

### MAKE FORWARD MOVEMENT A REAL MEMORIAL

To Soldiers Who Died For You Is Plea of Rev. Dr. Westgate

#### UNVEIL MEMORIAL

To Late Lieut. John S. Douglas in St. Matthew's Church Sunday

"Will you choose God or the World. Will you make the Forward Movement a memorial to the soldiers who died for you and a thanksgiving for peace, or will you refuse the greatest opportunity to carry on that has ever been given the people of this world?"

These were some of the questions asked by the Rev. Dr. Westgate, for three years an interned prisoner of war in German East Africa, who preached at St. Matthew's Church Sunday morning. He stated that for years the Germans instead of eradicating, planted thorns. Everyone knows what happened as a result and the people must remember this and not follow a bad example. Dr. Westgate spoke of the tremendous sufferings of the people of Africa under German rule and said that had the enemy won the war the lives of the British people would not have been worth living. German East Africa and part of Northern Africa are now in the possession of the British and it is up to the people of Great Britain and Canada to help them in every possible way. There are many people in the Northern parts of Canada, who also need help. This is one of the great works that is being undertaken by the Forward Movement and one in which all can assist.

#### Unveil Memorial Tablet

During the service an impressive ceremony took place when Colonel F. J. Clark unveiled a handsome brass memorial tablet placed on the wall at the right hand side of the North exit, in memory of the late Lieut. John S. Douglas, son of Mr. and Mrs. A. C. Douglas, of Winnipeg, and grandson of Mr. and Mrs. T. Lee, 1216 Victoria avenue. The rector, Rev. A. E. Anderson, conducted the short special service, the choir and congregation singing the hymn, "The Supreme Sacrifice."

Instead of the usual Sunday evening service, carols were sung by the choir and several selections played by the organist.

Dr. Westgate was the speaker at St. Mary's church Sunday evening, in the absence of the rector who conducted the services in the Anglican Church at Rivers on Sunday.

Tonight Dr. Westgate will give a lecture in the crypt of St. Matthew's Church on his experiences in German East Africa. The lecture will be illustrated with lantern slides.

### ACCOMMODATION FOR GRAIN GROWERS DURING CONVENTION

J. D. Kennedy To Have Charge of Bureau To Open Friday Morning

#### THROW OPEN HOMES

Appeal To Be Made To Citizens To Take In Paying Guests

With the expectation that there will be at least a thousand delegates here to attend the Grain Growers' Convention which commences its sessions here on January 7th, the city has made arrangements to open up an Accommodation Bazaar. The Bureau will be under the charge of Mr. J. D. Kennedy who did such good work in securing accommodation for out-of-town visitors during Fair Week, and an office will be opened Friday in the office formerly occupied by J. F. Price on Ninth street just off Rosser.

That Brandon will have to throw its doors wide open to make the necessary accommodation for the large number of delegates is a fact which the City Fathers are fully aware of. Last summer Brandon College, and several other large institutions, were able to house large numbers of people, but this arrangement cannot be made at this season of the year. Mr. Kennedy stated that it will be impossible to accommodate delegates in houses on the outskirts of the city in January, and every effort will be made to secure accommodation for delegates in the centre of the city. In order to assist the city in securing rooms for the expected guests, citizens are expected to throw their homes open and phone Mr. Kennedy at 3815 any time after next Friday morning, stating how many guests they can accommodate during the convention here.

It is said that several pounds of sausage may be made from one dog pound.

### INCORRECT FIGURES EXPORT AND SALES CANADIAN WHEAT

Facts Are That Two-thirds of 1919 Surplus Crop Has Been Sold

#### THE OTHER FIGURES

Compiled Include Returns From Some of 1918 Wheat Crop

Ottawa, Ont., Dec. 29.—Inquiry was made by the Canadian Press Limited today in regard to the statement by Mr. James Stewart, head of the Canadian Wheat Board at Winnipeg, that figures relating to export and sales of Canadian wheat sent out from Ottawa and attributed in some dispatches to the Sir George Foster, are incorrect both as to quantities and prices received. It was learned that considerable misapprehension exists and the figures quoted in dispatches were not given out or authorized by the Minister of Trade and Commerce. These are figures compiled by the Department of Customs with the purpose of showing what nations are the greatest importers of Canadian wheat and they cover exports for the first eight months of the fiscal year only. Another reason why figures differ from those of the Wheat Board, lies in the fact that computations made by the Department of Customs include a portion of last year's wheat crop which had been exported since April 1st, the beginning of the fiscal year, while the Wheat Board figures relate only to the sales of this year's crop.

The statement that about two-thirds of the exportable surplus of the Canadian wheat crop has already been sold and exported through the medium of the Canadian Wheat Board is believed to be approximately correct although the exact figures are not available here.

### PRICE OF BREAD MAY GO UP 3 CENTS A LOAF

Ottawa Bakers Predict An Early Advance In Keeping With Price of Flour

#### AMERICAN FLOUR

Bakers Say Cannot Be Used As It Is Of Inferior Quality

Ottawa, Dec. 29.—As a result of heavy advances in the price of wheat and flour by the Canadian Wheat Board the price of bread may go up almost immediately two or three cents a loaf, it is pointed out by bakers. Some local bakers have no very extensive stocks of flour on hand and the possibility of unrestricted importation from the States does not relieve the situation here since they state that American flour cannot be used here, not being of the quality wanted, being in fact of inferior quality.

### CHANGE IN LEASES FOR SCHOOL LANDS

All Permits To Cut Hay or Graze Stock To Be On Yearly Basis

Ottawa, Dec. 29.—A change in the method of leasing school lands in Manitoba, Saskatchewan and Alberta is provided for in an order-in-council now gazetted. The order which formerly governed grazing permits on school lands in those provinces is rescinded and it is provided that all permits should be on a yearly basis, terminating April 1st, and a rental of ten cents per acre per annum, subject to change at the discretion of the Minister of the Interior. The permittee shall not graze any other than his own stock, neither shall he assign or transfer any interest in the permit without the consent of the Minister being first obtained. He must place on the land at least one head of stock for every 30 acres of land included in the permit. The erection of fences and temporary buildings only is permitted and any renewals shall be from year to year at the discretion of the Minister. A permit to cut hay for his own use may be secured by the permittee free, but to cut hay for barter he must secure a permit for which he shall pay an office fee of fifteen cents and fifty cents per ton for all such hay cut for barter.

### CORN AND GRAIN PRICES JUMP ON CHICAGO EXCHANGE

On Receipt of News That Canadian Wheat Board Increases Price of Wheat

Chicago, Dec. 29.—Corn and all other commodities dealing on the Chicago Board of Trade advanced sharply today, when it was learned that the Canadian Government had increased the price of wheat in Canada fifty cents a bushel. Traders in grains and provisions here were caught unawares by the action of the Canadian Government, which also included permission to ship flour from the United States into Canada. The principal advance recorded immediately after the opening of the exchange was in the price of corn, the cash quotation of which advanced three and a quarter cents to a total price of \$1.38 a bushel.

### MAY ARREST ALL SINN FEIN LEADERS

Consider Application of Drastic Remedies To A Dangerous Disease

London, Dec. 29.—In a dispatch dealing with the Sinn Fein problem in Ireland the Dublin correspondent of the Evening Standard says it is no secret in Dublin that the authorities are determined to handle the situation with a certain amount of ruthlessness and apply drastic remedies to what they consider a dangerous disease. The correspondent states it is said in quarters which have the reputation of having good information that the steps contemplated by the Viceroy, Lord French, and his advisors for restoring normal conditions include arrest of every known active Sinn Fein throughout the country. The writer continues: Considering the strength of the Sinn Fein movement, this is a gigantic task, and one which the authorities are advised will be difficult of permanent, but advocates of a clean sweep policy believe it can effectively be done and refuse to be diverted from their plan for any consideration of political or other reasons.

"I am assured," continues the correspondent, "Lord French, despite his own discouraging experiences, is still an unrepentant believer in the good sense and the good will of the majority of his countrymen. He holds that the Irish Bill outlined by the Premier has all the elements of a permanent settlement for Ireland if the country gets the opportunity of working it."

### LOST CHILDREN HAD A GOOD TIME WITH POLICE ON CHRISTMAS

Montreal, Dec. 29.—"We had a good time," said Douglas Cameron, three-year-old, and his sister Stella, seven years old, when they alighted from the Quebec train at Place Viger station, where they were met by their mother and step-father, and Detective Sergeant Lamont, who spent Christmas Day here looking for them. These were the two children from St. Basil, N.B., who spent Christmas with the Quebec chief of police after having got off at Quebec thinking it was Montreal, and who wandered around the city until picked up by the police.

### SERB OPERATIONS SUBJECT OF PROTEST BY MONTENEGRINS

Paris, Dec. 30.—Further protests relative to Serbian operations in Montenegro, have been sent to the Peace Conference by the Royal Montenegrin Government, which has headquarters at Neully. It is asserted that armed bands have recently been sent into the interior of Montenegro, to co-operate with regular Serbian troops, in pillaging and burning houses owned by Montenegrins who are still faithful to King Nicholas.

### WANT CLEMENCEAU AS NEXT PRESIDENT OF FRENCH REPUBLIC

Paris, Dec. 24.—That George Clemenceau may be the next President of the French republic is the consensus of opinion in the Chamber of Deputies. Despite the Premier's veto upon his candidacy, several members of the chamber are resolved to place his name to the front, and are positive that they can count upon the support of 450 members of the chamber and 150 senators. M. Ramell said newly elected deputies were intent upon electing M. Clemenceau as President of the republic and M. Poincare as Premier, he said. President Poincare refused to discuss this possibility last evening, saying "Someone is joking. It is not I."

### POLICE HUNT FOR STILLS IN NORTH SASKATCHEWAN

Regina, Dec. 30.—Out across the wide prairie country, up in the rugged brush areas of the Northern districts and among the bluffs, little bands of red-coated horsemen are searching out illicit stills that in the aggregate are turning out immense quantities of "moonshine," according to information received from the Royal North West Mounted Police. The Scarlet Riders are working in conjunction with the inland revenue department and during the past few weeks captures have been frequent as the plants have been most active in preparation for the holiday season. Reports are reaching headquarters practically every day of suspected locations and detachments are sent out from the nearest post to investigate. Seizures have been made in the most isolated districts, far from civilization and apparently well hidden in the dense brush country. The old traditions of the force are being lived again in the ruthless hunt for "worms" and whisky workers. While it is conceded that a large percentage of the men engaged in the illegal trade are foreigners, a surprisingly large number speak English as their native tongue. The hunt is on and some day the story of the adventure will be briefly told, shorn of all romance, in legal courts.

### SAYS ULSTER TO ACCEPT LLOYD GEORGE PROPOSALS AS COMPROMISE MEASURE

Montreal, Dec. 30.—Rev. William Corkey, a Presbyterian clergyman from Belfast, and one of the official delegation of the three leading Protestant churches in Ireland to the United States to fight Sinn Fein propaganda in America, says that Ulster did not like the Lloyd George proposals, yet would accept it as a compromise because they want peace and harmony to come to Ireland.

### ITALIAN PREMIER HOPES FOR HELP FROM ENGLAND

Seeks Financial Assistance and Similar Treatment To That Given France

Rome, Dec. 30.—Premier Nitti will go to London from Rome and from that city he will return to Paris to attend the meeting of the Allied Premiers and of Foreign Ministers, which is expected to begin this week, according to a statement bearing semi-official character, printed in Corriere d'Italia. It is stated the Premier believes he will be able to come to an understanding with the British Premier on problems closely affecting Italy.

"Signor Nitti hopes to obtain from England financial treatment similar to that granted France, especially relative to a loan which will have its influence upon the exchange situation," the newspaper says.

"The Premier will do his best to have the Supreme Council agree that the Allied and Associated Governments will recognize Italy's sovereignty over Italian towns, first of all Fiume, and that they will accept the result of negotiations between Italy and Jugo-Slavia. This system, besides guaranteeing our rights and preventing their violation by other peoples, would have the advantage of bringing about the approach of two peoples. Reciprocal concessions would be necessary and the accord which would be reached would be accompanied by close friendship, which Jugo-Slavia must desire even more than Italy."

### ECONOMICALLY INDEPENDENT

Plea Put Forward by Lloyd Harris Canadian Trade Commissioner

Brantford, Ont., Dec. 30.—A plea for "unselfish service" was made by Lloyd Harris, Canadian Trade Commissioner in England, in an interview here. He followed this up with a declaration that the next move for Canada was a complete survey of the country's resources to lessen dependence on the United States for many articles, and thus do away with the adverse exchange rate.

During the war, by friendly arrangements between the two countries, the United States had supplied necessities to Canada, but the time has come, he said, for Canada to become economically as independent as possible.
