## Portuguese Revolution.

**Bloody Battle on Tuesday—Public Buildings of Lisbon in Hands of Republicans—Revolution Not Extended to the Provinces—The Army Divided—Fear for King Manuel's Life.**

Special Evening Telegram. LISBON, Oct. 6. The number of casualties, as a result of the fighting in Lisbon, is very large. The dead exceeded one hundred in the early skirmishes of the outbreak, according to advices brought here by the steamer Cap Blanco. The steamer was lying off Lisbon when the rioting within the city began. The first authoritative news of the outbreak reached the outside world by wireless message from the Captain. According to the story told by the passengers of the Cap Blanco, the revolution broke out immediately after a banquet at the Royal Palace in honour of the President-elect of Brazil. Persons on the steamer witnessed stirring scenes in the streets. Twice they saw the cavalry charge the mob, and also watched the bombardment and storming of the palace. Crowds of dock laborers who were watching the bombardment cheered repeatedly, as they saw shells drop within the walls of the Palace.

Special Evening Telegram. VIENNA, Oct. 6. Duke Michael of Bourbonnais, Pretender to the Portuguese Throne, is now in Bavaria with Prince Von Lovenstein, his brother-in-law. One of

the barracks to acclaim their revolution. Many of the soldiers fraternized with them, and forthwith the 1st regiment revolted openly followed shortly by the 13th of which the King of Spain is Honorary Colonel. Certain officers of the 13th regiment tried to check the soldiers but fell riddled with bullets. The 5th regiment of the line and the 1st regiment of Chasseurs also joined the revolt, and at the same time in the harbour the Admiral of the fleet hoisted the flag of the Republic to the peak of his flagship and saluted it with the warships guns; the firing has been incessant ever since. Details of the fighting in Lisbon, now drizzling rain, indicates that two regiments, one of which was artillery, in conjunction with thousands of peasants who arrived in the country the night before, maintained a bloody battle on Tuesday with a Loyalist regiment. They soon were joined by another regiment and the number of Revolutionists increased. The members of the Cabinet went to Necessidades Palace and implored the King to seek safety, for they were unable to answer for his life. The first step of the revolutionists' troops was to dynamite the railway bridges and thus keep out the arrival of Loyalist troops.

Special to the Evening Telegram. LONDON, Oct. 6. The rate of discount of the Bank of England remained unchanged at 4 per cent. to-day.

(Daily News Message.) MADRID, Oct. 6.

Detailed accounts of the uprising in Lisbon, which have reached the city, indicate that the outbreak was spontaneous. The revolution seems to have begun in a series of street rows. The police resisted, but ineffectually. A priest, who endeavored to restrain the mob, was thrown into a pond. The Municipal Guard was called out to help the police, and sallied out under arms. Then the people in the streets went to the barracks to acclaim their revolution. Many of the soldiers fraternized with them, and forthwith the 1st regiment revolted, openly followed by the 13th, of which King Alfonso, of Spain, is the honorary Colonel. Certain officers of the 13th regiment tried to check the soldiers, but fell, riddled with bullets. The 5th and 1st regiments also joined in the revolt, and at the same time, out in the harbour, the Admiral of the fleet hoisted the

flag of the republic to the peak of the flagship, and saluted it with the guns of the warships. Early to-day the Government received further advices, confirming the information that the revolutionary movement, originating in Lisbon, had gained no ground in the Provinces. The Radical Club last night illuminated its building, in celebration of the uprising, and members sang the Marseillaise. Members of the Cabinet went to the Palace, and implored the King to seek safety, saying that they were unable to answer for his life.

(Daily News Message.) LONDON, Oct. 6.

The Portuguese legation is still without news of the situation in Lisbon. No connected account of the fighting is yet available. By an old Treaty alliance, confirmed seven years ago, Britain is bound to come to the assistance of the King of Portugal, should he be deposed by a rebellion, but this succour must first be applied for; therefore, in the opinion of British Statesmen, no difficulty is likely to arise in the present case, although should King Manuel claim protection, he would be removed on a British warship to British territory.

(Daily News Message.) MADRID, Oct. 6, 9.30 A.M.

The struggle between the revolutionists and royalists in Lisbon is continuing to-day.

### China Wedding.

"Real Newfoundland Dances Were Danced."

Mr. and Mrs. Michael Brown, of Newfoundland, celebrated their china wedding at their residence, 289 Hick's Street, Brooklyn, on Saturday, 24th inst., where a very enjoyable evening was spent by the fifty-two invited guests. Mr. and Mrs. Brown since their marriage, twenty years ago, have occupied a large and comfortable brown stone house in Brooklyn, N. Y., where they have spent a very happy and blissful married life, and let us hope that they will live to celebrate their golden wedding. Among those present were several first-class musicians, players and singers, three electricians and several good dancers. The real Newfoundland dances were danced. The quadrille and lancers were danced, and several of the Newfoundlanders were thoroughly enjoyed by all. Supper was served from 11 to 12.30, when dancing and parlor games were resumed until 5 a.m. Mr. and Mrs. Brown are well known in Brooklyn and naturally have many prominent friends from whom they received many handsome and valuable presents. The happy couple expressed a strong desire which was gratified by their friends still living in the Old Country could have been there, as, of course, these little social gatherings tend to bring forcibly to our minds those whom many years ago we left behind, and we feel quite certain that they in return are thinking of us in like manner.

Wishing Mr. and Mrs. Brown many years as they have spent their past years, we congratulate them on their golden wedding and wish them the best of health and happiness.

### Prospective Changes.

It is possible that when the s.s. Leontes, now building for the Red Cross Line, goes into commission, that Mr. Williams, the present chief officer of the Florizel, will be given command of the Rosalind; that Capt. Clarke, now of the Florizel, will take charge of the ship, and that the popular commander of the Rosalind will take over the Florizel. There will be changes and promotions for the other officers of the Florizel and Rosalind also.

### Few Doses Will Regulate Kidneys.

The blessed relief that follows the use of Pape's Diuretic is a revelation to sufferers from backache or kidney bladder and urinary disorders. The time to cure kidney trouble is while it is only trouble—before it settles into Dropsy, Gravel, Diabetes or Bright's Disease. Pape's Diuretic acts at once upon the kidneys, bladder and urinary system; cleanses, vitalizes and regulates these organs, ducts and glands, and completes the cure within a few days. The moment you suspect any kidney or urinary derangement, or feel a constant, dull backache or the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of scalding, you should begin taking Pape's Diuretic as directed, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure.

Misery in the back, aches or pains, sick headache, inflamed or puffy eyelids, nervousness, rheumatism and darting pains, heart palpitations, bilious stomach, prostatic trouble, dizziness, sleeplessness, listless, weak, worn-out feeling and other symptoms caused by inactive, sluggish kidneys simply vanish. Uncontrollable urination, especially at night, ammonia, discolored water and all bladder misery ends.

Your physician, pharmacist, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, who prepare Pape's Diuretic—50-cent treatment—sold by every druggist in the world.

### Wedding at Botwood.

The wedding of Mr. Ellis D. Watson, cashier of the Reid N.G. Co., and Miss Christina M. White, daughter of Mr. and Mrs. John H. White, of Botwood, took place last Wednesday at that town. Rev. J. White of Grand Falls officiated. The church was beautifully decorated for the occasion. The bride was given away by her father. Hon. R. Watson was best man. After the wedding the happy couple came across to Norris' Arm where they took the train for Bay of Islands, where they will remain till tomorrow and will then return to Botwood. The bride received a large number of valuable presents. The Telegram extends its congratulations.

### A Number Arrested.

Each night the past week the police have been kept busy arresting prisoners, and disorderly scenes were witnessed on Water Street in which females as well as males on one occasion participated. Each night under the vigilant supervision of Supt. Grimes the police have quickly cleaned up the disorderly element and from 8 to 10 were put behind the bars. A feature of arrests at night of late is that each prisoner has in his possession one or more bottles of liquor.

### Schooner Dismasted.

Yesterday Mr. Piccott, Minister of Marine and Fisheries, had a message from Quirpon by Battle Harbor and Cape Ray, stating that the schr. Welcome was there with both her spars gone and that her crew wished to get home as soon as possible. The owners were advised of her condition and the men will be sent home.

### CHANGE OF ENGINEERS.

Mr. Reader, the chief engineer of the s.s. Rosalind, left for his home, London, England, before the ship left New York. The second engineer, Mr. Davis, has been appointed chief; the third, also a Mr. Davis, steps up to his place; the fourth, Mr. Ford, is now third engineer, and Mr. Grant, son of Mr. Thomas Grant, of this city, has taken a position as fourth engineer of the ship.

### Backache Suffering

A wonderful medicine is this man's description of DR. CHASE'S KIDNEY-LIVER PILLS.  
Mr. Fred Gummer, Lillies, Ont., writes: "I can honestly say that Dr. Chase's Kidney-Liver Pills are a wonderful medicine. For six weeks last fall I could scarcely walk around for pains in the back and legs, and was almost completely unfit for work. Though I tried several medicines I got no better. I saw Dr. Chase's Kidney-Liver Pills advertised and bought five boxes. After I had used three boxes, I was greatly improved and by the time I had them all taken felt as well as I ever did. I would advise anyone suffering from kidney disease to use Dr. Chase's Kidney-Liver Pills.  
"We have also used Dr. Chase's Syrup of Linseed and Turpentine for colds and sore throat and would not be without these medicines for anything."  
Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers or Edmanston, Bates & Co., Toronto. Write for a free copy of Dr. Chase's Recipe Book.

Glenn is extra supervisor, and Mr. Odoiph Lovenski is baker and confectioner; W. Martin is assistant cook and Herbert Martin is chief of the pantry; Mr. Jno. Neversafe is second cabin steward and Miss McHardie is stewardess. This lady has been a servant of the Red Cross Line for a long time and was on the Portia and Florizel.
