

District Grand Lodge,  
A.F. and A.M., E.C.

This year is the jubilee of the District Grand Lodge of Freemasonry under the Registry of England, and last night the annual meeting was held. As R.W.D.G.M. Duffell of the Scottish Jurisdiction reminded the brethren the Lodge was formed under the District Grand Master of the late R. W. Bro. James Shannon Clift and the half-century was rounded off under that of R. W. Bro. James A. Clift. After the reports of the Secretary and Treasurer had been adopted, and a very interesting address from the D.G.M. listened to and enjoyed, the officers for the coming year were appointed and those present were invested.

Print Newspaper  
While Flying.

Now Comes the "Aerial Mail" Sponsored by Lord Northcliffe.

London.—The latest thing in the field of journalism is the Aerial Mail, a daily newspaper, which is edited, printed and published from an airplane in flight. The Daily Mail, which is sponsoring the idea, says it will contain the latest British and Continental news, political, financial and general, received both at the moment the airplane takes off, and while it is flying, sent by wireless. A special printing plant has been installed and newspapers will be distributed by means of parachutes dropping the editions into the towns over which the airplane flies.

There probably will be editions for Boulogne, Rouen and Amiens, as well as for Paris and London. Airplanes will leave Paris and London, the one leaving Paris to print the Aerial Mail in English and the one from London to print it in French.

The newspaper will contain market quotations, racing results, and more or less general news from all principal capitals. It will have four pages and will contain advertising as well as "feature" articles.

Men back of the project say that the public is as dependent on newspapers that there is a field for such service as they propose, but that if the present newspaper service is to be improved it can be achieved only by use of the airplane.

## A Chemical Eye.

"Give us a light that we can see and that the enemy cannot." Such was the amazing demand of the United States Government, and it has been met by Dr. R. Woods, a Baltimore scientist.

There are as many different invisible light rays as there are visible ones in the spectrum. Ultra-violet rays are just beyond the violet, which are the last rays in the spectrum that can be seen by the human eye.

A new machine invented by Dr. Woods produces invisible rays, and includes a wide angle telescope device, which has been called a "chemical eye" through which these rays become visible, taking on a phosphorescent appearance.

The "chemical eye" will be used by warships, airplanes, and land forces to receive invisible signals transmitted by ultra-violet rays generated by a mercury lamp.

By means of this device a room can be made luminous, with no source of light visible.

—And Hell itself must yield to industry.  
—Ben Johnson.

## For the Orphans.

On Thursday, March 31st, Misses Pearl Gooble and Alice Fowler held a bazaar at the home of the former, Brazil Square. The affair was well attended, and the many articles of dolls' clothing were quickly sold. During the afternoon candy and ice cream were on sale, also lemonade and cake. The amount realized for the afternoon was \$18.70, including donations. The children not being satisfied with this, "put their heads together" and decided to hold a concert at the home of Mrs. Fowler, Atlantic Avenue, in order to swell the amount. So on April 14th the concert was held and a very delightful program was gone through and thoroughly enjoyed by all present; candy and ice cream were sold, and teas served to grown-ups. At the close the children were more than delighted to find that not only had they succeeded in raising the amount counted on, but had gone beyond that to the sum of forty-odd dollars. The money will be used to purchase some suitable gift or gifts for the children of the Methodist Orphanage. We think that these two children have set a very good example to the older folk. They are to be congratulated.—Com.

## C. C. C. Sports.

The sporting event of the season will take place on Monday next when the C.C.C. are holding their Indoor Sports in the Armoury, Harvey Road. The programme which is very interesting and varied will be a good one, and the public are promised a good night's enjoyment. Special features will be an exhibition by John Bell, who will show the fans he is in as good trim as when he won Newfoundland's championship last year, and the basketball and tug-of-war. In the former the Old Comrades will meet a picked team from the Corps and a lively exhibition is assured. In the latter the two teams that win out in the preliminary contest will compete. The Old Comrades, N.C.O.'s and Bugle Band have entered teams and it is hoped a team will compete from the Brass Band. The full band of the Corps will be present during the evening.

## B.I.S. Concert and Dance

In the B.I.S. Club Rooms on Wednesday night, under the auspices of the Ladies' Auxiliary, a very enjoyable concert and dance was held. Mr. P. Moore acted as chairman, and the programme, which consisted of songs, recitations, etc., was contributed to by the following:—Messrs. J. M. Irvine, J. P. Crotty, T. P. Halley, J. Conroy, J. R. McDonnell, J. Wheeler; Misses Donnelly, Howlett, Brophy, O'Reilly, Harris and Shea. The Gypsy dance by Misses Vinnicombe, Goss and McGrath (2), was a feature of the evening's entertainment, whilst the B.I.S. Orchestra gave several enjoyable selections. After the concert dancing was indulged in and the affair concluded at 2 a.m. with the singing of the National Anthem.

## Ceremony Postponed.

Amongst the passengers on the Sackham now six days from Liverpool to this port is Miss Shute, a niece of Lady Harris, who is coming on a visit to Government House. Miss Shute was to have acted as chief bridesmaid to Miss Armored Harris at her marriage with Lt.-Col. A. E. Bernard, M.C., C. de G., but owing to unavoidable circumstances the ceremony is to take place quietly in London shortly, instead of in St. John's. Lady Harris and Miss Harris are leaving next month for England but the wedding reception will be held at Government House before they go.

Fisherman's Friend.  
The Original and Only Genuine.

## Concert to Be Repeated.

The members of the Holy Name Society held a most successful concert in their hall last night. The different items on the programme were rendered in a faultless manner and received with generous applause. As many could not obtain admission at last night's performance, the concert will be repeated to-morrow night at the same hour, when it is hoped the attendance will be as large as last night.

## Thetis's Turnout.

The S.S. Thetis finished discharging at 4 p.m. yesterday, turning out as follows:—18,076 young hares, 19 old hares, 2 old hounds and 72 bedlamers, making a total of 18,169 seals, weighing 390 tons, 6 cwt. 2 qrs. 2 lbs. nett, valued at \$30,888.92. Her crew of 150 men shared \$58.40 each.
