Good Stock of Ammunition

Belyea & Estabrooks

FOR SALE

- 1 pair of second-hand Bob Sleds and Chains.
- 1 second-hand Cook Stove with warming oven and hot water tank. (All the above in good condition)
- 1 second-hand Sled, suitable for either one or two horses.
- Some second-hand Sledge Harness
- 1 second-hand 2-horse Farm Wagon for \$5.00. The iron is excellent, but, excepting the axles, the woodwork is no good. With the expenditure of a few dollars for woodwork, which can be done here in Centreville, a valuable wagon may be owned complete and ready for next spring's work.

C. M. Sherwood, Limited

Centreville, N. B.

We have a very high-class line of

We have 10 tons of Heavy Middlings and the price is low.

LETSON BROS.

P. U. A. HAS MEETING

The People's Union Agricultural society held a regular session last Wednesday night, with the usual small attendance.

With other matters the question of procuring artificial fertilizer was discussed.

This is a subject of much debate among farmers, and dealers as well, and it looks as though artificial manures in 1915 will carry a mighty small percentage of potash.

Some talk was made about the importation of purebred cattle after November 1 and the present conditions of aid from the local government was fully gone into.

The policy of the government at present is to bonus importations or purchases from other sections of the province to the extent of 25% for animals costing more than \$50 and 15% for any costing \$50 or less.

This substantial aid should be appreciated to the extent that the full quota allowed should be purchased by members of this society each year.

The question as to ways and means to attract the class of men into this association who should naturally show the most interest and certainly should derive the greatest benefit, is a burning question and one to be fully discussed and definitely settled at the next meeting. This meeting will be held this coming Saturday, October 31, in Burt's Hall at 2 o'clock. An appeal for a strong representation of the agricultural element at this meeting is being made through a circular letter.

A good attendance is expected, when officers will be elected for the coming year, the finances of the society will be overhauled and all work done by the officers during the last year will be fully gone into for the enlightenment of the many who have paid in a dollar or two dollars as the case may be, and as yet, have failed to see any returns. Mr. Man, if that's you don't you know that the officers cannot do every thing? It is up to you to come and take an interest and talk and ask for help and you will get aid along any of the lines that come within our limit. We want members, not men who are willing to give us a dollar and then keep religiously away from the meetings of the society, but members who will come and make a noise and get something out of the society or start a fight.

We have a snug, little balance at the bank, but it is no benefit to a living soul, simply because it can be used only to purchase stock or seed or mill feed, etc., for members of the society and not a bloomin' man has spoken up and asked for anything so far.

The officers are getting tired of this state of affairs. They are all willing and anxious to do things if they had an excuse, but the time has come when a change will be made. We must have 100 men who will pay in their fee and agree to take hold and help make the organization a benefit. Failing this we must have 50 who will agree to the same conditions and stand an assessment of \$2.00 membership fee as each society must report annually a paid membership of \$100 in order to hold its incorporation and get the government grant.

Now the present officers absolutely refuse to again take themselves the responsibility of pulling the society through for another year. This has been done year after year since organization but if we want a society we must all be on hand next Saturday to give definite assurance of continued interest and support or our incorporation will of necessity be surrendered.

Think it over, friend farmer, talk it over with your neighbor, and all come on the 31st with a mind to keep this institution going as it should go in a community such as surrounds the town of Hartland.

Terrors of the War

are not felt in Canada as they are in the desolated European countries; nevertheless prices on many lines of goods have materially advanced and are bound to go higher. The prices of Dress Goods and Ready-to-Wear Clothing of all kinds are sure to go higher, for the reason that England is sending immense orders for such goods to Canada, so that our factories are worked over-time. This means good times for Canada, and it also means higher prices for the products.

Get Your Supply Now

from our large stock, bought before any advance. We are selling dependable goods at the old prices.
