

YOU CAN'T RUB RHEUMATISM OUT

IT IS ROOTED IN THE BLOOD AND MUST BE TREATED THROUGH THE BLOOD.

The pain of rheumatism is something that you cannot rub out. Every sufferer from rheumatism has been advised to rub this liniment or that in the affected part, but after all the rubbing the pain remained. Rubbing did not cure it and can't cure it.

Thin blood and rheumatism come together, and if they are properly treated they will go together. Rheumatism is rooted in the blood, in poor, watery blood. Sometimes cold, damp weather starts the aches and pains, but it is the condition of the blood that is at fault, and only by correcting this, and making the blood rich and red can the rheumatic poison be driven out. This is exactly what is done in the treatment of rheumatism with Dr. Williams' Pink Pills. Acute and muscular rheumatism show improvement as the thin blood is built up, and when the blood has been restored to its normal condition the rheumatism is driven out and does not return as long as the blood is kept rich and red. There is no part of Canada in which some rheumatic sufferer has not been cured by Dr. Williams' Pink Pills, and they do not hesitate to express their thanks for what this medicine has done for them. As an example Miss Annie S. Dedrick, R. R. No. 2, St. Thomas, Ont., says: "Dr. Williams' Pink Pills cured me of rheumatism after a great many other remedies had failed. The pain in my arms and shoulders was so great that I could scarcely sleep. I could not raise my arms to comb my hair, and could not dress myself without help. In this condition I read of a cure of rheumatism through the use of Dr. Williams' Pink Pills, and decided to try them. I got half a dozen boxes and I am thankful to say they not only cured my rheumatism, but that my general health was greatly improved. My appetite was increased, and I gained in weight. Since then a number of cases have come under my observation in which cures have been made by this splendid medicine. As for myself I shall always speak a good word for Dr. Williams' Pink Pills."

These Pills are sold by all medicine dealers or will be sent by mail, post paid, at 50c. a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

ALLY FORCES ROUTED REDS

Enemy Lost Heavily in Murmansk Sector.

Entente Now North of Lake Onega.

London, Cable.—R enter Despatch.—The War Office has issued the following communication:

General Maynard reports that the Bolshevik force on the morning of the 9th attacked our positions at Koralskayas-Maseika, on the southern shore of Lake Segozero. Our outposts checked the enemy until enabled to take up defensive positions. Then they organized counter-attacks against both enemy flanks, which were carried out with great dash and complete success. The enemy fled to Ostareche, suffering many casualties, including between forty and fifty killed. We captured four machine guns. Our casualties were light. Russian troops, led by a few British officers, entirely gained this success.

We further advanced on the 15th along the Murmansk Railway. The enemy occupied a series of ridges upon which trenches and dugouts had been constructed. The nature of the ground necessitated our carrying the first line defence by frontal attack, after which we out-manoeuvred the enemy from the remaining defence lines.

The enemy suffered appreciably. A mixed company of the King's Royal Rifle Corps and Rifle Brigade, and a company of the Middlesex Regiment, showed splendid dash and enthusiasm. French field guns mounted on railway trucks largely helped to keep our casualties low.

Miller's Worm Powders are par excellence the medicine for children who are found suffering from the ravages of worms. They immediately alter the stomachic conditions under which the worms subsist and drive them from the system, and, at the same time, they are tonical in their effect upon the digestive organs, restoring them to healthful operation and ensuring immunity from further disorders from such a cause.

N. C. 3 SAFE AT PONTA DEL GADA

Picked Up at Sea and Crew Rescued.

N. C. 4 to Take Next Leg To-day.

Ponta Delgada. — Special Cable.—The American seaplane N.C.-3 is now behind the Delgada breakwater. Her crew is aboard the U. S. S. Melville.

The N.C.-3 had been missing since Saturday, and it was feared that she had gone to the bottom with Commandant Towers and the crew.

The first news received of the safety of the N.C.-3 was a wireless announcing that she was proceeding seawards this port under her own power. This was followed by her arrival.

The N.C.-4 was tuning up this afternoon at Horta preparatory for its flight to Ponta Delgada.

It is planned to start for Ponta Delgada as soon as the weather permits.

At 2.30 p.m. local time, the weather indicated showers.

The plan to go direct to Lisbon from Horta has been given up because of lack of fuel, making it necessary to put into Ponta Delgada. The aviators also desire to make the flight during daylight hours, which would be impossible if they started from Horta.

TO FLY TO-DAY.

Washington Report.—Rear-Admiral Jackson at Ponta Del Gada Azores, cabled the Navy Department to-night that the American naval airplane N.C.-4, in command of Lieut.-Commander Read, would leave Horta Fayal, to-morrow at 7 o'clock, Green-which mean time (3 p.m. Washington time), if weather conditions permit. A stop will be made at Ponta Del Gada, the message said.

The early hour set for the flight to Ponta Del Gada was interpreted by naval officials here to mean that Commander Read would attempt to-morrow to make the entire trip of more than 925 nautical miles to Lisbon, the real end of the trans-Atlantic flight. The stop at Ponta Del Gada was thought to be planned for the purpose of obtaining supplies.

NEW GERMAN PLAN.

Want Discussion of Financial Peace Terms.

Versailles Cable.—The arrival of Max von Wasserman, one of the managers of the Reichsbank, who came to Versailles yesterday with Count von Brockdorff-Rantzau, is understood to be preliminary to an effort on the part of the Germans to secure verbal exchanges with the Allied and associated powers regarding the financial terms of the peace treaty.

Because of the protests against the exclusion of the public to the Trianon Park, the authorities have decided to reopen the greater portion of it, restricting the German peace mission members to sixty acres of the enclosure. The German delegations' members have been further increased by the arrival of two widely-known moderates, Gen. Count Max Montgelas and Prof. Hans Delbrueck.

The Poor Man's Friend.—Put up in small bottles that are easily portable, and sold for a very small sum, Dr. Thomas' Electric Oil possesses more power in concentrated form than one hundred times the quantity of many unguents. SIGN TREATY, SAYS "HINDY"

Resistance Out of Question, His Idea.

Scheidemann May Displace Rantzau.

Paris Cable.—An important meeting to consider the peace situation was held in Berlin, Friday. It was attended by all the members of the German Cabinet, representatives of the various political parties and a number of generals, the newspapers say. Chancellor Scheidemann, it is added, referred to the possibility of an alliance with the Russian Bolshevik Government, but without advising it.

Field Marshal von Hindenburg is reported to have told the meeting all resistance was impossible, and that the military leaders were inclined to the necessity of signing the treaty.

It was reported in Versailles, with out confirmation, last night, that Count von Brockdorff-Rantzau had offered his resignation, and would be replaced eventually by Chancellor Scheidemann.

In recent demonstrations before the Adlon Hotel in Berlin, the crowd shouted: "Down with France, England, America, Clemenceau, Foch and Wilson." It says that the shouts against Wilson seemed to indicate that he is particularly reviled by the German populace, public opinion "not pardoning him for interpreting the fourteen points at variance with the German interpretation of them."

TO BUY A BIG MERCHANT FLEET

British Syndicate After International Line.

Total of 960,000 Tons is Involved.

New York Report.—Negotiations for the purchase by a British syndicate of the British-owned ships and assets of the International Mercantile Marine Co. have been renewed, and the company has received virtually the same offer for the vessels as was pending at the time the negotiations were suspended last November, when the United States Shipping Board proposed the purchase of the vessels. This was announced to-day by P. A. S. Franklin, president of the Marine Company, who presented the British syndicate's renewed offer to the board of directors at a special meeting.

The offer has not been definitely accepted by the board, but Mr. Franklin said that if it were the International Mercantile would continue in business as an entirely American concern.

The shipping involves approximately 960,000 tons gross, including the Olympic, Baltic and other well known British liners, and the amount of the original offer for the ships and assets was about \$125,000,000.

The United States Government's offer, after hanging fire from November until April, was withdrawn. Mr. Franklin soon afterward went to England and returned with the renewed British offer. The British syndicate is understood to be headed by Lord Pirrie and Sir Owen Phillips.
