SATURDAY, Nov. 16, 1912.

An Unfortunate Blunder!

The cable message this morning recalls to our mind an unfortunate blunder of the Morris Government in connection with the Hague Award.

The message tells us that Secretary Knox and Ambassador Bryce yesterday exchanged ratification of the Treaty for the adjustment of the North Atlantic Fisheries, which has been approved by the Senate.

It will be remembered that the Tribunal decided that the British had the right to make regulations provided they were reasonable for the fishery and fair and equitable as between British and American fishermen.

It was also decided that the reasonableness of any existing regulation, if contested, was to be decided not by either party but by an impartial tribunal.

This was held by Sir Robert Bond to be a concession to the United States.

The award, however, of this impartial tribunal was to be subject to the Hague Tribunal.

Sir Edward, unfortunately, made a special agreement which we understand is the one which was ratified yesterday, to the effect that an impartial tribunal should sit on the reasonableness of the Regulations, if contested, and its award should be final thus doing away with the safeguard of appeal to the Hague.

The Problem Solved.

In United States and Canada the average workman's income is \$600.00 per year. In Newfoundland, where all necessities of life are higher, the average income is only \$350.00. This can be remedied by our fishermen using a Fraser Engine, which will at least double their earning capacity. The Fraser is economical, strong, speedy and durable; any 10 year old boy can operate it. No fisherman can afford to be without one. Price and terms attractive. FRANKLIN & CO. nov16.11

CAPE RACE, To-day.
Wind south west, dense fog, raining; nothing heard passing. Bar. 29.30; ther. 46.

Henry Winkler, of Holyoke, Mass., has a scythe, the blade of which is imbedded in the branch of an oak tree. According to the story which goes with it, a resident of Southampton was at work mowing when the call for volunteers came at the opening of the Civil War. On finishing his day's work he hung the scythe in an oak tree near where he was working and that evening enlisted for the war. The scythe hung there still until last Spring, when it was discovered, and the limb containing it cut off. The wood had grown completely over the blade of the scythe, the point sticking out from near the centre of

WANTED More Workers

AT ONCE, families, sons and daughters to color pictures in the home, for the trade, by a NEW COLORING PROCESS. We furnish everything, you do the work. We send plain, outline pictures which you color and return to us. No experience required. Work is easy and fascinating. Good wages! Work all year round, for whole or spare time. No canvassing, our travellers sell the goods. Write to-day for instructions and contract (free) and start work at once.

THE Best Bread IS Ayre's.

Here and There.

The s.s. Fogota left Catalina early yesterday, bound north.

The Fraser Engine is strong and reliable.—nov16.11

VESSEL DAMAGED.—To-day the schooner Freedom, belonging to Trinity Bay, while moving out from Job's pier to anchor in the stream got her jibboom fouled with another craft and broken.

The Fraser Engine is easily understood.—nov16.11

STORMY ACROSS COUNTRY.—Snow showers prevailed across country last night, and this morning early the wind veered to the S. E. and blew strong and torrents of rain fell.

PILES CURED IN 6 TO 14 DAYS.—Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c. oct12.8.11

STORM RAGING.—There is a storm brewing which will likely reach here this evening, and to-day there was a heavy undertow in the harbor. Several crafts that were berthed at the different waterfront piers had to be hauled off in the stream by the tugs.

MISSING MAN ALL RIGHT.—The grave concern held out for the young man Myron, boiler maker, who is reported missing from his home is now dispelled. He was seen the night before last on board the S. S. Erik with a chum, who was a fireman on board, and it is more than likely Myron went in that ship to Halifax.

BECAME SUDDENLY ILL.—A business man of Water Street West was stricken with sudden and serious illness in his store this morning, becoming unconscious, in which state he remained for some time. Dr. O'Connell was called, and after the man revived he was taken to his home.

A FIERCE FIGHT.—To-day two men went down on Bowlings wharf and had a fierce set to. They were parted, but started in again, when officers Blundon and Camell put in an appearance and handcuffed and arrested one while the other will be summoned.

15 C.—FOR FIFTEEN CENTS you can have your Pants Pressed every week, with a good crease that will last almost the full week, with ordinary care; or 50c. per month. Try this system and have your trousers look like new every Sunday. **SPURRELL BROS., 365 Water Street, next door to Parker & Monroe's. Phone 574.**

WINTER AT GANDER BAY.—Mr. Thomas Francis, trapper, of Gander Bay, and son of the young man who shot the moose the other day, arrived in the city yesterday. He reports winter weather north, the snow being four to five inches thick in the section of the country whence he came. Logging operations are going on actively but men cannot be procured for any money, it seems, to go into the lumber woods.

A druggist can obtain an imitation of MINARD'S LINIMENT from a Toronto house at a very low price, and have it labeled his own product. This greasy imitation is the poorest one we have yet seen of the many that every Tom, Dick and Harry has tried to introduce.

Ask for MINARD'S and you will get MEN SERIOUSLY HURT.—From the Glencoe passengers we learn that on Wednesday night while celebrating a wedding two men of Bellefleur were dangerously hurt. They were firing rounds from an old cannon in celebration of a wedding, when it burst. One had his head terribly hurt and the other was badly injured about the back. They are being treated by a doctor and fears for their recovery are entertained.

McMurdo's Store News.

SATURDAY, Nov. 16, '12.
Perfumes without spirit become more and more popular as their strength, truthness to name, and lasting qualities are realized. These perfumes are real "attars" of the respective odors and represent the greatest possible concentration. So potent are they that a single drop is sufficient to perfume a handkerchief, and the perfume remains quite fresh as long as it lasts, without any "dead" odor. For birthday and other presents they make a dainty gift. Violet, Havanita and Lily of the Valley are the names of those we have, and all are good ones. Price \$1.25 a bottle.

If you do not use Sanident-Tooth Paste, you ought to try it next time. It surpasses all others. Use it with the Sanident-Tooth Brush. Prices—Paste, 25c.; Tooth Brush, 35c. each.

Here and There.

SOLWAY DUE WEDNESDAY.—The S. S. Solway left Dominio at 1 p.m. yesterday and is due here Wednesday next.

STEPHANO SAILS.—The S. S. Stephano, Capt. Clarke, sails late tonight for Halifax and New York taking in saloon as passengers:—M. R. Cooper, F. D. Hartory, Miss C. Grant and 5 in steerage.

A QUICK RUN.—The schr. Grand Fafie, laden by A. Goodridge & Sons, arrived at Oporto yesterday after a passage of 13 days. This is remarkably quick for this season of the year.

TWO MEN HURT.—The accident at Bell Island, Wednesday, to which the Telegram alluded, was caused by the cable which brought the cars from the N. S. S. Co.'s deeps giving out. J. Callahan jumped and his head hit an iron pipe. He was badly injured and is yet in hospital. Another man named Taylor was also badly hurt, and both are yet in hospital.

House Badly Flooded.

The residences of Mr. R. Cramm, Councillor Ryan and Mrs. F. Canning, on Theatre Hill, were badly flooded in the rain storm of last night. The water poured in rivers from the hill at the rear owing to the choking of drains and gullies. It is alleged, and swept into the residences in great volume, covering the floors with mud and silt. Councillor Mullaly was at Mrs. Canning's residence and rendered all the aid possible. Over \$100 worth of damage was done in each residence, and Mrs. Canning intends suing the Council for damages.

VARIKOSE VEINS CURED

By Douglas' Egyptian Liniment.

The man who knows from experience how difficult it is to get rid of the trouble will welcome the news of a cure. Mr. D. N. McLeod, of Alexandria, Ont., writes:

"For four years I suffered from a severe case of varicose veins in my leg, so bad I could not sleep or get a night's rest, but after using two-thirds of a bottle of Douglas' Egyptian Liniment I was completely cured."

When two-thirds of a bottle of Douglas' Egyptian Liniment will cure a severe case of varicose veins, which had been running on for four years, doesn't it seem reasonable to suppose that it must be a really had case which it will not cure, if used persistently? 75c. at all druggists. Free sample on request. Douglas & Co., Napanee, Ont.

DIED.

Last night, suddenly, William R. Pirih, aged 29 years; funeral to-morrow, Sunday, at 2.30 p.m., from his late residence, Hayward Avenue.

THE ENGINE THAT MASTERED NIA'ARA

What the Vikings of Newfoundland say about

"Ferro Engines."

The following Sealing Captains and others who have used "FERRO ENGINES" the past season recommended them highly for Reliability, Speed, Efficiency, etc.:

CAPT WM. WINSOR, M.H.A.

"My 7 1/2 H. P. FERRO Engine gave entire satisfaction the past season. No Engine made could run better. I am thoroughly pleased with it in every way."

CAPT. JOS. KEAN, S. S. Portia.

"The 15 H. P. FERRO I bought from you ran as regularly as a steam engine all summer, and gave no trouble of any kind. It is so simple to operate it a child can run it."

CAPT. NOAH BISHOP.

"I say from my heart with all sincerity that I would not sell my 7 1/2 H. P. FERRO for ten times what it cost. I knew nothing about a gasoline engine when I bought it, but with the aid of the instruction book I got with the Engine, I could do anything with it in a few days. I can confidently recommend FERRO Engines for fishing purposes. My FERRO was a great benefit to me this summer."

CAPT. DANIEL BRAGG.

"I want nothing better than a FERRO Engine. My 5 1/2 H. P. FERRO drives my trap skit 8 miles an hour, and can tow my 58 ton schooner easily. I had no trouble of any kind with my FERRO all summer."

CAPT. GEORGE HANN.

"I cannot say too much in praise of my 11 H. P. FERRO. It gives me entire satisfaction, and I am recommending FERRO'S to the fishermen."

CAPT. WES. KEAN.

"I wish to say that no Engine could give better results than my 11 H. P. FERRO did the past season. My fishermen were so delighted with the amount of labor the FERRO saved them that they volunteered to pay for the gasoline we used."

CAPT. RICHARD FOWLOW.

"We took 73 1/2 H. P. FERRO to Labrador this summer, and we never had a minute's trouble with it. It towed our trap skits and our 58 ton schooner 5 hours at a time at the rate of 4 miles an hour."

CAPT. BAXTER FOWLOW.

"The 11 H. P. FERRO I bought from you last spring ran 5,000 miles up to October 1st, giving perfect satisfaction all the time, although the man who used the Engine never ran one before."

MR. JOSEPH PARSONS, Newtown.

"I cannot speak too highly of my FERRO Engine. The wheel was never turned once the summer that she did not go, and never missed a stroke for the whole season. We used gasoline and kerosene with perfect satisfaction."

MR. DENIS MAHER, Flatrock.

"I'll never be without a FERRO. My 7 1/2 is a beauty. Never out of order, and always ready to go the minute she's wanted."

MR. P. J. BRYAN, of Tilting, writes:

"My 7 1/2 H. P. FERRO proved a success, and paid for herself well this summer. The FERRO is as good as can be made. Our boat is 33 feet on top, and her speed is 8 miles an hour."

MR. RICHARD ANSTEY, Little Bay Islands.

"I knew nothing about Engines before I bought my 7 1/2 H. P. FERRO, but I found it so simple to operate, and so reliable at all times, that I cannot recommend it too highly for fishing purposes."

MR. MARTIN GOSSE, Spaniard's Bay.

"We had every satisfaction with our 7 1/2 H. P. FERRO this summer, and reckon it paid for itself this season many times over. We towed a large Norwegian barque of nearly 200 tons against a strong tide in calm weather."

CAPT. BAXTER BARBOUR, S.S. Fogota.

"The FERRO Engine I purchased from you ran perfectly. This Engine was also used by Mr. Stone of Fogo and Mr. James Adams of Jackson's Arm, both of whom speak highly of the efficiency and reliability of the FERRO."

These are only a few of the many testimonials we are receiving from men of practiced experience in the fisheries.

Is it any wonder, then, that there are more FERROS in use in our fisheries than any other make?

FERROS have the guarantee of the biggest Engine Factory in the world behind them.

40,000 FERROS are in use in different parts of the world.

We give expert advice.

OBITUARY.—The death occurred this morning of Mr. Byrne of Water Street, West. Mr. Byrne who resided with his son, Mr. Richard Byrne, wine and spirit dealer, was a man well known and highly esteemed in the community. He was a cooper by trade and was a man well advanced in years. His wife predeceased him by some years. To his bereaved son and the other members of the family the Telegram extends its condolence.
