**IMPORTED CLYDESDALE STALLIONS AND FILLIES**

My 1910 importation of Clydesdale stallions, fillies, and Hackney ponies is now in my stables at Markham, Ont. I have the biggest range of selection in Canada. I have several of the most noted Scotch sires brought out in this lot. I can show more size, more quality, more character and better breeding than has been seen in one stable in Canada. Both stallions and fillies are the kind that are needed in the Canadian West. I have 20 fillies at Yellow Grass, Sask., which will be priced right.

**POULTRY SHORT COURSES**

The extension department of the Minnesota Agricultural College has started a new line of educational endeavor. Poultry schools are to be held in different parts of the state where interest is being taken in poultry raising. The courses run for one week, and two dollars is charged each student entering. The instructors aim to give as thoroughly practical course as the time and means at their disposal permit. The plan seems to be working out well.

**MATING BARRED PLYMOUTH ROCKS**

EDITOR FARMER'S ADVOCATE

The leading breeders of Barred Plymouth Rocks who have been most successful in producing high scoring specimens have adopted the double mating

This Mating—Light Colored Cockerel and Light Pullet—Gives Cockerels too Light in Color for Exhibition and Pullets of Exhibition Color

system, that of making a special mating to produce exhibition males, and another or different line to produce exhibition females. This method of special matings is interesting, and, I believe, the most perfect specimen can be produced in this way. If judges in different sections of the country did not differ so much in their ideal Barred Rocks, it would be much easier to understand what I mean by an exhibition specimen. Many of the judges have become so thoroughly carried away with underbarring that they don't give surface color what credit they really should. For my part, I say give me the bird with good surface color. The beauty of a fowl is what

**BECAME SO WEAK AT TIMES COULD NOT WORK.**

Mrs. George Hiles, Grimsby, Ont., writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I suffered greatly with my nerves and became so nervous and weak at times I could not work. A friend of mine advised me to try a box of your pills, which I did, and soon found great relief. They are the best medicine I have ever taken for the heart and nerves. I recommend them to any one suffering from heart or nerve trouble."

Milburn's Heart and Nerve Pills make the weak heart strong and the shaky nerves firm by imparting a strengthening and restorative influence to every organ and tissue of the body and curing palpitation of the heart, dizziness, sleeplessness, anaemia, twitching of the muscles, general debility, lack of vitality, etc.
