### SWALLOWED A HATPIN.

### ▲ Newark Child's Life Saved by X Rays and Surgery.

Newark, Sept. 28 .- A delicate surgical operation was performed at the German Hospital last evening, by means of which a hat pin five and one-half inches long, was removed from a child's stomach. The subject of the operation was Lena Strippe, 3½ years old, the daughter of August Strippe, of Harri-Monday, and found the hat pin, which she put in her mouth. It slipped down throat. A woman in the room tried to grasp the point of the pin, which stil protruded from the throat but the child in breathing drew the

pin down into her stomach. The little girl was taken to the German Hosiptal, where the location of the pin was determined by means of the X-rays. The pin was shown upright in the aesophagus, the only a short distance from the heart. A slight change in the position of the pin would have caused it to pierce the caution was necessary in the operation

for his removal, which is pronounced entirely successful. Mary Boro, 7 years old, of Demott street, West Hoboken, swallowed a melon seed seven weeks ago. As it caused her no pain she did not inform her parents. On Sunday she complained of a sore throat and was taken to Dr. White, who subjected her to the X-rays. The photograph showed that the melon seed had lodged in her windpipe. An operation will be required for its removal.

DIED IN SAVING OTHERS. Niagara Falls, N. Y., Sept. 28.-Wm. oy, a flagman employed by the Erie Railroad Company to protect the level crossing at Niagara avenue, lost his life on Sunday while trying to save that of several others. A carriage containing four or five persons approached the crossing as an express train came rushing along. The party evidently did not see Colpoy waving his flag, and drove towards the tracks. Colpoy rushed across the track, yelling at the driver of the carriage to go back. Colpoy could not clear the track ahead of the train, and was in-Stantly killed. He was about 60 years old, and leaves a large family.

# Life's Sharp

THERE are many sharp corners in life's rough road that turn a man from the pleasant pathway of health into the arms of sickness and disease. Whether life or death wins depends on how you are prepared for these sudden attacks. It's the weak and healthless system that the vulture of disease picks out for its victim. It's negligence that puts you in this state of susceptibility to disease.

Abbey's Effervescent Salt purifies the blood, builds up the system, and fits you for the fight against disease. Eminent European physicians bear testimony to its efficaciousness as a preventative and cure for Sleeplessness, Loss of Appetite, Biliousness, Sick Headache, Constipation, Rheumatism, Neuralgia, Spleen Affections, Nervous Depression, Indigestion, Sea Sickness, Flatulency, Gout, Fever and Skin and Kidney Complaints. It purifies the blood and clears the complexion.

Here are some extracts from the many testimonials we have received from eminent physicians and prominent personages;

From Dr. W. H. Wright, L. R. C. P. I., L. M., M. R. C. S. E., L. S. A. I., Medical Officer of Health, London, England. "I take a dose of your Abbey's Effervescent Salt every morning before my cold path, and I attribute my immunity from disease in a great measure to the cooling aperient effects of your excellent preparation. I also find it a valuable anti-rheumatic." From Sir Henry Irving, London, England.

"Your Abbey's Effervescent Salt is excellent. It has certainly not been over-rated."

From Count W. J. Stomm, London, England. "I find it simply invaluable. I now use no other medicine, and take great pleasur to recommending it to all my friends."

From Dr. Thos. Ernest Lovegrove, M. R. C. S. E., London, England "Abbey's Effervescent Salt is a safe and useful family medicine and is specially bene-ficial in cases of Indigestion and Rheumatism."

And Their Many Troubles.

Paine's Celery Compound a Life-giver.

For the many serious ills that women are heir to, Paine's Celery Compound is truly an invaluable blessing. I edily purifies the blood, and ban shes backaches, headaches, tired feelings, languor, nervousness and heart troubles. No other medical discovery ever given to suffering women can boast of such a record of cures. Mrs. A. Legault, St. Andre street, Montreal,

"I cannot help telling all sufferers what Paine's Celery Compound has done for me. I would have been a lost woman had I continued six months onger in suffering. My case was a bad one. Headache, insomnia, nervous prostration and loss of memory made up my troubles, and I feared they would lead to insanity. I went to seval doctors, who treated me with all their skill, but I did not get any better. As I am the mother of seven children I became disheartened with failures and being obliged to spend so much money. My friends advised me to try Paine's Celery Compound. The first bottle gave me little relief, but the second began to work miraculously on my nerves. I continued using the compound, and after taking nine botles I can positively say I am cured."
