The Summer School at Catalina.

Editor Evening Telegram

Dear Sir,—Catalina has the honor of being the first outpost chosen as a centre for the Summer School, for the training of teachers; and the first teachers to receive their training there, are not lacking in their appreciation of the choice. The way the citizens of that place responded to the sacrifices they were called upon to make on behalf of the teachers in training, shows their deep and active interest in the cause of education in Newfoundland. Nothing was left undone that would tend to make our short stay there as pleasant as it could possibly be.

Capt Albert Haynes was untiring in his efforts towards us. No matter at what time we arrived he was there to welcome us and conduct us to the homes that the good ladies of Catalina provided for us, and he showed his appreciation of our work by his visits to the class.

Associated with Capt. Haynes was Mr. Solomon Samson, who sacrificed the little leisure time at his disposal in looking up these homes for us.

The Rev. Mr. Chamberlain by his frequent visits to the class and by his words of advice, showed his zeal in the cause of education and awakened in us a deep longing to improve the educational conditions of our Country. Mrs. Chamberlain assisted by two ladies from the place, provided a splendid tea for us on the evening previous to that of our departure. That evening has left an indelible mark with each of us, and it will always be a pleasure to reflect upon it.

Words cannot express our appreciation of the efforts of these good people, but we hope that some day we shall have the opportunity of showing them how grateful we really are. It would, I think, be an act of ingratitude on my part, if I did not seize this opportunity of extending our thanks to Dr. Barnes, who was possessed with boundless enthusiasm, energy, kindness and patience through out the whole month. He had not the time at his disposal to explain fully

MRS. MAY COULD NOT WORK

Made Well and Strong by Lydia E. Pinkham's Vegetable Compound.

Columbia, Pa.—"I was very weak and run down and had dragging-down pains and pains in my back. I could not get around to do my work and had to sit down and rest oftentimes. I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did."

—Mrs. ELIZABETH MAY, R.F.D. No. 1, Columbia, Pa.

The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old-fashioned roots and herbs which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country prove beyond question the merit of this famous root and herb medicine.
