Bellows, Nov 16th 1907.

Re architect for Christ Church

Sir:-

On receipt of your favor dated 20th Sept. 1907 No 172144 I mailed it to Messrs. Power & Son Kingston on 27th Sept. last and asked them to give me all the details & explanations required by the Department.

Now I have their letter dated 13th inst. returning the official letter I sent them & the statement of travelling expenses in detail which I now attach to the vouchers heretofore sent to you.

Messrs Power & Son say nothing about the 5% they charge on the \$170.55 over the contract prices; but there were some extras paid for in all about that sum & I am told it is usual for architects to charge the percentage on the extras.

Wals got \$5.00 for extra steps -
Mils " 75.00 " painting seals.
Clergy Sub & Robert 72.00 " and Hargis
Price was 18.55 or thereabouts.

I herewith enclose vouchers against statement in detail of travelling expenses as sent to me attached.
