MASTER ROBERT MARTIN, son of our respected townsman, has obtained a position in one of the principal druggist establishments in Toronto. Our young pharmaceutical friend has our best wishes for success in his new appointment.

GLASS BALL CASTERS.—Having secured the sole agency for the Glass Ball Caster Co. of Hamilton, in this town, we are in a position to furnish casters for pianos and organs, which increase the tone one-third. For furniture, the Glass Ball Casters are superseding all others.

Hess Bros.

School books, reduced prices, at Brishin's.

There is some talk of forming a joint stock company for the purpose of building a skating rink in town. Mrs. Sutherland's property on Main street is spoken of as being a suitable location. Such a scheme should meet with the hearty support of all who are desirous of enjoying healthy winter amusement.

Try Brishin for wall papers and window shades.

Cheep Stores.—S. Bricker & Co. are running off their present stock of cooking, hall and parlor stoves at wholesale prices, in order to make room for their fall purchases. Great bargains given. Call early.—28.

Gas.—The Gas Company have commenced operations. The location of the works will be on the old skating rink property, which is further from the centre of the town than was at first intended. Excavating for the gasometer is now in progress. By next week the Company expect to have a large force employed.

Hosiery.—Women's, Misses' and Pretty Children's Hosiery. A nice lot of new goods in this line. Come and see them, at Jons Rigg, successor to Roy & Riggs.—11.

Glass Front.—A plate glass front is being put in Messrs. Rigg's store, which will be a decided improvement to that "old and reliable" mercantile establishment. The dimensions of the plate facing on Main street are fixed, from which it may be inferred that the new front will be somewhat expensive.

Books for Sale.—Suits from \$8.00 upwards, at Roy & McDonald's.

That town band was out Saturday evening, and gave citizens a taste of its highly acceptable musical efforts. It is to be hoped that by another season a band stand will be provided for the boys, as it has only been the want of such accommodation that has deprived the town of more frequent opportunities of hearing our excellent band.

Beautiful room papers only 10 cents per roll, worth 15c, at Brishin's.

PARLOR STOVE.—Proprietor Mr. Bear, proprietor for the last week, that gentleman was visited upon his Sunday School class and presented with some suitable volume on the subject of banking offices in the west. There are two compartments, the main, which is very roomy and fitted up with massive counters and other appointments, being for general business, and in the rear of this is another compartment room which is intended for a private office. A large vault occupies a convenient position in the building. Messrs. J. & J. Large did the carpentering work, which shows their credit. The masonry, floors and frames of the vault were manufactured by Messrs. Goldie & McMillan, of Galt.

Butter.—20 cents per pound for egg butter and 18 cents per pound for eggs at Roy & McDonald's.—28.

Misses' and Children's Genuine French kid button boots, very nice, but a little expensive, at Jons Rigg, successor to Roy & Riggs.—11.

A meeting of the directors of the Elma & Wallace Agricultural Society took place on Saturday, when final arrangements were made for the fall Exhibition, which will be held on their grounds in Listowel on Wednesday, Thursday and Friday of next week. No doubt the prayer of the directors is for good weather and a large gathering of people.

Boots and Shoes.—A large stock of Boots and Shoes in every line, prices low. Call and see stock. Roy & McDonald.—11.

Chalk Crayons a specialty, at Dr. Michener's. Schools supplied in quantities at lower prices than ever before sold.—33.

The Glasgow House is to the fore this week with its tall announcement, which will repay perusal to those who contemplate purchasing. This establishment has gained the confidence of the public for fair dealing, and is steadily enlarging the circle of its customers. Messrs. McMillan are sterling tradesmen and merit success. Their purchases this season have been unusually heavy, the public should therefore find variety and prices to suit at the Glasgow House.

Note, and all descriptions of writing papers, envelopes, wrapping paper, paper bags and twine, sold at bottom prices, at Dr. Michener's Book and Drug Store.—33.

"Snow time" will soon be here, and parties wishing to advertise their wares by means of attractive doggers should leave their orders at the STANDARD office.

The days are now past and gone for ever when any firm can repose upon its celebrity. Competition and advertising have revolutionized business altogether, and when energy directs both, old houses feel the pinch of new ones.

Like keeping ourselves well before our customers. Says the London Printer and Stationer, an advertisement should be like a continual invitation to a feast—seductive and satisfying in result. Further, good goods will always pay for advertising, new customers will come again.

Roy & McDonald's new Fall and Winter goods have been arriving daily. Their stock is large, well selected and fashionable, and prices to suit every body. 25 rolls wall paper for \$1.00; 40 cents will buy 5 quires note paper and 5 packages envelopes, at Brishin's.

COMPLIMENTARY SUPPER.—On Wednesday evening last the members of Court Forest Green, Ancient Order of Foresters, gave Chief Ranger Chapin a supper at Mr. S. McLean's hotel, on the eve of his departure for the town of Woodstock. His late position, where he intends to carry on his business as pork packer. Mr. Chapin has been an active member of the A. O. U. E. for many years, and his perseverance that a Court of the order was formed in this place. He leaves the Court in a flourishing condition. The second meeting of the Court expressed their deep regret at his departure, and he carried with him the best wishes of the members of his Court, as well as of the community at large.

Machine Oil.—A large quantity on hand, and selling at bottom prices, at S. Bricker & Co's hardware emporium.—28.

Pipes, purses, combs, brushes, all kinds of fancy goods, cheap for cash at Brishin's.

THE BANK.—Mr. J. W. Scott, banker, has removed into his new premises under the Standard office this week. His new bank is elegantly fitted up, and is without doubt one of the most modern banking offices in the west. There are two compartments, the main, which is very roomy and fitted up with massive counters and other appointments, being for general business, and in the rear of this is another compartment room which is intended for a private office. A large vault occupies a convenient position in the building. Messrs. J. & J. Large did the carpentering work, which shows their credit. The masonry, floors and frames of the vault were manufactured by Messrs. Goldie & McMillan, of Galt.
