

CUTLINE OF THE OBJECTS OF THE SOCIETY.

THE *Royal Statistical Society* was founded on the 15th of March, 1834, in pursuance of a recommendation of the British Association for the Advancement of Science, its objects being the careful collection, arrangement, discussion and publication of facts bearing on and illustrating the complex relations of modern society in its social, economical, and political aspects, especially facts which can be stated numerically and arranged in tables; and also, the formation of a Statistical Library as rapidly as its funds would permit.

From its inception the Society has steadily progressed. It now possesses a valuable Library of about 50,000 volumes, and Reading Rooms. Monthly meetings, which are well attended and cultivate among its Fellows an active spirit of investigation, are held from November to June. The Papers read at these meetings, with an abstract of the discussions thereon, are published in the *Journal*, which now consists of eighty-one annual volumes, and forms of itself a valuable library of reference.

The Society has originated and statistically conducted many special inquiries on subjects of economic and social interest, of which the results have been published in the *Journal*, or issued separately.

The Society is cosmopolitan, and consists of Fellows and Honorary Fellows, together forming at the present time a body of about *eight hundred* Members.

The annual subscription to the Society is *Two Guineas*, and at present there is no entrance fee. Fellows may, on joining the Society or afterwards, compound for all future annual subscriptions by a payment of *Twenty Guineas*, and after the payment of twenty-five annual subscriptions by a payment of *Ten Guineas*.

The Fellows of the Society receive gratuitously a copy of each part of the *Journal* as published, and have the privilege of purchasing back numbers at a reduced rate. The Library (reference and circulating) and the Reading Rooms are open daily for the convenience of Members.

Nomination Forms, with any further information, will be furnished on application to the *Secretary, Royal Statistical Society, 9, Adelphi Terrace, Strand, London, W.C. 2,*
