MINSTER HOLSTEINS AND YORKSHIRES.

About five miles from Hastings station, Northumberland County, is Minster Stock Farm, the property of Richard Honey, the well-known breeder of Holstein cattle and Yorkshire hogs. The high-class character of the Minster Holsteins and Yorkshires is too well known to need much comment. The main foundation cow of the herd is the great Queen of Minster, whose milk record is 84 lbs. a day for 30 days. She was never officially tested for butter-fat, which certainly was a mistake, for, without a doubt, she would have made a record up among the gilt-edged ones. The major part of the herd to-day are daughters, grand and great-granddaughters of hers, several of which are now in the Record of Performance, and passed with a wide margin, notably Snowflake, who gave 2,792 lbs. milk and 87 lbs. butter-fat more than the required amount, and Queen De Kol of Minster, who gave 1,940 lbs. milk and 45 lbs. butter-fat more than was required to qualify. They are an exceptionally big, strong lot of cattle. The stock bull is Prince Posch Calamity Bleske, sired by Prince Posch Calamity, a son of the famous Calamity Jane, whose record of 25 lbs. 1 oz. butter in seven days was phenomenal in her day. His grandam on his sire's side was the noted Alta Posch, whose two years and eleven months' record of 27 lbs. 1 oz. was the sensation of the day. The dam of Prince Posch Calamity Bleske was Bleske Aconeth, whose 2-year-old record was 12.45 lbs. butter and 317 lbs. milk in seven days. Her sire's dam was Bleske 2nd (Imp.), whose milk record was 81 lbs. in one day, and 10,144 lbs. in six months. Few bulls are better bred on producing lines. He is two years old past, is safe, sure and quiet, and as his heifers will be of breeding age another spring, he is for sale; a high-class stock bull for someone, easily got. In young bulls, there are six. One is out of Queen De Kol of Minster, now in the Record of Performance, milk record 9,400 lbs. as a 2-year-old, butter-fat test 4 per cent; one is out of Yongste Maud, a 70-lbs.-a-day cow; one is out of Snowflake Queen De Kol of M., in the R. of P., milk record 13,292 lbs., test 4.08 per cent; the others are out of cows equally as good, and winners wherever shown. All are sired by the stock bull. In age, they range from six to eight months; a most desirable lot of young bulls. A female or two could also be spared. The Yorkshires are strictly up-to-date in type. Toronto first-prize winners have been bred in the herd. The excessive demand has run the stock of salable age pretty low just now. There are a number of both sexes, about two months of age, coming on, orders for which are being booked.

J. & D. J. Campbell, of Fairview Farm, Woodville, Ont., ordering a change in their advertisement of Shropshire sheep, write: "We are sold out of all the rams we care to part with except a few in preparation for showing at the Chicago International. The Canadian trade in Shropshires has been very good, American trade a blank, because of quarantine. Lots of orders from old customers of many years' standing, but the 30-days' delay cancelled them. We intend showing thirty head at Chicago, and think, with the exception of one section, they are the best we ever put before the public. Our first-prize and champion ewe, first-prize ram lamb, first-prize ewe lamb, and the winners of highest honors in open flock, with second in flock bred by exhibitor (a different flock from the open-class winners), with first and second on yearling wethers—the only age of wethers classified—and every sheep and lamb bred at Fairview, we think was the making of a new record at Toronto's great fair. All have gone on to our entire satisfaction since their return from the fall round. Nearly all had for dam the get of one of our grand champion rams, and the other champion was the sire, a combination giving us wonderfully good results. That is the line of breeding in the two-shear ewes we offer, every one of which has proved a superior breeder. Our flock has this year, as in the past, proved

THIS TELLS THE STORY.

71 Beaver Hall Hill, Montreal, P. Q., Sept. 30, 1909.

Troy Chemical Co., Binghamton, N. Y.:

Gentlemen, Some time ago I wrote you and obtained your remedy for my Brazilian mare, "Mollie," whose tendons were in bad shape for past year, and am pleased to report that she is sound as a new-milled dollar, standing all kinds of hard road work. I have also given your remedy a thorough trial otherwise. In five weeks one bottle removed a bad bunch from her d ankles of a matched pair of chestnuts, which had resisted under competent veterinary treatment here for seven months. Said team sold and went to Burlington, Vt. Killed lameness in bone spavin on horse and two splints from another subject all for \$5.00. Respectfully, R. VARIAN.

\$5.00 a bottle, with legal written guarantee or contract. Send for copy, booklet and letters from business men and trainers on every kind of case. Permanently cures Spavin, Thoroughpin, Ringbone (except low) Curb, Splint, Capped Hock, Windpuff, Bone Boli, Injured Tendons and all lameness. No scar or loss of hair. Horse works as usual.
