Scrofula

Is a disease as old as antiquity, and as young as the newest born infant.

It has infested the blood of humanity from ancient times down to the present minute.

It is hereditary or may be acquired. It appears in swollen glands, scrofclous sores, hip disease, boils, pimples, eruptions, and, as believed by high authorities, even in the forms of catarrh and rheumatism.

It can be cured by taking Hood's Sarsaparilla faithfully and persistently. We know this, because Hood's

Sarsaparilla has done it. It will cure you if you give it a trial. You should begin to take it today.

Hip Disease-"I suffered from hip disease; had 5 running sores; used crutches and each winter I was confined to my bed for weeks at a time. Hood's Sarsaparilla has accomplished a perfect cure-saved my life. I have a good appetite and feel strong and well." ANNIE ROBERT, 49 Fourth St., Fall River, Mass.

In Her Eyes-"My little girl had scrofula and sores appeared in her eyes. A few bottles of Hood's Sarsaparilla entirely cured her and she has never had scrofula since." Mrs. Howard Pors, Alpha, Oregon. N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

Rev. George Gilmore Asks Congregation Not to Oppose Blenhem Call.

At the conclusion of the services at London Junction last night, Rev. George Gilmore referred to the call that he has received, to the pastorate of the Blenheim congregation, and he asked his people not to put any obstacle in the way of his acceptance, when it comes before the London Presbytery. From this it may be assumed that, after careful consideration, Mr. Gilmore has decided to remove to the important charge at Blenheim. His decision will be regretted. Since coming to London, Mr. Gilmore has been districtly assessed. been distinctly successful in his work, and it is due to his vigorous efforts that the London Junction church has prospered so satisfactorily. In the larger field, Mr. Gilmore will win further re-cognition for the talents which placed him in the foremost rank of this city's

HIS STRONG GRIP SAVED STEEPLE JACK

Fell With a Broken Flagstaff, But Caught the Narrow Ledge of the Roof.

Port Chester, N. Y., March 31.—Frank Patterson, a steeplejack, of Port Ches-ter, owes his life to the good grip he exerted when he fell from the top of a flagpole 130 feet high, and held on to a ledge 60 feet above the ground until rescued. Despite his long fall he escaped with only slight bruises on his right

Patterson was making some alterations Patterson was making some alterations on a pole which is on the tower of Edgewood Inn, a new summer hotel on the outskirts of Port Chester, when the pole suddenly snapped in two. Patterson let go his hold on the pole and went flying through the air.

Without losing his presence of mind he succeeded in his flight in grabbing the stump of the pole and rapidly slid down it to the tower. When he reached this footing his hands slipped and the shock caused him to slide from the tower to caused him to slide from the tower to the main roof.

The Germ Theory of Cancer. The theory of the germ origin of is now being amply demonstrated by flat; anthem, solo and chorale from English and German scientists. Many scoffed at us at first and were inclined Psalm XIII., Mendelssohn; Vesper, to be incredulous. Now, with hundreds of cures to our credit, there are very taken by Miss Elsie Green in the Mentew indeed who will doubt the effector few indeed who will doubt the efficacy of our New Constitutional Remedy, in "The Redemption" selection. which cures Cancer by getting at the root of the trouble-destroying the cancer germs and poisons in the blood. DID QUIRK SEE HIS MURDERER?

Said to Remain on Retina of the Eye After Death-The Body of Quirk Buried Without the Head.

Brantford, March 30.—It was learned today from the police that when James Quirk was buried the body was minus the head. At the autopsy performed by the corner and Dr. Frank, Quirk's head was severed from the body and placed in a glass jar containing alcohol. It will be preserved, ostensibly to be used in refuting possible medical expert evirefuting possible medical expert evidence.

The police argue, and doubtless their

information and opinions are drawn from Inspector Murray, that this action will help materially to shorten the trial when the murderer has been run down. They the murderer has been run down. They refer to the Sifton case, and declare that had the victim's head been preserved the crown's case would have been greatly strengthened. In the Hendershott case the head of the murdered man was kept, and justice was swift.

Another reason for the preservation in the case of Quirk is given by a local Sherlock Holmes, and it may have much bearing on the solution of the mystery. It came out at the inquest and from conversation with persons at the scene of the tragedy that one of Quirk's eyes was staring wide open when he was found dead. The theory advanced is that the features of the murderer have been photographed on the retina of the victim's eye, and it needs only an expert photographer to have those features reproduced. Then the rest is easy.

It is hinted that the rather unusual act

duced. Then the rest is easy.

It is hinted that the rather unusual act of preserving the head, and hence of course the eye, is but preliminary to a series of experiments on the part of the police. Should they be successful, it is obvious that an incontrovertible piece of evidence will have been obtained. The police here are greatly wrought up over the matter.

EASTER MUSIC IN CHURCHES

Appropriate Services Attract Large Congregations.

Two Interesting Features Marked the Day's Proceedings at St. Andrew's Church.

The advent of Easter was, as usual, marked by special sermons and musical services in all the city churches yesterday. The various choir leaders and other members of their organizations had made a special endeavor to excel the efforts of former years, and the re-sult was the rendition of Easter programmes of a high degree of merit. The audiences were large in the morning, but the disagreeable weather of the afternoon and evening lessened the attendance at the evening services. The services of the day at St. Andrew's Presbyterian Church were marked by two interesting features. The day was the seventh anniversary of Dr. Johnston's entering upon the pastorate. In his morning sermon he sketched the progress of the congre-gation during that time. The membership has about doubled in the seven years, being now over 950, and this in spite of the building of two new churches, which drew a certain centage of membership from St. An-

drew's. In this time, also, the congregation has contributed for all purposes. more than \$87,000. Large as has been the growth in the church rolls, the increase in attendance at the Sunday school has been even more marked. St. Andrew's Church is to be congratulated on its progress under Dr. Johnston's ministrations. At the Sunday school in the after-

noon, life-size portraits of the late Rev. George Leslie McKay, of Formosa, and the late Rev. Jas. Robertson, superintendent of Northwest missions, were given by Miss Lizzie McGregor and Clarence Tait, the former referring to the noble life of the late Dr. Robertson, and the latter to that of the hero of Formosa. Dr. Johnston spoke briefly of the example and inspiration of the lives of the departed missionaries. The services at St. James' Church. South London, were of an appropriate

nature. In the morning the rector, Archdeacon Davis, preached to a large congregation, while in the evening, a strong sermon by Bishop Baldwin was listened to by a good congregation, notwithstanding the storm. A special programme of Easter music was given by the choir, under Mr. Phelp's direction. The programme was: Easter hymn, "The Magdalene," Warren; Te Deum, Dykes; Jubilate, Nevin; anthem, "Why Seek Ye?" Hopkins; Magnificat, King Hall, in E flat, (Festival); Nunc Cancer, which we have long upheld, Dimittis (male voices), Stanford, in B "The Redemption," Gounod; offertory,

delssohn Psalm, and Miss Minnie Hayes At St. Peter's Cathedral music comprised most of the service. Rev. Father Semende, of Sandwich, preached in the morning, and the rector, Rev. Father Aylward, in the evening.

At St. Paul's Cathedral Bishop Baldwin preached in the morning upon the topic of the resurrection. The music was under the direction of Mr. George B. Sippi.

At St. Mary's Church yesterday the services were taken by Rev. Father Pinsonneault, Father Traher being absent through illness. The choir rendered a special programme of music. Solos were given by Mr. McKenna, Mrs. W. G. Deery, Misses Bergin, Lenchard, Hughes, McGregor, Kennedy, and Messrs, P. J. Watt, J. Hughes and C. Povey. Mrs. James Murray presided at the organ.

Rev. J. W. Graham, B.A., of St. James' Church, Montreal, preached in Dundas Center Methodist Church in the morning, and in the evening at the sary for your higher success, that you will develop them to their utmost a son of Rev. James Graham, pastor Church.

A platform meeting was held in the Askin Street Methodist Church last evening. Addresses were delivered by Rev. Walter Ayres and Mr. J. F. Main. The musical services in Memorial Church were led by an orchestra of five pieces, the pipe organ being out of repair. The choir of 40 voices renred a fine programme.

> Fourteen Men Probably Drowned by Upsetting of a Boat-Other Casualties.

FOUR MEN PROBABLY DROWNED. New Orleans, March 31.-Four men were probably drowned in the Mississippi River while going to their work on the British steamer Atlantean, anchored in midstream. Just before 7 o'clock a skiff containing nineteen men left the shore for the Atlantean to load coal. The boat, in trying to land against the side of the ship, was capsized and the nineteen men were thrown into the water. All but four of them were picked up by means of lines thrown from the Atlantean and by skiffs. Those who were probably lost were Ed. Thornton, a negro; J. Allen, J. Cun-ningham, J. Garritty.

WERE WEDDED IN THE TOMBS

Condemned Murderer Albert T. Patrick Marries His Fiance.

Ceremony Took Place in the Matron's Room-Prisoner's Guards Unaware of What Was Going On.

New York, March 31 .- Albert T. Patrick, convicted last week of murder in the first degree, for plotting the death of Millionaire William Marsh Rice, and now awaiting the death sentence, and Mrs. Addle M. Francis, have become husband and wife in the matron's room of the Tombs, according to the American and Journal.

A PEN STROKE DID IT, lespite all measures taken to prevent it. The arrangements were so perfectly made, so secretly planned, and so cleverly executed that not until the marriage was irrevocably complete were Patrick's guards cognizant that it was even intended.

The fact that Commissioner of Correction Hynes had declared his opposition to a marriage between the prisoner and the woman who has been so faithful to him during his long incarceration, and the exhausting tension of the long-drawn-out trial, made the Tombs officials more alert to prevent a marriage in the prison.

The marriage is said to have been accomplished, however, while the matron was present. The latter, however, was so much preoccupied with attending to the linen and her other duties that she was unaware what was going

HOW IT WAS BROUGHT ABOUT. Mrs. Francis, accompanied by her attorney, her sister and Patrick's father, called at the Tombs and asked for a conference with the prisoner. He was escorted to the matron's room, and after a few moments the guard is said to have stepped outside. It is said the wedding contracts were then signed by Patrick and Mrs. Francis in duplicate. Under a law enacted by the legislature a year ago, this form of marriage is lawful when the signing of the contracts is witnessed by two persons.

UNIQUE FUNERALS ON EASTER SUNDAY

Over Two Hundred Mourners, Each of Whom Carried a Rifle.

Chicago, March 31. - The Tribune's Whitesburg, Ky., special says: Two unique funeral processions were witnessed in Pike county Sunday afternoon. There were over 200 mourners, and every man carried a rifle across his

shoulder. One was the funeral of the two Hatfields, Thompson and his son Eph, who were killed in the quadruple tragedy of Saturday morning, the other victims being John Rutherford and Harry Watts. The Hatfields were buried on the mountain side.

The other funeral was that of John Rutherford. Both were conducted at the same time and the two processions were in plain view of each other.

For Labatt's Stout Dear Sir:—

ALEXANDEA, DEC., 20th. 1901.

Speaking from personal experience I can state that your Stout is excellent in building up the system—I was very much run down and was advised to use Labatt's Porter-this I have done for some time and I largely attribute to its effects my steady improvement in strength and weight. I deem it but justice to you, and it certainly is a pleasure to me, to add my testimony to its sterling qualities, and I gladly recommend your Stout as an excellent tonic and food in cases where such is required. IOHN LABATT, Esq., Brewer,

Yours truly, Q. S. TIFFANY, M.D.
