

Sports and Pastimes.

Aquatics.

Mr. Soule says he feels sure of a big field of oarsmen for the new Hop Bitters race. Hanlan and Ross have written to be kept posted on the arrangements. A Rochester paper, referring to Hanlan's letter, says: "This letter... had all doubt two important... the first being that Hanlan... any rate; and the second... alling to row at some other... on the day, a fact which has... the press: 'Some more... Ross and Lallah, Tric... have also consented to... race is certain. Mr. Soule... of the race has not... upon, but will be shortly... offered great inducements... Island, Rockaway Beach, Sa... other places, but has come to... ion."

Base Ball.

The Cass Club of Detroit arrived this forenoon, and the match between them and the Maple Leafs is now in progress at the Maple Leaf grounds. The Tecumsehs of Toronto, and the Athletics of Guelph, are to play on the Maple Leaf grounds for the junior championship next Saturday. The Guelph Athletics go to Stratford to-morrow to play a match game with a club of that town.

Cricket.

Dr. W. G. Grace played for Bedminster vs. St. George's, at Bristol on 28th of May, scoring 203 runs. He was well seconded by L. M. Day, who opened the batting for the club with him, and the pair had put 300 runs on the telegraph in two hours and a half, which is at the rate of two a minute, and the most rapid scoring we ever heard of. St. George's went to the bat first and made 45 runs.

Following is the Guelph eleven to play with Brantford to-morrow: Barclay, Fitzgerald, George, Henry, Husband, Hunter, Hill, Lemmon, Lockwood, Saunders, Todd.

Swimming.

On Saturday, June the 11th, a sixteen-mile swimming race for \$1,500 a side took place at the Royal Aquarian, London, between the famous Captain Webb, and William Beckwith. The race was one of speed against endurance, Beckwith, the fastest swimmer in England, giving Capt. Webb two miles start. The course was forty-four laps or rounds to the mile, the aquarium being rather small. This of course told heavily against the fast swimmer, Beckwith, and although he started off gamely and swam at first at the rate of eight laps to Webb's seven, he was unable to keep it up, and Webb eventually won by about three-quarters of a mile. Webb made his fourteen miles in 9 hours and 28 minutes.

FROM SAULT STE MARIE.—The merchants and traders at the different ports along the North Shore, report doing a largely increased trade as compared with former years, while the farmers are actively preparing for the coming crop of which prospects are bright. The prospects for this week (see our report of this week) are very bright. The crop of this week (see our report of this week) is very bright.

PICNIC.—The annual picnic of School Section No. 10, Puslinch, took place on Friday last, and was largely attended. Rev. Messrs. McPherson and Fisher, Nassagaweya, and Mr. Collins, teacher, from the same township, honoured the occasion with their presence. Games of various kinds were indulged in vigorously, and were heartily enjoyed. The school house was used for a public examination and was very prettily decorated in view of the event. A programme of recitations by the choir, and addresses by several of the clergy and laymen, was well carried out to the gratification of all present. A vote of thanks having been tendered the ladies for the splendid repast which was enjoyed by the pioneers, the proceedings closed with the National Anthem. So passed off one of the most successful picnics ever held in that section.

A SEVERE STORM.—Minto, Arthur and Luther, with other northern townships, were visited by a severe wind, hail and rain storm last week. Hailstones, the majority as large as bantam eggs, but some as large as hen's eggs, fell down thick and fast with great force. The glass on the east side of Main street, Mount Forest, was punished badly. Nearly every place had from one to ten panes broken. The greatest sufferers were Messrs. R. Kilgour & Sons, who had 185 panes in the skylights of their moulding shop and 15 in other places broken. From a count it is ascertained that altogether from 500 to 550 panes of glass were broken. The gardens suffered considerably. Plants, bushes, vines, &c., were snapped off as though cut with a knife; under the trees the fruit lay thick, while that left on the trees were battered very much. Rev. Mr. Biggin was struck on the back of the head by a large hailstone and knocked down, but further than a large lump being raised has not been injured thereby.

In the hot months of July and August the blood should be kept pure and cool, with an occasional dose of Dr. Carson's Stomach and Constipation Bitters, a worthy family medicine. In large 8 ounce bottles, 50 cents, at W. Roll's Drug Store.

Mr. Thomas McMichael, farmer, township of Carrick and Howick, met with a severe accident the other day. He had been extracting stumps with a team of horses, when the chain slipped and allowed the stump to fall back, causing the lever to suddenly fly up and strike him a heavy blow on the chin. The chin bone was completely severed in two, disabling him for talking or eating for several days.

Special Notices.

FRESH FISH.—Fresh herrings, white fish, salmon trout, brook trout received daily at Murray's.
