The little son of Mrs. Ethel Whitehead, of Dresden, in some manner or other got a bottle of carbolic acid and swallowed some of the contents. Medical aid was summoned and for a time the little one's life was despaired of, but it is resting comfortably, and hopes are entertained of its recovery.

The announcement that Mr. T. H. Preston will not again be a candidate for South Brant for the Legislature somewhat complicated the situation in that constituency. In 1889 he had only 417 majority at a bye-election, in 1902 he got 343 and in 1905 his lead was 152. He was always regarded as a particularly strong man and the Conservatives are now confident that without his services as a candidate the Liberals will not be able to hold the seat. A determined effort will be made by the Conservatives to win the constituency.

STEAMER HAS CLOSE CALL

New York, June 4.—The White Star Line's giant steamer Oceanic had a narrow escape from destruction by fire yesterday while lying at her pier in the Hudson River. For five hours the flames raged unchecked in one of her big holds, and it was only with the combined efforts of the firemen and her crew of more than half a thousand men that the fire finally was extinguished. The damage will amount to several thousand dollars, but as the flames were confined to the hold in which they started, it is believed that repairs can be made in time for the Oceanic to sail on schedule time to-morrow.

The fire was one of the most stubborn the firemen have had to fight in many months, and a full score of them were overcome by smoke and noxious fumes before the blaze was checked. All of the men were quickly revived, however. The fire started just before two o'clock yesterday morning, and worked rapidly downward to the lower part of the hold, 30 feet below the lower deck, where 120 barrels of glucose had been stored. The burning glucose sent up a dense volume of thick, pungent smoke. In the hold the firemen were sent with the hose. They worked in short relays, but even then many of them were overcome and were carried out of the hold by their companions. After five hours of the most difficult work the flames were checked, and an hour later the work of repairing the damage was well under way. All the bedding and other perishable fittings of the steerage was destroyed, in addition to a quantity of freight. Among the cargo was some theatrical scenery belonging to Forbes Robertson, who recently left for England after a successful season in America, and this is said to have been burned or damaged.

The origin of the fire is unknown, but the suspicion was prevalent yesterday that it was the result of incendiarism. The loss will reach several thousand dollars. It was stated that the sailing of the steamer will not be delayed.

A. O. F. AT CHURCH

The A. O. F. of this city, together with a few visiting brothers from Dover, attended Christ Church Sunday evening, where Rev. Matthew Wilson, of Acton, preached an excellent sermon on co-operation. In the service Rev. Rural Dean McCosh and Mr. Carrington assisted.

About one hundred brethren attended the service and the parade was marshalled by Geo. Webber.

On the return to the lodge room votes of thanks were passed to the rector, church wardens, and choir of Christ Church for courtesies extended to the Order, to the visiting brethren, and to Bros. John Head and Geo. Webber.

Thousands who have been cured by Hy-o-mei call the inhaler that comes with every outfit the "Little Pocket Physician," as it is so small that it can be carried in the pocket or purse.

There is really no excuse whatever for anyone having catarrh now that Hy-o-mei is so readily obtainable. If you have any doubt about its value, C. H. Gunn & Co. will let you have a complete outfit, with the understanding that unless it cures catarrh, it will not cost you a cent.

Do not delay longer the use of Hy-o-mei if you suffer with catarrh. This is a purely local disease, and Hy-o-mei goes right to the spot where the catarrh germs are present, destroys them, soothes and heals all inflammation and makes a permanent and lasting cure.

The complete Hy-o-mei outfit consists of the "Little Pocket Physician" and a bottle of Hy-o-mei, and costs only $1.00, making it the most economical as well as the only guaranteed treatment for the cure of catarrh. Remember that Hy-o-mei cures catarrh without stomach dosing, applying the medication and healing where the disease germs are present.

A BABY DROWNED IN A PAIL OF WATER

Wallaceburg, June 3.—The nineteen months' old daughter of Joseph Raymond, of this place, was drowned in a pail of water at eleven o'clock on Friday morning.

The little girl, it is supposed, toddled up to the pail and seeing her reflection in the water, leaned over and fell in. The child was unable to extricate herself, and before assistance came she had been drowned.

The funeral will take place to-day.

THE One Minute Washer

Revolutionized the soiled clothes question and makes domestic life easy, A fly wheel under the bottom of the tub of the One Minute Washer is a feature of the machine exclusively its own. This fly wheel is driven by a gear wheel with crank attached and revolves on little steel balls like the wheels of a bicycle. You would be surprised how hard it is to stop the machine when once it is in motion Two strokes of the handle are sufficient to get up speed and then the fly wheel does half the work. The construction of this machine is the very best and is made of Louisiana cypress imported from the United States. The machine filled with clothes to its capacity makes from fifteen to twenty reiprocating motions (forward and backward) before coming to a stand still.

The Price Is $10

After you have used one, twice the money would not pursuade you to give it up, if you could not replace it.
