More terrible than war, famine or pes tilence is that awful destroyer, that hydraheaded monster, Consumption, that annually sweeps away more of earth's inhabitants than any other single disease

known to the human race. "It is only a cold, a trifling cough," says the careless, as the irritation upon the delicate mucous membrane causes them to hack away with an irritable tickling of the throat. When the irritation settles on the mucous surface of the throat, a cough is the result. To prevent Bronchitis or Consumption of the Lungs, do not neglect a cough however slight as the irritation sproading throughout the delicate lining of the sensitive air passages soon leads to fatal results. If on the first appearance of a cough or cold you would take a few
