### INDIANS ARE MERCENARY

The Indians at the fair grounds this week were heaps like white man when they hit upon a scheme for making a little bit of money for riding on the Edmonton street cars. Shortly after their arrival at the grounds, with a fresh dash of war paint, they struck for the upper grounds to the south west corner and initiated a grand Indian pow wow and program of Indian sports. Admittance was charged to see the performance and a goodly number paid their money to get a view of the redmen enjoying themselves.

### HIS HONOR A HORSEMAN.

Lieut. Governor Bulaya, Hon. Chas. Murphy, and Dan McIntyre, M.P. figured in a mix-up Thursday night which had serious consequences but for the horsemanship and pluck of the Lieutenant Governor. His Honor was driving the Secretary or Sheriff and Dr. McIntyre were at the exhibition grounds, when a plank run over by one wheel, up-ended, raising one side of the carriage and throwing the Lieutenant Governor to the ground. He pluckily clung to the reins and brought the spirited team to a standstill after being dragged some distance. No one was injured and save for the mud that clung to the gubernatorial garments, no damage resulted.

### BOUGHT A JERSEY HERD.

Mr. Rice Sheppard, of Strathcona, purchased a splendid herd of Jerseys consisting of four cows and one bull, from Messrs. B. H. Bull & Son, the Jersey exhibitors, at the exhibition Thursday. Mr. Sheppard has at the head of his herd a bull, the prize winner in his class, imported from the Island of Jersey and one of the best-bred animals in Canada. Among his cows is the prize winner at this exhibition, the same cow also winning the butter test at the Guelph exhibition. One of his cows is also imported from Jersey Island. Mr. Sheppard has now a herd of seven Jerseys. They are all pure bred animals of excellent quality and in them he has the foundation for one of the finest herds of Jerseys in the West. Mr. P. E. Bulchart also purchased a pure-bred Jersey cow from Messrs. B. H. Bull & Son that is an animal of excellent quality.

The presentation was made by Chief Member of Virden, Man., who spoke in eloquent language of the success of the convention which was mainly due to the work of Chief Davidson during the past few months. ### WAS RUNNING A BUNDO GAME.

During the fair days only one bunco game came to the attention of the police. This was revealed yesterday afternoon by the owner despatched by the police to the fair grounds to the E. Y. & P. track, close to the grounds, where, loading began as all parts of the fair grounds were in waiting at Strathcona, who had a great demand for city drays to convey the stock and effects from the grounds to the fair grounds. Mr. Pennock told a Bulletin representative that it would take about fourteen cars to convey the stock to the fair grounds. A few of the stockmen had a car between them, but no fewer than twenty exhibitors of live stock at the Edmonton fair left for Calgary. The stock train was expected to leave Strathcona at midnight, but it did not leave until about one o'clock when the engine with its heavy load pulled out for the south.

### FROST NOT A FACTOR.

"Given average weather until August 10th, and the country between Red Deer and Lethbridge will be the biggest and best harvest in the history of the country," is the good word of D. A. Bickell, of Sedgewick, who is in charge of the C.P.R. train had for the Bulletin, when seen at the Cecil Hotel Wednesday. Mr. Bickell says that the crop is a home-grown one that has just proven up on a few miles south of that town, and states that his spring wheat will be ready to harvest in ten to twelve weeks, while some of his barley is already heading out. The acreage under crop shows an increase of fully twenty per cent over the crop of the entire area is growing wheat. The farmers have already woken up to the necessity of growing winter wheat, and the outlook is good. It was winter-killed this season, agriculturists are going into it heavier than ever this year.
