### The People's Leader

The appointment of W. S. Monroe as leader of the Opposition, gives general satisfaction on all sides as the man the country needs to bring about honesty and economy in our public affairs.

The time has come for more right economy. There are too many useless officials in this district as well as all over the country, doing practically nothing to earn their fat salaries.

The District of Bonaville will return Monroe's candidate with an overwhelming majority. We care not what creed they belong to, Croshie or Monroe, nor does any man from the North as long as they are standard bearers of Monroe. Their slogan is out of debt, Economy and honesty and respect for the British law.

### To-Night's Big Show at the Crescent

AMATEUR CONTEST AND BEAUTIFUL FEATURE FILM.

The Amateur Contest at the Crescent Theatre is the show that patrons look forward to with keen expectancy as on each occasion there is always something new and interesting. To-night's Contest, however, will be well up to the standard already set by this theatre, and patrons are advised to attend early to secure their choice of seats.

The film entitled "God's Country and the Law" is a masterpiece of acting and photography. All James Oliver Curwood stories, produced thus far have been laid in snow-covered land. Here is a Northwoods drama, as full of love and adventure as any of its predecessors, set in the same region amid the same atmosphere, but without the snow. "God's Country and the Law" is a vigorous story of primitive man and stout-hearted, beautiful women—of red blooded adventure, surprise and suspense, mystery and thrills, staged in that great playground of the gods—the North Woods. It is a gem of the genius of Curwood. A born thriller, it travels breathlessly along. Made in the heart of the Maine woods, the greatest outdoor spot on the American continent, it has a background in deep rich colors and splendid hues that breathe the breath of life into it. See it at the Crescent to-night.

### A Word to Women

A hundred and twenty-one thousand women would comprise a vast army. Yes, a canvass was recently made among more than that number of women who had used Lydia E. Pinkham's Vegetable Compound for feminine ailments. The result proved that ninety-eight out of every hundred reported benefit from its use. This is most remarkable evidence of the power of Lydia E. Pinkham's Vegetable Compound over the ills of woman-kind, and should influence every sick and ailing woman to try it.

### Star Movie To-Day

BITS OF WISDOM FROM "BORROWED HUSBANDS."

Neither a borrower nor a lender be; For loan or loses both itself and friend, And borrowing dulls the edge of husbandry. —Shakespeare.

Temporary separations between husbands and wives might make marriage more successful.

I'm a husband, but I wish my own wife would borrow me once in a while.

After all a husband can properly be called a friend—sometimes. If that's the kind of a woman you are when my "back" is turned—all right.

Well, be nice to my husband. He likes attentions from other women and I want to keep him home as much as possible.

Would you be brave enough to accompany a woman on a shopping tour?

Playing court to another man's wife has never been in my line. You mean that you wouldn't be nice to a woman who had a husband somewhere?

Whether you are, I would have no respect for the sort of woman who would permit it, would we?

You had better wait until I stop loving my husband. I'm going to divorce my husband. What has he done?

That's just it—nothing! He bores me, lags around being devoted follows me like a little puppy dog. With a law like this is ideal! But with a husband, just tiresome!

Why not be honest with your wife? I neither want to borrow nor be borrowed again as long as I live.

Hickman Party concede, 6 seats in St. John's to the Opposition.
