The work of the organized farmers thru their local associations in the three provinces during the past five years has developed a large number of good public speakers who are able to deal with important questions from the platform in a very able manner. One of the greatest needs in the organization today is for more young men to learn to express themselves before a gathering and to discuss the vital problems of the farmers in public. Many requests have come to The Guide for a book that will assist men and women to learn how to deliver public addresses. This book, by Kleiser, is the best one to be found on the subject. The History of Canadian Wealth

By Gustavus Myers

Without exception it can be said that this is one of the most remarkable books ever published on any Canadian question. The author spent several years in Canada studying the records of the past and present. It shows how the natural resources of Canada have been exploited for more than a hundred years by a small number of men. He exposes the system by which the foundations were laid for the fortunes of many of the wealthy families in Canada. The story of the feudal system as it existed in the early days of Canadian history is set forth in all its baldness. The revolt against feudalism and the establishment of the rule of the fur traders and the landed oligarchy is described with fact and date and the names of the rulers. Mr. Myers proves beyond a doubt that many of our greatest Canadian fortunes were founded by graft and he names the families without fear or favor.

The era of railway rule and the appropriation of our coal, timber and public lands is exhaustively dealt with. Any person who wants to know the secret of why there are multi-millionaires in Canada and also paupers will understand it pretty clearly after reading "The History of Canadian Wealth." The book contains 337 pages, and is attractively bound in blue cloth covers. Postpaid **\$1.50**

Being a new book it still sells at a high price. Postpaid to any address in Canada **\$2.50**
