A Fitting Answer.

Reading that an Uxbridge clergyman has a horse with a record of 2.30, the Signal Hill Sage wanted to know what business a minister of the gospel had with such a racer. The answer of The Journal is to the point. Sure enough if he had to cover two or three appointments or go on a sick call let him use a sedate old plug that can carry him at a dignified pace of four miles an hour. A farmer may use a car to rush to market, a doctor should fly to the physically sick, but soul-saving is regarded as a leisurely business by many even who are not sages. —Orillia Packet.

Rates of Advertising.

The rates paid for advertising in some of the large journals are interesting. In the Ladies' Home Journal it is \$8 a line or \$104 an inch, and \$6,000 for a full page issue; the back cover sells for \$10,000. A full page advertisement in the Saturday Evening Post sells for \$5,000; and the back cover sells for \$9,000; the center page in colors is \$12,000. As this advertising space is always filled, it is evident that advertising pays even at these prices.

Lansdowne Lady Drowns.

Silver Lake, near Verona, was the scene of a minor tragedy Monday afternoon of last week when Miss Maggie Flack, of Lansdowne was drowned while bathing. Miss Flack had been visiting friends in the little village, and a party of these was made up for a fishing outing at Silver Lake. During the course of the afternoon, it was decided to go in bathing. The friends had not been long in the water before Miss Flack was seen to go down. She had got beyond her depth, and although the others made efforts to reach her before too late, their efforts were unavailing. The body was recovered soon afterwards, and taken to home of a sister, Mrs. (Rev.) Ball. Miss Flack was one of the most popular young ladies of Lansdowne, and her death comes as a great shock to her many friends. The body was sent to Lansdowne, where the funeral was held.

If you are thinking of taking a course at the Brockville Business College, call at the Reporter office. We can save you money on tuition.

Purely Personal

Miss Mildred Hickey has taken Washburn's school for the coming year.

Miss Abbie Judson, of Napanee, has been a guest for the past week of Miss Irene Earl.

Mrs. W. E. Smythe, of Toronto, is a guest of her mother, Mrs. Geo. Derbyshire.

Miss Carrie Covey left his week for Rochester where her brother, Mr. S. B. Covey resides.

Brockville Times: Mr. and Mrs. E. M. Westlake of Glen Buell, left Monday on a visit to Michigan and other western points. * * * Mrs. Wm. Bell has returned to her home in Delta, after a week's visit with her mother here. * * * Mrs. S. Pennock of Delta is visiting Brockville friends prior to taking up residence in Toronto. * * * Mr. Fred Moulton has been spending the past week at Charleston Lake, the guest of friends there. * * * Mrs. Hutchings, of Delta, is a patient at the Brockville General Hospital for an appendicitis operation.

—A new lot of extension ladders just arrived. Any length may be secured. Fred Judson, Athens.

Fell Several Feet to Barn Floor.
Lafayette Washburne is recovering from the effects of a fall of several feet in his barn. No bones were broken in the fall, but he was badly bruised.

RETURNS FROM THE WEST

After an absence of several weeks in the Canadian West, Mr. H. H. Arnold returned this week to Athens. In conversation with the Reporter, he said that the wheat crop is below the average, but that the high price will give the farmer as much as he gets in an average year. Threshing has been commenced in Saskatchewan, while Manitoba is further advanced. On the trip home, in the vicinity of Cochrane, New Ontario, a blizzard was encountered which lasted for an hour. This is very early for snow.

"Does the western farmer lead a lonely life? No," he said. "In the Meridian district, in Saskatchewan where my son Charles is homesteading, farmers have telephones and rural mail delivery. Glen Ewen, a village of 500 population, is fifteen miles distant and farmers all have automobiles. They get the Winnipeg daily papers often on the day they are printed." Speaking of water, he said that wells are sunk through the clay for 300 feet or more, and gasoline engines are used for pumping.

In the winter, the western farmer does little but look after his stock. He almost hibernates. Alberta has not the excessive cold of Saskatchewan and Manitoba.

Vision Your Sons, Mothers of Canada!

Vision them at early morning when through the rising mists, there bursts a hurricane of fire---

See your valiant boys---calm, grim, but cheerful, "stand-to-arms" until the Hun's "morning hate" dies away.

Picture them at breakfast, the meal that must bring them the bodily sustenance to carry them through the strain of another day.

Then think what might happen if, one morning, there was no breakfast---no food, and word went down the lines that Canada had failed them.

Vision all these things, and then---as Women of Canada---Mothers of Men---Answer this Call to Service.

Canada must send to Her Own, and to the Allies Fighting Forces, more wheat, more beef, more bacon, and more of such other foods as are non-perishable and easily exported.

Canada can do this without depriving her own population of a fair share of any of these foods if You Women will but help.

All we ask of you is, that instead of buying so much white flour (if you do your own baking) you vary your baking by using one-third oatmeal, corn, barley or rye flour. Or, if you buy your bread, that you order a certain proportion of brown bread each day.

Second, instead of using as much beef and bacon as formerly, you vary your family's diet, by substituting for beef and bacon such equally nutritious foods as fish, peas, lentils, potatoes, nuts, bananas, etc.

Third, and this is most important, ---positively prevent the waste of a single ounce of food in your household.

They Must Be Fed

Statistics show that, everyday, in Canada, sufficient food is thrown into garbage cans to feed the entire Canadian Overseas Army.

Travellers have often remarked that many a European family would live well upon the quantity and quality of food wasted in some Canadian homes.

Such waste is shameful at any time; but in these times it is criminal.

Our only hope is that with these truths before you, and in view of the vital issues at stake, we may count upon your earnest co-operation in stopping this appalling waste; and in substituting other foods for the wheat, beef and bacon that must be sent overseas.

Next week a Food Service Pledge and Window Card will be delivered to you. It is your Dedication to War Service. The Window Card is your Emblem of Honour.

Woman's Auxiliary, Organization of Resources Committee, in Co-operation with The Hon. W. J. Hanna, Food Controller.
