

HIS WIFE WAS COMPLAINT.

EDDIE SMITH FINED \$20 ON CHARGE OF ASSAULT.

Winona Man Gets Time in a Way He Was Not Looking For—Other Police Court Cases.

"I am in business for myself now and I want her to close up her house," said Eddie Smith this morning when called upon to explain why he assaulted his wife, Maggie Smith. Mrs. Smith said that last night her husband called on her and threw her and her girls into the street and locked up the house. Eddie said that was right, but that he wanted her to close the house and go with him since she had had so much trouble here. The Magistrate remarked that as he had lived on the income of the house for some time it was a little late in the day to talk like that. He imposed a fine of \$20 or two months in jail on the prisoner. Mrs. Smith intimated that she was going to charge him with the theft of a couple of diamond rings and a gold watch, but he handed them over to her. L. E. Awey, of the firm of Gibson, Osborne, O'Reilly & Levy, appeared for Mrs. Smith. Ed Colvin, Winona, was picked up by Constable W. McLean with a jag on. He wanted to scrap with the policeman and several things that a Hamilton bobby would not allow. He pleaded guilty to being drunk this morning. "It's the first time in four years," he said. "You're fined \$2 anyway," said the Magistrate as he saw Ed's address. "Will you give me time?" asked the victim. "Ten days," said the beak. The prisoner explained he wanted time to pay the money and was taken down stairs to argue with the police.

Bird Gleich, the Hebrew who was charged with threatening his wife and remained till today, was up for trial. The Magistrate announced that the charge had been withdrawn, and Bird was allowed to go home to his family.

John Brown, of St. Kitts, got filled up on whiskey in this city and his name, Constable Tom Brown, arrested him for the honor of the name. John was fined \$2.

LOCAL LEGAL.

Several Hamilton Cases at Osgoode Hall Yesterday.

The following legal cases of local interest were up at Toronto yesterday: Pilgrim vs. Wentworth Mineral Water Co.—J. S. Connell (Hamilton), for defendants, appeared from the judgment of the County Court of Wentworth, dated 11th February, 1908. W. A. Logie (Hamilton), for plaintiff, contra. Plaintiff, a mortgagee, claims property on which the principal has been paid, claimed for eleven months' interest, which, it was alleged, had not been paid. The defendants counter-claimed for a larger amount than the plaintiff's claim. Judgment was given for plaintiff for \$15.25, with costs, and for defendants for \$27.75, on their counter-claim, with costs, one to be set off against the other, and judgment for the balance. Defendants now appealed. Not concluded.

Bell Telephone Co. vs. Windsor, Essex & Lake Shore Rapid R. W. Co.—J. R. Marshall (Hamilton), for plaintiffs, moved on consent to the plaintiff's claim granted by the local Judge at Hamilton. No one contra. Injunction restraining the defendant from cutting or interfering with any wires or any poles the property of the plaintiffs, or which form part of the plaintiffs' telephone lines, or are connected therewith and from turning any electric power into or permitting any electric power to be on that portion of the defendants' wires which are between the village of Kingsville and the village of Ruthven in the township of Gosfield, at any point at which the defendants' wires are parallel and adjacent to the plaintiffs' said telephone lines, continued until the trial or further order.

Traders Bank vs. Ruttle-Featherston Aylesworth, for plaintiffs, moved absolute attaching order and garnishing summons, L. F. Stephens (Hamilton), for Bank of Hamilton, contra. Order discharged with costs, assessed at \$12.

AT BROCKVILLE.

Baptist Y. P. U. Convention There This Week.

The annual convention of the Baptist Young People's Union of Ontario and Quebec will be held on Thursday and Friday of this week in Brockville. There will be a fair representation from the Baptist Churches of this city, and some of the Hamilton delegates have been assigned important parts. Mr. H. F. Steinhilber will be the associate secretary, and reports from the association representatives and Rev. C. J. Triggerson, M. A., will give an address on "The Sword of the Spirit" at Friday evening's public meeting. Messrs. Frank Elder, Frank Hosking and others will represent James Street Baptist Church.

A WIDOW'S THANKS.

Mrs. Andrew H. Parker, of 175 Sandford avenue north, desires to express her thanks and great appreciation to the many friends and their kindness during the illness of her late husband. Especially would she mention the Canadian Order of Foresters, who were untiring in their care; also all who gave such valuable aid in the arrangements for the funeral, thus relieving the family of what would otherwise have been a heavy burden.

FACTORIES FOR WINDSOR.

(Special Despatch to the Times.) Windsor, April 14.—The City Council last night fixed the rate of 24 mills on an assessment of eight million in round numbers. Industrial concessions were granted to the Mississippi Pearl Button Co., which will employ nearly a hundred hands, and Brabant's Brass Works, a branch of a Detroit concern.

DIED IN DETROIT.

Detroit, Mich., April 14.—John E. Black, aged 36 years, is dead, after being ill three days with pneumonia. Mr. Black was born in Aylmer, Ont., and came to this country ten years ago. He had been in the grocery business on Michigan avenue.

ENJOYED IT.

Rev. S. B. Russell's Lecture at Barton Methodist.

"Ireland and the Irish" was the subject of an interesting lecture given by Rev. S. B. Russell, of Erskine Church, last night, in Barton Street Methodist Church. The lecture was under the auspices of the Epworth League, and was well attended. Mr. D. A. Souther handled the lantern in a most satisfactory way, and gave the audience a large number of most interesting Irish views. Rev. Mr. Russell had with him a number of singers and reciters, whose work greatly added to the profit of the evening. There was a good free will offering, which will go towards missions.

\$20,000,000 WILL.

How Young Wanamaker's Estate Is to be Apportioned.

Philadelphia, April 14.—The will of Thomas B. Wanamaker, who died in Paris several weeks ago, has been admitted to probate. With the exception of a few bequests to household employees, the estate is bequeathed to his widow, Mrs. Lowber Walsh Wanamaker, his mother, Mrs. Mary B. Wanamaker, and his two sisters, Mrs. W. Warburton and Mrs. Elizabeth McLeod, and his brother, Rodman.

The statement filed by the executors appraises the value of the personal property as \$100,000 and upwards, with no appraisal of the real estate. It is understood that the total value of the estate may reach \$20,000,000.

HIT BY HAMMER.

"Scotty" Fatally Hurt at a Hammer Throwing Contest.

Philadelphia, April 14.—William Renwick, popularly known as "Scotty," the ground keeper at the University of Pennsylvania, was struck on the head by a sixteen-pound hammer at Franklin field yesterday and probably fatally injured.

Daniel F. Luby, of Peabody, Mass., threw the hammer down the field toward "Scotty," who either did not see the throw or lost sight of the weight in the air. The hammer struck him on the side of the head, knocking him several feet. He was picked up unconscious and removed to the hospital, where it was found he was suffering from a severe fracture. Renwick was operated on last night, and it is stated that his condition is critical.

a large class of recruits. The Duffin Rifles expect to be 500 strong in a short while, and there is much enthusiasm in the ranks over the prospect of a box car trip to the Quebec tercentenary.

No Change.

There is no change in the moulders' strike at the Buck stove works. Officials of the firm state that they are getting out the work with the new men secured quite satisfactorily, and that the strikers are out to stay. It is believed locally that the moulders have a slim fighting chance of winning.

Men Laid Off.

The Cockshutt Plow Company has laid off a large number of men, and have inaugurated an eight-hour day. Conditions are said to be at present more unfavorable than they have been all winter.

City Engineer Jones has made it plain to the telephone and gas companies that the city will not stand for any tearing up of the new paved streets when the work is completed this summer. He issued a notice to-day that all connections and mains were to be put into such shape that they would not need to be disturbed for at least twenty years. It is the intention of the authorities to enforce the engineer's wishes. The streets which are to be paved are Dalhousie, from Brant avenue to George, and George, from Colbourne to Wellington. The main streets will be paved next year.

The trophy, emblematic of the carpet ball championship of the city, was presented to Court Ruff, winners, last night at a luncheon and smoker held in Foresters' Hall. The presentation was made by W. Styles and accepted for the champions by D. Morrison, Mr. W. G. Strong acted as chairman. Those assisting in the programme were as follows: Messrs. F. Carpenter, Herbert Eyle, R. Thornton, T. McPhail, Aikens, White, F. Batson and John Patten.

C. H. Jones, 93 Arthur street, has written the City Council, asking that the drain and culverts in the vicinity of his place be put in proper condition. His property has suffered owing to its being inundated by water.

The Wellington Church Bowling Club has enlarged its green this year and now has one of the finest grounds in the city, with room for three rinks.

Lively Fight in Monck.

Dunnville, April 13.—Richard Harcourt will probably be the Liberal candidate in Monck again for the Legislature. He will be opposed vigorously by James Ross, a strong Conservative, who hopes to defeat the ex-Minister of Education.

Weak Little Boys

may become fine strong men. Some of the strong men of today were sickly boys years ago. Many of them received

Scott's Emulsion

at their mother's knee. This had a power in it that changed them from weak, delicate boys into strong, robust boys.

It has the same power to-day. Boys and girls who are pale and weak get food and energy out of SCOTT'S EMULSION. It makes children grow. : : :

DID NOT RAISE THE SALARIES, BUT TEACHERS WILL REACH MAXIMUM SOONER.

Dundas Board of Education Arranges a New Schedule to Go Into Effect in September Next.

Dundas, April 14.—A special meeting of the Board of Education was held last evening to consider the salary schedule recommended by the Internal Management Committee at the December meeting of the Board. Chairman Steele presided and after a letter had been read from Principal Moore, favoring a raise in the salary of the assistant teachers, even if his salary remained as at present, the Board went into committee of the whole. The committee's recommendation was that the Principal's salary be increased from \$900 to \$950, and that the other salaries be raised from a minimum of \$350 and a maximum of \$450 to a minimum of \$375 and a maximum of \$500. The matter was threshed out for about two and a half hours, the feeling seeming to prevail that while the proposed advance would not make the salaries any higher than the efficiency of the staff would justify, yet, owing to the present financial and industrial conditions, an advance at the present time would not meet with the approval of the ratepayers. It was decided that the schedule remains practically as fixed about a year ago, the only change being that the maximum will hereafter be reached in six years instead of in seven years.

Another matter of paramount interest relating to schedules taken on the staff whose experience was obtained in schools outside the town. Such teachers, no matter what experience they may have had, or however able and proficient they may be, were obliged to begin at the minimum salary and work their way up, in the same manner as Dundas resident teachers who began without any experience. This has long been felt to be an injustice to such teachers and a manifest injury to the schools. Last night this order of things was set aside by a practically unanimous vote. Hereafter outside teachers joining the staff will begin at the minimum salary and at the close of the school year, which will hereafter be at midsummer, if such teacher is rated "excellent" he or she will be given, beginning the following year, credit for experience obtained in other schools. This change will not put the outside teachers on a par with the staff, but it will be a step in the right direction. The salary schedule is as follows: 1st year, \$350; 2nd year, \$375; 3rd year, \$400; 4th year, \$425; 5th year, \$440; 6th year, and after, \$450.

The Inspector and Principal are to report to the Board annually, not later than May, the standing and proficiency of each teacher. The grading to be "A," "excellent," "B," "good," and "C," fair. Any teacher whose mark is deemed by the Board unsatisfactory for two successive years, shall be removed, by order of the Board.

No teachers not holding at least second class professional certificates, shall be engaged, and no experience shall count in fixing salaries had before obtaining such certificate.

The clause in teachers' agreements requiring two months' notice to withdraw to be rigidly enforced.

The new schedule and regulations are to take effect at the reopening of the schools in September next. It was getting near 11 o'clock when the Board adjourned, after a long, warm, but not acrimonious discussion, the feeling being that the results achieved at night will be acceptable to both teachers and ratepayers.

Two teams of the Dundas Signal Corps will play St. Andrew's and Y. M. C. A., of Hamilton, in the Army on Wednesday evening.

The Dundas Gun Club will hold a shoot in the park on Good Friday at 10 a. m.

GOOD TIMES.

British Expert Says U. S. Will Soon be Prosperous.

London, April 14.—Seymour Bell, commercial British agent in the United States, in a report for 1907, which has been issued by the Board of Trade, takes a hopeful view of the future. He says that the farmers, who form the backbone of American prosperity, have not been affected by the financial crisis, and the country is expected to yield crops valued at nearly \$7,500,000,000.

The country, Mr. Bell thinks, is not likely long to suffer from industrial stagnation. He predicts a quiet business in 1908, and thinks the return to the normal condition of affairs will depend upon the crops.

DEATH SENTENCE

For Man Who Attempted to Assassinate Alfonso.

Barcelona, April 14.—Jule Rull and three of his accomplices, who had been on trial here for complicity in the recent series of bomb explosions and anarchist outrages, were yesterday found guilty. The evidence adduced showed that Rull and his associates were authors of the attempt to assassinate King Alfonso at Madrid and Paris, and of various outrages in different parts of Spain. Rull was sentenced to death, and the others to imprisonment.

WESLEY CHURCH WOMEN.

Wesley Church Women's Missionary Society held its annual Easter meeting yesterday afternoon in the church parlors. There was a large attendance, and a very liberal thank offering was received. An inspiring address was given by the Secretary, Mrs. Wm. Crawford, and a helpful paper was read by Mrs. (Rev.) B. Snider, of Mount Forest. After the business of the meeting a social half hour was spent.

FREIGHT RATES.

Philadelphia, April 14.—Announcement is made here that the trunk lines have increased the freight rate on grain in car lots, from Buffalo to this and other Atlantic ports, to take effect on May 1st. The rate on wheat is increased from 6 to 6½ per bushel; corn, 4½ to 5½; barley, 5 to 5½. Flax seed remains stationary at 1½, and oats at 4 cents. The rate on grain for export remains unchanged.

SPEECH FROM THE THRONE.

(Continued from page 1.)

Government, while reserving its obligations to invest, to supply electrical energy, through the Commission, at a minimum price to the public.

With pleasure I have learned that during the present year His Royal Highness the Prince of Wales will visit the city of Quebec. While we regret that the arrangement may not permit His Royal Highness to come to this Province, we all rejoice in welcoming him to Canada, and especially because he comes to take part in the celebration of the three hundredth birthday of Canada, the nationalization of the battlefields of Quebec—a purpose which commands the enthusiastic support of a patriotic Canadian.

I am glad to be able again to congratulate the Province on the satisfactory state of the public finances, which continue to show a substantial excess of revenue over expenditure.

I have to thank you for the liberal appropriation you have made for the public license service, which will be expended with a proper regard to economy and effectiveness.

I desire to again thank you for the great public service you have rendered and join with you in expressing the hope that the blessing of Almighty God will rest upon our country and our people.

NEW WORKS BUILT ON THE RIGHT PLAN.

which City Solicitor Waddell will bring back is the one the council will have to deal with, and he thinks it will be in shape for the Fire and Water Committee and the Board of Works to take up at their next meeting, and report to the council. The Mayor's hopes of something being done at once are not confirmed by Hon. Adam Beck, who in an interview at London yesterday said: "The contracts have been sent to the municipalities, and until they decide what shall be done we can do nothing. It will take some time. I suppose, to get the information desired from them. When the contracts are signed we can go ahead." The contract which Mr. Beck wants the municipalities to sign is the one which does not bind the company to any price, but which requires the municipalities to pay everything.

W. D. Flatt appeared yesterday before Barton Township Council in connection with the cement walk on the west side of Garth street, which the city has the right to construct. It will cost about \$1,800, and the township was asked to pay half the cost. The councilors decided to take no action until they had a chance to sound the city and see if it would pay half the cost of the Garth street walk.

Building permits for houses to the value of over \$20,000 have been issued since yesterday, as follows: Charles Glendon, brick house on Barrie street, between Poplar and Delaware avenues, for A. E. Charlesworth, \$1,750.

KILLED GOVERNOR. And the Ruthinians Rejoice and Say It Is a Necessity.

Vienna, April 14.—The whole of Galicia is in a state of feverish excitement over the assassination at Lemberg on April 12, of Count Andreas Polocki, the governor of that province, by a Ruthinian student named Mierstap Szymski, while the count was giving an audience to a delegation of students. The "Young Ruthinians" in the Austrian Parliament declare that such crimes are of national necessity in order to put a stop to Polish oppression, while the Ruthenian students of Vienna openly rejoice over the assassination.

Last night thousands of Poles participated in anti-Ruthinian demonstrations.
