GOSSIP.

Mr. H. J. Davis, Woodstock, Ont., importer and breeder of Shorthorn cattle and Yorkshire swine, makes a change in his advertisement, in which he offers for sale imported cows and heifers, and Canadian-bred bulls, cows and heifers of choice breeding. He recently received from quarantine a fine importation of Large White Yorkshires from the celebrated herd of the Earl of Rosebery, Dalmeny Park, Edinburgh. They are all of the most improved type, and the sows are all due to farrow shortly. Has also a couple of good young bulls, due to leave quarantine next month. They are of the best breeding, and the animals themselves are of the sort for herd-headers.

GOOD SHIRES AT AUCTION.

Walter Harland Smith announces an auction sale of registered Shire stallions and mares, including prizewinners in Toronto, October 7th. This consignment is the property of S. George Mackness, Abington Lodge, Weston Favell, Northampton, England. Every animal is young and of good quality. Note the advt., and write Mr. Smith, the Repository, Toronto, for a catalogue.

SMITH & RICHARDSON'S CLYDE FILLIES.

There should be no reason why one looking for good fillies should not find something to his liking in the new importation of Smith & Richardson, Columbus, Ont., for both the modern, big, rangy type and the older blocky form are well represented in the lot. Then, there is one, Salome 5th, a two-year-old, that combines both types. Rosaline, a big, breezy-looking two-year-old, is of the modern type. She carries herself well, and her bone and feet will stand the closest inspection. She was bred by John Wilson, of Tinwald, and was sired by Sir Mark (10648), by Fortune Still (9752); dam by Darnley (222). For dam he has Lady May (14879), by King of Kyle 10213, and his granddam was Sunbeam, by Lord Lyon. Miss Wilson (4775), Vol. 26, another two-year-old, is after the same type as Rosaline. She was bred by Peter Wilson, Muirside, Holyrood. Her sire, King of Kyle (10213), was by Prince of Kyle, by Prince of Wales, out of Mysie, by Darnley; and her dam, Jenny of Muirside, was by the noted Prince of Currachan (8151), by Prince of Wales. Miss Wilson is now in foal. One of the outstanding fillies is Lady Sally. She shows a splendid top with a good front, and excellent feet and legs. The Dean (10978), by Royal Gartley (9844), was her sire, and on the dam's side there is Lady Grace (14114), by Scottish Standard; grandam Lady June, by Henry Irving (4440). Then she follows the same line as Rosaline, through Sunbeam, by Lord Lyons and Trim (939), by Sir Colin (1299). The low-set, solid type of Clyde is exemplified in Madge of Hallcroft (4176), a two-year-old. She promises to be a useful mare if mated with horses of considerable size and good action. There is little lacking in the quality of her bone, and she moves straight and clean. She is now in foal to Locomotion, of the same importation. Madge was sired by Ornament (10603), and he by Baron's Pride (9122). Her dam was Ursula (13985), by Flashwood's Best (9211), by Flashwood (3604), own brother to the great McGregor, and got by Darnley (222). Salome 5th (4777), the combination type of filly, is one of the most attractive just at present. She has a very nice top, and is not wanting in quality of underpinning. She is now in foal to Campaigner, the massive two-year-old of the new importation. Her sire is Count Cedric of Glasnick (11018), by Prince Cedric (1087), by Prince of Wales, and her dam is Salome 4th (13920). The junior filly of the lot is Lady Minto, a yearling. She is of the rangy, clean-acting type, and of choice breeding, and will grow into a big one. Besides these imported fillies, there are several very useful Canadian-bred females in the Columbus stables, which can be bought at right prices.

A GREAT REPUTATION

has been won by "RAPID-EASY" GRINDERS

They do more work with same power than other machines. They do first-class work. In sizes suitable to all powers. Mention power you intend to use, and we will give you full information and advice. A fine Lithographic Hanger on application.

"I do not think there is ANY OTHER Grinder that runs SO EASY as the 'RAPID-EASY'." R. BOWMAN, Elcho, Ont.

"The No. 2 Grinder (10-inch plates) I got from you a month ago is MOST SATISFACTORY. We use a 15 horse-power engine, and run the machine nearly 3,000 revolutions per minute. We can grind 50 BUSHELS of grain PER HOUR, and grind it into FLOUR. The plates wear well, as we are using the same ones as were on the machine when we got it, and we do a LOT OF CUSTOM GRINDING." H. G. COOMBER, Cumberland, Ont.

"I am using one of your No. 3, 10-inch 'RAPID-EASY' Grinders, and do not hesitate to say that it is giving every satisfaction. I have had considerable experience with flour grinders, and believe your 'RAPID-EASY' Grinder does more work with the same power than any other machine. IT IS THE BEST GRINDER ON THE MARKET TO-DAY." JACOB H. ZINGERICH, Tavistock, Ont.
