PENHOLD FARM WAS KILLED BY A WAGON

His Bronchos Strayed and Threw Him Under the Wheel—Was One of the Most Prominent Men of Red Deer District and Held Many Offices—His Wife Was Crushed.

Bulletin Special. Red Deer, Oct. 4.—Arthur Hives, aged 45, one of the most prominent men of the Red Deer district was seriously crushed by a loaded wagon passing over him on Wednesday afternoon that he died about an hour afterwards.

He had gone in from his farm three miles west of Penhold to get some shipping done and in his return, as he is a manufacturer, a sudden start of his young bronchos threw him under the wheel which crushed his ribs on one side into his back, causing internal hemorrhage from which he passed away in a semi-conscious condition shortly afterwards.

He was a man of much more than ordinary strength of body and spirit. His energy and integrity won him many duties and many friends. He leaves a large family of brothers and sisters with his mother in this district. His wife was Alice, eldest daughter of John A. Carwell, publisher of the Red Deer News and chairman of the Red Deer public school board. They have two little children.

The agreement will be buried tomorrow in Red Deer cemetery, where his father was buried last year. The deceased came from England fifteen years ago.
