

TROUT CREEK HERD OF SHORTHORNS

IMP. SPICY MARQUIS (80032) = 36118 =.

Spicy Marquis (imp.), bred by W. S. Marr, first at London, 1901, first and champion at Toronto, 1902, at head of herd, assisted by Baron Beaufort, bred by Lord Lovat, of his famous Broadhocks family. This is the highest-priced Scotch Shorthorn bull imported to Canada. This herd in 1901 was awarded ten championship prizes out of a possible fourteen. They were exhibited at Toronto, Ont.; Pan-American, Buffalo; New York State Fair, Syracuse, and Illinois State Fair, Springfield, and gained first prize at each place. They were only exhibited at Toronto in 1902, and were awarded first prize, also championship for senior bull and female. Seventeen of the awards given to Shorthorns at the great International at Chicago, 1901, were on cattle formerly owned at Trout Creek Stock Farm. Three of the leading show bulls in United States circuit for 1902 were imported by me, including the senior champion. And the senior champion female at the Chicago International Exposition, as well as about 15 other prizewinners at that show, also supplied by us.

We keep a choice lot of both imported and Canadian-bred cattle. Personal inspection invited.

Parties desiring to see the herd will be met on arrival of trains, if notice is given. Visitors always welcome. Address,

JAS SMITH, W. D. FLATT,
Manager, 378 Hess St. S.,

GOSSIP.

O'Neil Bros., Southgate, Ont., write: "We have decided to offer for sale our great stock bull, Sunny Slope Tom 1st 1170 and S6085, bred by C. S. Cross, of Emporia, Kansas, U. S. A. He was sired by Wild Tom, he by Beau Real, he by anxiety 4th, by Anxiety. As a calf, Sunny Slope Tom won first in class and third sweepstakes Hereford bull of any age. He is a sure stock-getter, and his get have been successful in the show-ring whenever shown. The other bulls we are offering are plainer and are within the reach in range of value of the farmer and ranchman. The females are a very choice lot, and will be appreciated by prospective customers on examination. We have had a very successful season so far, having disposed of 15 bulls and 20 females of all ages since fall. We desire to express our appreciation of the 'Advocate'."

TREDINNOCK AYRSHIRES.

Quebec is the home of the Ayrshire. In this Province are a number of herds of continental fame for superior excellence, and none more so than the Tredinnock herd, the property of Mr. Robt. Reford, of Montreal. The farm lies close to the station at Ste. Anne de Bellevue, on the main line of the G. T. R., 20 miles west of Montreal. Connection is also made at Ste. Anne with the C. P. R. This model farm is under the management of Mr. James Boden, who was born and reared in Ayrshire, and, consequently, from childhood has been associated with this favorite dairy breed of cattle, and, having a natural innate love for his native cattle, has thoroughly mastered their peculiarities, and as a judge of what constitutes typical dairy form in this breed, has few equals and no superiors. The herd is made up of 70 head, all either imported direct by Mr. Boden or bred from imported stock, and it is a sight worth going miles to see—the long rows of beautiful, deep-bodied, sleek animals, with their large, even udders, with the breeding of each animal placed under glass over their heads, and the floors kept scrupulously clean. The stock bulls are: Lord Dudley of Drumsue (imp.), by Brownchief of Drumsue. Lord Dudley is a massive, typically-formed bull, weighing 2,000 lbs., and winner of first and sweepstakes at Toronto and Ottawa in 1901. Last fall, owing to his getting a little sour on strangers, he was not shown. The other stock bull is that grand old noted sire, Glencairn 3rd (imp.), a bull second to nothing ever imported as a sire of winners. In young bulls, we were shown seven August and September calves, all by Lord Dudley, and out of such grand cows as Betsy 1st of Fairfield Mains (imp.), winner of first at Buffalo in milk test and second at Toronto last fall; Bluebell of Hillhouse (imp.), a Scottish champion, milk record 60 lbs. a day; Jessie of Ste. Annes by Imp. Glencairn 3rd, whose test shows a percentage of 5% butter-fat, Molina of Ste. Annes by Imp. Glencairn 3rd, winner of second at Toronto, '02; Kirsty Wallace of Auchengrain (imp.), milk record 66 lbs. a day, testing 4.0 per cent., and winner of second place in the milk test at Buffalo; Lady Grace of Ste. Annes by Glencairn 3rd, winner of first at Toronto, '02, in the three-year-old class, with a butter-fat test of 3.30 per cent.; Polly of Mechlin (imp.), with a test of 4.30 per cent.; Stately 1st of Balmangan (imp.); Lily 1st of Barcheskie (imp.), winner of 17 first prizes in Scotland. Indeed, the whole herd shows an equally high test of butter-fat and milk records. At present, there are for sale eight yearling heifers, out of imported cows and sired by imported bulls, as choice a lot as the breed produces, and eight heifer calves, besides a number of older ones. In fact, there are very few animals in this herd reserved, so that if it is a show animal, a producer, or a combination of both that is wanted, either in single animals or in car lots, Tredinnock herd can produce them. Write Mr. James Boden for prices, etc., to Ste. Anne de Bellevue Quebec.

Best Jersey Bulls

AT LOWEST PRICES.

Owing to the large sale of registered Jersey cows, all in milk (18 head), that I have just made, I offer several bull calves, of unsurpassed breeding and from tested dams, at prices that will surprise purchasers. This, because the sale of so many cows in profit leaves me short of milk for the present. Also some choice heifers in calf.
