese laundry at Yonge and Walton streets, through which he was able to throw a piece of wood and summon aid.

THIRTY BRAND NEW TROUBLE KILLERS GERMAN REPUBLIC IS ONE YEAR OLD

TORONTO, Nov. 8.—The November crop of young lawyers for the province of Ontario numbers thirty according to a list at Osgrade hall, of men who will be called to the bar on November 20.

The list is as follows: R. B. Law, E. G. Joy, A. J. Donnelly, N. H. Treadwell, R. H. Healey, C. C. Calvin, R. Lieberman, J. S. Plouffe, H. Pedley, A. C. Stewart, H. C. Cameron, A. M. Latchford, P. H. Chrysler, H. Thompson, C. C. Martin, J. Hilley, H. G. Keen, S. M. Smith, S. J. Dubois, J. O'Reilly, O. A. Stewart, O. H. Wood, J. D. Pearlstein, H. Fox, W. MacDonald, J. A. Ryan, F. R. Marshall, T. K. Creighton, J. L. Bishop.

BRITAIN NEEDS CANADIAN GOODS

TORONTO, Nov. 8.—Montgomery, formerly M.P. for Centre Somerset division of the British Parliament, is in Toronto in connection with an exhibition of Canadian manufacturers to be held in London, Eng., shortly. The exhibition is a strictly business one and is aimed to get the British buyers and the Canadian manufacturers together.

"The British people cannot buy from Germany and they are looking to Canada," said Mr. Montgomery. "There is a field of the most tremendous importance both to Britain and Canada in this exhibition, which will last for a fortnight, from June 3 to 17, next year."

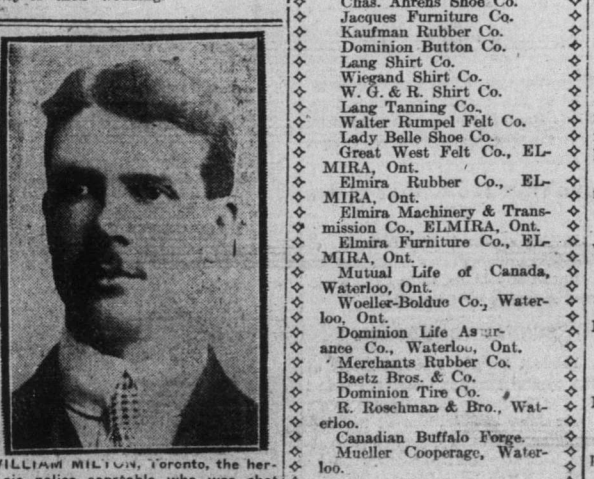

Buildings are the need of the hour in England according to Mr. Montgomery, who says that the century old restrictions are going by the board and that the wooden house has arrived in England. "Other materials cannot be obtained, and so the restrictions which made a wooden house almost impossible have been removed and we are going to have these homes in England now."

One of the purposes of his trip to Canada is to study the Canadian lumber question. Hitherto it has not been possible to use Canadian lumber to any great extent in England, and a wide field for the development of this industry is in sight.

S. R. M. PROBE BEGUN

TORONTO, Nov. 8.—Decks are cleared for a sweeping investigation of the activities of all subsidiary companies amalgamated to form the defunct Standard Mortgage Corporation. The Journals, ledgers and other records of seventeen years of active business came into prominence at the judicial probe and were the subject of much scrutiny. Nearly a score of formerly well known companies are involved, and the probe will in all probability last several weeks.

Gordon Taylor died as the result of injuries received on his father's farm near Tilbury. Mr. and Mrs. A. L. Murray, of Embro, celebrated the 58th anniversary of their wedding.

WILLIAM MILTON, Toronto, the heroic police constable who was shot and probably fatally wounded.

THE CITY WAS BOMBED AT 2.30 THIS AFTER-NOON

The city is to be "bombed" to-day at 2.30 o'clock this afternoon a Toronto aviator will hover and manoeuvre over the city. He will drop one class of bombs from 2000 ft., however, there will not be any rush to get out of the danger zone. The five \$1000 Victory Loans are the latest bombs to be used which may be picked up by any one who is not afraid. And there will be few anxious to get out of the zone.

The proposed stunt is arousing considerable interest throughout the city. The aviator's military manoeuvres and exhibition also will prove interesting.

THE PENNY BANK A POPULAR IDEA

REPORTS RECEIVED ARE GRATI-

The Penny Bank system in vogue in the Public Schools of Canada is an innovation that has been the means of teaching the pupils the necessary art of saving and conserving thereby helping their country and at the same time systematically building up a bank account and receiving for the pennies saved interest at the rate of 3 per cent. Reports have just come to hand showing the standing of the schools in Ontario as at June 30th, 1919, and the reports are indeed most gratifying. Kitchener schools alone 1192 accounts with an aggregate balance of \$3776.33. This is made up as follows:—Courtland, 215 accounts, aggregate balance \$471.83 King Edward, 201 accounts, aggregate balance 550.16 Margaret Ave., 289 accounts, aggregate balance 554.91 Suddaby, 231 accounts, aggregate balance 686.64 Victoria, 256 accounts, aggregate balance 1,312.79 The average monthly deposit made by each pupil attending school during the months of May and June is 15c, made up as follows: Courtland 15, King Edward 13, Margaret 13, Suddaby 13, Victoria 13. By means of comparison the following are the totals for the past 3 years: 1917—May 172.60; June 111.88. 1918—May 192.70; June 101.40. 1919—May 290.14; June 253.93.

NEW DEFINITION FOR WORD LABOR

Peru Delegate Offers Wide Resolution—Ecuador Wants Compulsory Work and Claims Greatest Freedom.

(Special to Record.)
WASHINGTON, Nov. 8.—From distant Peru comes a definition of the word "Labor." Mr. V. S. Gonzalez Bases, the employers' delegate, has given notice that he will move a resolution to define labor as "Every human effort physical or intellectual tending towards production, transformation, distribution, accumulation and consumption of wealth, whether its compensation is termed wages, salaries or fees." He does this so that all labor will be protected in the same way by the recommendations or resolutions of this conference. In a gathering such as this, it is easily understandable that the very increasing ideas will be present, from the various countries where industrial development has so many phases.

From Ecuador comes a proposal that the conference take up the question of compelling everyone to work. The government representative from Ecuador stated that he came from the freest country in the world and he gives his reason, because in Ecuador it has never been known for a journalist or a newspaperman to be interfered with for writing anything, or ever taken to court for it, or thrown into prison. None of the great number of newspapermen at this conference, as far as is known, have started for Ecuador.

DRURY CABINET NEARLY COMPLETE

(Special to Record.)

TORONTO, Nov. 8.—Report has it that E. C. Drury, U.F.O.-Labor leader, whose occupation for the past week has been the selecting of a Government for his native province, is anxious to get back to his farm and tackle the threshing. This desire will likely see its fulfillment within the next three or four days.

The cabinet is now said to be complete except for the Attorney-General. In this connection the choice has narrowed down to three prominent Ontario lawyers, among them W. F. Nickle, ex-M.P., of Kingston.

The constitution of the cabinet will most probably be: Premier, E. C. Drury. Minister of Agriculture, Manning W. Doherty. Provincial Secretary, R. H. Grant. Provincial Treasurer, Peter Smith. Minister of Public Works, F. C. Biggs. Minister of Labor, Walter Rollo. Minister of Education, H. C. Nixon. Minister of Lands, Forests and Mines, Beniah Bowman.

There is a decrease of 124 in the population of Galt. Galt assessment returns show an increase of \$57,701.

TIRED LEGISLATORS WILL SOON BE HOMEWARD BOUND

Parliament's Joke Session Brought Serious Business and Bitter Discussion.—Prohibition Bills and Supply Still Remain.

GRAND TRUNK PURCHASE RATIFIED

Ottawa, Nov. 8.—Prorogation of the present special session of Parliament once more appears in sight. Nearly a month ago it seemed as if the deliberations of the legislators who had ratified the treaty of peace between the allied powers and Germany were nearly at an end. The Grand Trunk purchase and the demand for additional soldiers' gratuities turned the so-called "joke session" into one at which important and difficult problems had to be met.

The Senate by passing the Grand Trunk purchase legislation and the Commons by its action on the report of the special committee on Soldiers' Civil Re-establishment yesterday disposed of both these questions. The Government's two prohibition bills remain to be dealt with. These may be met in the Commons by some objections from a few Ontario members, but it is said they will not be seriously fought by Quebec members. Some estimates have yet to be discussed and the Opposition may avail

VICTORY LOAN KEEPS ON RISING

Totals of applications officially reported are as follows:
TORONTO \$ 68,354,300
ONTARIO 171,315,450
Other Provinces:
British Columbia 12,440,840
Alberta 6,022,650
Saskatchewan 4,970,550
Manitoba 14,793,800
Montreal \$55,087,300
Quebec 10,626,100
New Brunswick 65,707,400
Nova Scotia 4,170,500
Prince Edward Island 536,100
Total for Dominion \$287,963,040
The above totals represent reports from the Provinces of British Columbia, Alberta, Saskatchewan, Manitoba, New Brunswick, Nova Scotia, and Prince Edward Island up to Wednesday night; from Quebec and the city of Montreal up to Thursday night, and from Ontario up to Friday night.

ERIE, PA., Nov. 8.—Prominent Canadian Railway executives and engineers, with representatives of many railroads of the United States have witnessed here some spectacular trials of a new gearless electric passenger locomotive.

NEWEST ELECTRIC MOTOR A WONDER

Wins Tug-of-War with Two Powerful Steam Locomotives.

The Great Lakes Paper Company is to commence immediately the erection of a huge plant costing between \$4,000,000 and \$5,000,000, just east of Port Arthur city limits. The plant is to consist of a groundwood mill with an annual output of 30,000 tons, a sulphite mill, annual capacity 7,500 tons, and a newspaper paper mill of 2,320 to 2,500 tons annual output. Power from the Hydro-electric plant at Nipigon will be used, from 12,000 to 15,000 h.p. being contracted for delivery at the plant at a cost of \$17.50 per h.p., by Dec. 31, 1920.

Engineers headed by Hardy Ferguson of New York are to be on the ground within a few days. Foundations will be commenced at once if weather permits. The plant is to be in full operation by June, 1921.

The personnel of the company is: Lewis L. Alsted, President; Combs Locks Paper Co. Wia; George Seaman, President Seaman Paper Company, Chicago, and James Whalen, President, Port Arthur Shipbuilding Company.

The firm is to employ thousands of men in construction and operation. A site of 100 acres has been given free by J. J. Carriek out of his 600-acre holdings immediately east of Port Arthur.

A FEW SWEEPINGS FROM THE VICTORY LOAN "CLEAN-UP"

(By Dinty Moore)

Little bonds of fifty, Little bonds of one, Make the mighty Victory Loan The gears as won. Then the little Dollars Humble though they be Make our splendid country Safe for you and me.

Well we kind a thought them there employees what works down to the little shop called the Dominion Tire was wise to what they call a "Nobby Buy" and between me and you they ain't no use gabbin' them guys showed they was birds when it come to subscribing for the Victory Loan. Can yah imagine it? Over the top 100 per cent. Gee what a bunch of kale (With apologies to Mr. Ring Lardner).

The meeting at Elmira the other night brought results. A salesman had canvassed a man and was told that he had no money BUT after the meeting a \$1,000 was purchased by this "Doubting Thomas."

Don't be a slacker, Be Jack Canuck's backer.

Once in a while Dinty dreams dark blue dreams. He dreamed one yesterday about the Phonola Co. M. E. L. mira not going over the top. Gentle reader he is absolutely wrong and very sorry. They ARE going over the top with a rush.

Payment is sure—When Bonds mature.

There once was a fellow called Don Who was great on writing 'em down His partner the Doc Never works by the Clock, They never are seen with a frown.

I just heard one of the best stories to-day that I have heard for a long time. It's just a little bit "Racy" for this Column but then I've been

DAILY GLIMPSES

Into Industrial Movements in Other Cities.

General Electric Buys Mooney Plant, Stratford.

The Canadian General Electric Company has purchased the building formerly used by the Mooney Biscuit Company Stratford, and will install machinery for the manufacture of electrical appliances. The firm will employ 100 hands to start and the executive offices will be in Stratford.

PORT ARTHUR GETS PAPER MILL.

The Great Lakes Paper Company is to commence immediately the erection of a huge plant costing between \$4,000,000 and \$5,000,000, just east of Port Arthur city limits. The plant is to consist of a groundwood mill with an annual output of 30,000 tons, a sulphite mill, annual capacity 7,500 tons, and a newspaper paper mill of 2,320 to 2,500 tons annual output. Power from the Hydro-electric plant at Nipigon will be used, from 12,000 to 15,000 h.p. being contracted for delivery at the plant at a cost of \$17.50 per h.p., by Dec. 31, 1920.

Engineers headed by Hardy Ferguson of New York are to be on the ground within a few days. Foundations will be commenced at once if weather permits. The plant is to be in full operation by June, 1921.

The personnel of the company is: Lewis L. Alsted, President; Combs Locks Paper Co. Wia; George Seaman, President Seaman Paper Company, Chicago, and James Whalen, President, Port Arthur Shipbuilding Company.

The firm is to employ thousands of men in construction and operation. A site of 100 acres has been given free by J. J. Carriek out of his 600-acre holdings immediately east of Port Arthur.

getting away with some pretty "raw stuff," so here goes:

An Irishman was spending a few days in New York, and in seeking amusement he fell into a cabaret. A rather handsome woman—Oh he'll there goes the "fame." I'll see you to-morrow. Another Factory over the Top I guess. The story can wait.

Good-Night. The Mayor just sprang one on me and wha d'ya think he Employees bust loose with 105 applications for \$42,700 giving them the Honor bar and a flock of crows to boot. He helps lead the town in more than one way.

Please to remember The fifteenth of November, The last of the Victory Loan Know of no reason Why gun-powder and treason Should ever be forgot.

For the benefit of the "Hiliterate" members of the Victory Loan Organization in North Waterloo (fellows like Tate and Kaplanaky, for instance), I may say that the above verse was written in memory of the present Campaign. Not that it will mean much to you gentle reader but these birds will get the drift. All right Dinty. All right Moore.

I claim the record. Coming into Baden last night in my car with a load of applications I successfully killed two crows by a skillful "carom" off the black to the red, and both severed. All opposition to the Loan in Wilmet Township is now "cowed."

Maggie just called me on the phone. Gotta beat it boys. Good night.

Don't forget that Employees week continues next week better known as the "Mop Up."
