

NEW ADVERTISEMENTS
THIRD PAGE
Tenders Wanted.....Chas. A. Sampson.

LOCAL NEWS.

TRIPS DISCONTINUED.—Owing to the extreme low water, the Florenceville on Wednesday discontinued her trips to Woodstock.

EXAMINATIONS.—University matriculation examinations have been in progress this week in St. John, St. Stephen, Woodstock and St. Andrews.

TO RESUME OPERATIONS.—Atherton's soap factory at west end will resume operations about the first of July. They will manufacture the old reliable "P. Y."

WILD BERRIES A GOOD CROP.—Wild strawberries and throughout York county, will probably be plentiful. There are favorable reports for a large crop of blueberries this season.

POLICE CELLS.—James Farrell, on behalf of the board of health sent in a petition this week to the police magistrate, for a complete renovation of the police cells under that hall.

THE DRY SEASON.—If the present drought continues it will prove a serious injury to the crops. The land through the country is very dry, and vegetation is not as far advanced as it should be.

GOING HOME.—For the past two days the different trains and steamboats have been crowded with young ladies and gentlemen who had been attending Normal school and were on their way home.

A SERIOUS BLOW.—This season promises to be a disastrous one for the woodboat men. The adoption of flat soles by Mr. Gibson to carry his loads to St. John has been a serious blow to the trade.

APPOINTMENTS.—Thomas W. Purvis to be a justice of the peace and commissioner of the parish of Southampton civil court, in room of Matthew S. Ryan, deceased. William Walker to be a justice of the peace.

IMPROVEMENTS.—McMurray and Co. are making extensive improvements in their already spacious store on Queen street. A large addition will be built to the store, in which will be kept a large line of wall papers, etc.

SAVINGS BANK.—The withdrawals from the New Brunswick Savings Bank for the month of May exceeded the deposits \$30,133.40. The amount of the deposits was \$69,264.73, and the withdrawals were \$102,398.13.

A FANCY SALE.—The churchwomen's branch of the woman's aid association will hold a fancy sale and garden tea, on the grounds adjoining the parsonage at Gibson, on Thursday 18th inst. A band will be in attendance during the evening.

REPORT TO LOVE HIM.—The St. Andrews Beacon says: "The proprietor of the Queen hotel, Fredericton, advertises that excellent property for sale. Too much Scott act has disgusted proprietors elsewhere. Fredericton will lose a good man when Edwards goes."

THE TWELFTH.—It has been decided by the organization of the city to have no regular celebration Sunday, the 12th of July, but the city organizes will march in procession to the Baptist church where an appropriate sermon will be preached to them by Rev. B. H. Thomas.

A DARING CLIMBER.—Albert Sterling, on Monday last, performed the difficult task of climbing the flag pole on Parliament square, a distance of 126 feet, and placing the flag upon it. He accomplished the feat in twenty minutes from the time he left the ground.

IMPROVEMENT.—Extensive arrangements are in progress at the Fredericton gas works in raising the outside walls six feet higher. This improvement was found necessary in order to make room for the improved machinery and apparatus the company intend putting in. Alex. Block has the contract.

THE DRIVERS.—Robert Conners has started for the Upper St. John with the corporation drive. This will make the third last drive. Stevens' drive, out of the Allegash, and Chisholm's from the St. Francis river, will include this drive. It is said that Mr. Stevens has nine millions, the largest of this year.

B. AND F. B. SOCIETY.—Rev. T. Astor Bina, honorary holy secretary of the British and Foreign bible society, addressed a large audience at the Methodist church, Thursday evening, on the work of the society. Music was furnished by the direct church choir under the leadership of C. H. B. Fisher.

BAND CONCERTS.—The Fredericton brass band will parade some evening soon, and occupy the band stand on parliament square where they will render a good program. The band of the 1st battalion will play on the band stand some evening next week. It is not yet known what the R. S. I. band will do in the way of open air concerts this season.

TURNED UP ALL RIGHT.—Charles Pollock, son of Henry Pollock of this city, now a resident of Boston, reported missing, an account of which was given in THE HERALD last week as taken from the Boston Herald, has turned up all right. He merely went away on a visit to some friends in an adjoining town, staying away longer than he expected.

DRAPE IN BLACK.—As a token of respect to the death of Sir John Macdonald, the locomotive running on the Fredericton branch is draped in black. Messrs. Edgecombe, Clinton and Cannon of Fred. B. Edgecombe's establishment were the decorators. The other locomotives running on the C. P. R. as well as the I. C. R. and C. E. were draped in a similar manner.

SENTENCED.—Nobles and Pace, the two prisoners of the S. S. C. who deserted from the barracks here, and who were captured at Woodstock, were taken to jail Tuesday afternoon. Pace was sentenced to sixty days and Nobles to forty-five days. In consideration of the previous good conduct of the men, Pace got twenty-five and Nobles twenty-four days of their punishment remitted.

LECTURE.—H. R. McConaghy, the imperial vice-commander of the F. Y. B. C. addressed a large audience in the Marysville hall Tuesday evening. In addition to the address, a good program of music was rendered, consisting of selections by the F. O. M. W. orchestra and band solo by Mr. Handley. Mr. McConaghy expects to organize a branch of the order at Marysville very soon.

BOSET HOR.—The bonnet hop held by the Mary's firemen on Tuesday evening was a complete success. The city firemen, headed by the R. S. I. band, marched in procession to the grounds at the St. Mary's end of the bridge. An ice cream booth, under the management of Miss Ida Staples and other young ladies, as well as a beer counter, in charge of E. Boone, were kept busy during the evening. Dancing was kept up until the "wee sma'" hours, Dr. J. Stockford acting as floor manager. The dance will be repeated on Wednesday.

NEW SCHOOL BUILDING.—The plans for the new school building, which is to be erected at the corner of George and York streets, are now at the office of the secretary of the board of school trustees. The building will be a handsome two story brick structure, and in addition to corridors, ante rooms, etc., will have first class rooms and two large assembly rooms. The assembly rooms, which are situated on the second and third floors, can be, if desired, made into class rooms.

A Deserved Tribute.

At the last meeting of the quarterly board of the Methodist church, the following resolution was moved by C. A. Sampson, seconded by C. H. B. Fisher and unanimously carried:

Ordered, That in view of the fact that the present term of our esteemed pastor, the Rev. Job Shenton, expires with the termination of this his second year, we deem it but just to him to place on record the statement that on several occasions in the week we found it difficult to secure the pastor, we desired owing to the general change of circuits taking place the year previous to the close of our three years; and in order to overcome this difficulty and get into line it was generally understood by this quarterly official board, long before the meeting of annual conference in St. John in 1889, that the term of whatever superintendent might be sent to this circuit would expire in two years.

It is with pleasure we record our high appreciation of the zeal and devotion of Mr. Shenton as preacher and pastor, and his ready assistance in promoting the varied interests of our church and community. We also take this opportunity to acknowledge the assistance in all church work so cheerfully and continuously rendered by Mrs. Shenton and daughters.

With gratitude we thank Almighty God for His signal approval of the labors of our pastor, and we are sure will carry away with him the love of all our people.

The Officers Square.

To THE EDITOR OF THE HERALD:

I observe that "the young girls of the parish mission band, intend holding a fancy sale in the officers square on Tuesday, June 16th. Ice cream and refreshments; entrance free." Would you kindly inform me whether Colonel Mansell has turned over a new leaf? Is the square to be available in future for church entertainments? Will Mr. Wilson, M.P.P., who with many other gentlemen was ejected from this square on a public holiday a year or two ago, now be permitted to bark in the sacred sun of the enclosure? Are we upon the verge of an era of evangelical reform, when the square is to be devoted to the cause of Christ? Is the sword of the gallant colonel to be beaten into the pruning hook of the church militant? Or, is it a fact that no other demonstration of the church of England need apply for the use of this public property?

An ANXIOUS QUAKER.

Our correspondent will obtain all needed information from Colonel Mansell himself. Certainly, the square being dominion property, it is absurd to suppose that the colonel would give to another denomination a privilege which he would refuse to another. If one of them has a right to the square of course the other churches are equally entitled to it. In this view, no doubt, Colonel Mansell heartily concurs.—[E.]

The Crop that Falls not.

An event which had been looked forward to for some time by our citizens, came off in St. Dunstan's church on Wednesday morning last, the marriage of Miss Bessie Owens, daughter of John Owens, to Jeremiah H. Barry, of the firm of Blair and Barry. Rev. J. C. McDevitt was the officiating clergyman; Miss Cole of Woodstock acted as bridesmaid and Dr. Owens, of Millville, rendered the necessary moral support to the groom. The immediate friends of the contracting parties were present in force, together with a small contingent from the populace at large. Miss Owens made one of the fairest of brides, and the people's own "Jerry" one of the manliest of grooms. Both of the contracting parties have a host of admirers in Fredericton and elsewhere, whose hope it is that all that is bright and joyous in life may be theirs.

After a wedding breakfast at the residence of Mr. Owens, to which all parties present did full justice, Mr. and Mrs. Barry boarded the morning train for Boston, New York and other honeymoon resorts, followed by another special train of mammoth cars loaded with good wishes for their welfare.

Socials.

The ice cream and strawberry social held in the vestry of the P. C. Baptist church, Thursday evening, was largely attended. Strawberries and cream were in abundance, the latter being furnished by the St. Mary friends of the church. The music of the F. O. M. W. orchestra, who kindly volunteered their services, was exquisite, and tended greatly to the enjoyment of the evening. About \$70 was realized.

On Thursday evening there was another large gathering at the ice cream social held in the hall of the R. S. I. The F. O. M. W. orchestra was again in attendance. A very pleasant time was spent by everybody. The remains of the cake and fancy goods was auctioned off, G. F. Gregory acting as auctioneer.

Recent Fires.

The roof of Simmons' tannery at west end ignited on Monday from a spark from the chimney. It was extinguished before any damage was done.

The Morrison mill wharf caught fire on Tuesday, and the Alexandria had to be sent down to extinguish it.

The house of Robert Burrill at Harvey station was entirely destroyed by fire on Monday last with its contents. Loss \$1,000, partly covered by insurance. The barns were saved with great difficulty.

Thomas Morris, of Kewick Edge, lost his horse by fire on the morning of Friday of last week. The roof caught from the chimney, and in a short time the whole barn was a mass of flames. All his household goods were consumed. It was valued at about \$1,000, and uninsured.

Robbery at Blissfield.

The Chatham Advance says: Saturday night last the store of John A. Blissfield, Blissfield station, on the Canada Eastern railway, was burglarized and some \$30 in cash and about \$100 in goods were stolen therefrom. An entrance was effected by forcing the office window. On Sunday Mr. McDonald, official of the window, upon which led him to investigate, when he discovered his loss. He immediately started out to run down the burglar, rightly surmising that they had gone towards Fredericton. He overtook them some distance above Doaktoon, and identified them by the goods they had in their possession. They gave their names as Smith and McKenzie.

Burial Certificates.

Following are the deaths recorded at the board of health office for week ending June 13th:

Croup	1
Consumption	2
Old age	1
Month ending May 31st, '91:	
Old age	1
Diphtheria	1
Congestion	4
Drowned	1
Heart disease	3
Consumption	1
Bronchitis	1
Paralysis	1
During April the number of deaths reported was twenty-three, which was a larger number in proportion than any other city in the Dominion.	

The Fredericton Driving Park.

The driving of only tickets holders on the park has spoiled a good deal of the fun there. Still Allie Morris, Keirstands pacer, the dark horse from Marysville, Sir Willie, Mr. Murphy's Keenago, Hon. A. G. Blair's pacer and Chas. Hat's span are a few of the good 'uns to be seen at the track. Allie Morris and Robbie Lee often have a hold and make a very pretty race, while the pacer generally gets in his work after dark.

MILLVILLE IN FLAMES.

The sixth annual interprovincial shooting match at Bagby range, Thursday was won by the Nova Scotia team. The scores were as follows:

300	500	600		
yds	yds	yds TL.		
Major Bishop, 63d Bat,	33	39	34	97
Sergt-maj Case, H G A,	23	31	33	87

Pte Wilson, 63d Bat,	29	29	23	77
Capt Maxwell, H G A,	29	25	21	75
Lt Flowers, H G A,	27	25	22	74
Totals,	221	218	215	652

LIST OF THOSE BURNED OUT.

[SPECIAL TO THE HERALD.]
This morning our village had a very narrow escape from being wiped out by fire. A force of wind from the northwest bore down upon the village carrying with it burning embers, and with the dense smoke prevailing, soon threw our inhabitants into consternation and awe; but inspired with that heroic nature, everyone went to work with a will.

The fire was first discovered in the barn owned by Mrs. Morgan, at the west end, which were destroyed with contents. While everyone was endeavoring to save the property, the old Millville house was discovered to be in flames, and which was soon destroyed. The flames spread to adjoining buildings, and at this moment it indeed looked as if the whole village was doomed to succumb to the fiery element.

As the fire spread the wind appeared to increase in height, carrying on its wings fierce burning brands of everything perishable, blinding smoke, and intense heat, through which the inhabitants with willing hearts fought to save their homes from destruction.

Following are the losses together with those insured:

Henry Brown, \$400; Estey, \$150, both of which were insured.
Clark's loss \$350; Hull, \$300. No insurance.
Mrs. Morgan, \$400. Partly insured.
Wiggins and Greenlow lose most of their furniture.

THE FIERY ELEMENT.

Terrible Sweep of Destruction by Forest Fires.

Forest fires during the last few days have been raging extensively in the vicinity of Moncton, but no serious consequences have been reported as yet. Word comes that all along the I.C.R., north of Moncton, of the seriousness of the fires in that section.

Welford station is in danger of destruction from the same source.

Latest intelligence regarding the forest fire raging at sections along the northern I.C.R., is that much damage has been done in many places, through the country mills and lone houses that have been burned.

The greatest amount of damage so far has taken place between Coal Branch and Rogersville. Kent Junction is very nearly annihilated, eight buildings including the station having been destroyed together with the effects of Messrs. Powers, Morton and Legough, and Mrs. Brown. The only remaining houses at Kent Junction are the Bleakies, McPherson's and Woods. Several cars on the siding, telegraph poles, fences and everything that could be consumed have been burned. About 15,000 railway ties piled along the track at different places have been destroyed, while the tan bark business here and at that section of the country, the whole tan bark region having been burned out and estimated to lose.

Large forest fires are raging in the vicinity of Upper Enchanted ponds Skowegan, Me., and on Parlin street. A region within a radius of 30 miles is completely enveloped in a dense cloud of smoke, almost suffocating. The extent of the fire is unknown. It is feared that all the dams on Parlin street, and lumber camps there and on the Upper Enchanted pond, will be destroyed. Nothing but rain will keep the fires from spreading.

Fire is still ravaging Lake St. John country in Quebec, with unabated destruction. Mile upon mile of burning timber is being carried along the railway line and still the burning element is travelling along with the sweep of 100 miles. The destruction and loss cannot be estimated yet. Settlers have lost their all, stations burnt up, mills wiped out. Firewood by thousands of cords and timber by millions of feet have been reduced to ashes. Many striking incidents and narratives are being beginning to reach town. One unfortunate of St. Felicien while flying for his life, took refuge in a well and was drowned.

The fire is still on March, in Saguenay, spreading destruction and death. At less there is rain soon it seems hard to say what the outcome will be.

Word comes from Knowlesville, on the upper border of York county, of great destruction of property by forest fires. Thousands of feet of sawed lumber have been burned and fences and buildings are in greatest danger. Men and teams are at work night and day fighting the flames. The eastern side of the valley of the Nashwaak for about ten miles, from Durham bridge to Stanley, is in a blaze, and some of the farm houses are said to be in danger. Fires are also destroying the forests in Millville and vicinity.

Recent Deaths.

Daniel Moore, who died last Saturday, was buried on Monday afternoon, with full salvation army honors. The Army led by the band escorted the remains to the rural cemetery where they were interred.

The funeral of Miss Nellie Goodine, whose death occurred on Tuesday, was held Thursday morning and was very largely attended. Nellie was a very bright young lady and will be greatly missed by her friends and associates.

Mr. and Mrs. C. C. Gill are mourning the loss of their little child, who died at their residence on Brunswick street, Tuesday. A cablegram has been received by Rev. Jos. McLeod announcing the death of A. B. Boyer at India, where he had been a missionary for five years. Deceased was born in 1838 from the U. N. B., and for a time was teacher of mathematics in the Baptist seminary. Previous to his departure for India he married Miss Shea, of Grafton, Carleton county, who accompanied and assisted him in his labors. He was born in Carleton county.

Word has been received this week from Pennsylvania that the late Myrshall, former resident of Myrshall, who went to that state about a year ago, accompanied by one Chessie of the same place, was murdered a few days since. Deceased was hit by a stone thrown at him. His assailant is under arrest, and will be tried for murder. Chessie was to bring the body home, but was stopped by the authorities pending an inquest. No further particulars have been received.

Miss Sarah Scully, daughter of Wm. Scully, died at the residence of her father on Thursday morning. The deceased was in her 31st year, her death was caused by consumption. She was interred at St. Dunstan's cemetery this morning. While hastening to her bedside, her father, who has been ailing for some time, had an attack of paralysis. His head struck a stove which he was passing, and he was quite badly hurt.

Death removed on Thursday, Mrs. Emily Roberts, widow of the late Geo. Roberts, and mother of Rev. G. Roberts of this city. The deceased lady, who was a great worker in the Episcopal church, was 81 years of age. Her death was hastened by an attack of bronchitis. Dr. Edward Roberts, of Jamaica, who holds a government office there, and Mrs. Col. Robinson, are also surviving children of the deceased. Her husband, the late Geo. Roberts, as superior of the Grammar school, was for many years an historical figure in this city. Mrs. Roberts was a most estimable lady and endowed with great mental gifts.

Cow Hunt.—While a child of George Clark, Sunbury street, was driving his cow across the railway track near Morrison's mill, Wednesday afternoon, she was struck by a locomotive. The animal was dragged some distance, but strange to say escaped with a few bruises. The little boy narrowly escaped.

The Rifle.

The sixth annual interprovincial shooting match at Bagby range, Thursday was won by the Nova Scotia team. The scores were as follows:

300	500	600

PERSONAL.

Concerning People Known to Most Readers.

Speaker White was in town this week. Geo. White is expected here soon to inspect the I. S. Corps.

Major Gordon spent Sunday and Monday with his family here.

Chas. B. Gifford, formerly of the Fredericton Globe, left for Vancouver, Thursday.

Geo. W. Babbitt, of the bank of N. S., has been transferred to St. John for the present.

Miss Shenton, of the teaching staff of M. Allison ladies college, returned home last week.

Misses Nellie and Maud Nicholson, formerly of this city, left yesterday morning for Ottawa to attend the funeral of Sir John A. Macdonald and returned on Thursday.

George Bradley, of Nashwaak Village, has gone to Kingarth, N. W. T., and Luther and wife of the same place have gone to Calgary.

The many friends of Judge Fraser will be glad to learn that his health is much improved. His honor returned Monday from his southern trip.

Harry Porter and Robert Rosborough leave for Upper Canada on Monday, the former going to Woodford, Ontario, and the latter to Montreal.

Mr. and Mrs. Randolph, left on Wednesday for Holyoke, Mass., to witness the graduation exercises at the Ladies' Academy at that place, in which their daughter is to take part.

Rev. Oscar Gronlund, a native of Finland and a member of the Sackville graduating class, is visiting at the Methodist parsonage. Mr. Gronlund will supply the Methodist pulp while Mr. Shenton is at conference.

Geo. Histen of the order of railway conductors of the C.P.R., is in the city with his bride visiting his numerous friends and connections. They have had an extensive trip through the southern and eastern states, and now on their way to the maritime provinces. George has made his mark in the west and is popular wherever he is known.

Police Penalties.

On Monday morning, after the disposal of two drunks who made the usual deposits, the case of John O. Driscoll against James Driscoll was taken on. As the defendant did not appear, the police magistrate after hearing the evidence of the plaintiff, who swore that he was standing in the door of his residence on Brunswick street, Tuesday, and struck him three times, fined the defendant \$8.25. It is said that James has departed to parts unknown.

The case of the city treasurer against Robert Hamilton was proceeded with. This is a case of dog which was in the possession of Hamilton biting Joseph Doherty. It was settled outside the court.

A large number of "called persons" of the city got badly left on Tuesday morning. The P.M. had the beehive case called on at ten o'clock, in order to avoid the crowded room which would have been the result. The prisoners all pleaded guilty and were fined.

On Wednesday, a man by the name of McLaughlin, an employee of Edgecombe & Sons, was fined one dollar for driving on the sidewalk.

The police magistrate gave decision yesterday in the cases of F. B. Coleman and George Howard for violation of the Scott act. The charge against Coleman was dismissed, but Howard was convicted.

The Drummer and the Dime Savings Bank.

Drummers are not, as a rule, in need of salting seasoning, but one of them was fresh enough the other day to fancy he could get the better of Fred Coleman of the Barker House, Fredericton, with the old dime savings bank racket. "Look at that," he said, winking at a brother commercial. "Drop a ten cent piece in the slot and hear it play 'Annoo Rooiee.' Will it now?" asked the innocent hotel man. "Just try it and see," replied the traveller. Fred saw by the result that only three cents were required to fill it, and he saw three in the till. So he put one in and appeared to be greatly surprised that it didn't play the promised tune. It must be out of order," said the drummer. "I'll try it again," said Fred, and he inserted two more coins, pressed the knob, emptied the contents of the bank in the till, and suavely handed the empty music box back to its owner. The drummer was 70 cents out but he had gained more than 70 cents worth of experience.—[E.]

The Wagon.—The St. John bicycle club have notified the park association that they will be here on Dominion day and take part in the following races: One mile safety, open to those who have ridden this season only; one mile ordinary high wheel; one mile safety open to older wheelmen.

The Crop Outlook.

Crop reports from various districts throughout the province of Ontario state that the country is suffering from lack of rain, and the outlook at present is not promising. The following is a summary of reports from over 100 stations:—

Hay a light crop in many places; will be a failure.
Fall wheat generally fair, in some sections looking splendid, but needs rain.
Spring wheat suffering badly from want of rain; an average yield is scarcely expected anywhere.
Oats backward.
Barley, less acreage sown than in former years; it is not in good condition.
Peas are reported generally favorable.
Roots are not forward enough to estimate the prospects.
Grapes are damaged by frost in many sections. The latest reports say that fruit, fair crop is promised. In Toronto and Oakville districts it has been damaged or retarded by cold weather.

Owing to lack of rain the crop prospects in Queen's county are poor. The latest reports say that grain is not growing. Hay and peas are in fair condition however.

Magnificent rains have fallen throughout Manitoba and crops are looking better than ever before at this season. The country has been benefited to the extent of millions by recent drenching.

Accidents.

Four young men, James Welch, W. Bradley, J. Cole and a soldier named Cameron, had a very narrow escape from drowning Monday evening. The party were out in a sail boat when it capsized and filled with water. Some men at Blatzen's factory seeing the accident, rowed out, and assisted by a boat from the Bismark succeeded in saving the men.

John Segge, son of Henry Segge, of Magaguadavie, met with an unfortunate accident at Vancouver one day this week. He was about jumping on the moving engine when he missed his hold, and was caught under the wheel, mashing that member to such an extent that amputation was necessary.

A refreshing shower yesterday gladdened the hearts of the farmer.

Trinity term of the supreme court is in session.

NEW ADVERTISEMENTS

Tenders for Schoolhouse.

NOTICE is hereby given that tenders will be received by the Board of School Trustees, Fredericton, until noon on Monday, the 12th inst., for the building of a schoolhouse in accordance with Plans and Specifications attached hereto, and at the office of the Prothonotary, Fredericton, N. B., at 10 o'clock on the 12th inst.

Each tender must be accompanied by the names of two responsible persons who will be willing to become sureties for the faithful performance of the contract.
