land Ice & Cold Storage Company, Ltd.

## Each Citizen Can Help

**I**T is of direct interest to every citizen in the  
Province to make British Columbia indus-  
tries most successful.

In the matter of school supplies we make,  
in Vancouver, exercise books, scribblers, writing  
tablets, etc. These are of the very highest qual-  
ity. They are sold by dealers at prices which  
compare very favorably with lines from outside.  
If you explain to the children why British Colum-  
bia must have more and bigger industries they  
will insist upon finding the S. D. & W. Keystone  
monogram when they have occasion to buy school  
supplies.
