The Aces, who were the favorites, were defeated by the Tecs in the first game. The Tecs, who were the underdogs, won the second game. NOONAN WEAKENS IN 10TH, AND LOSES

Had Left Twelve Runners Stranded Until the Tenth.

Special to The Advertiser. Hamilton, June 26.—Noonan weakened in the tenth innings of today's game with Bay City, and although Schueber was rushed to the rescue, the Wolves had gathered four runs and the game before the side was retired. Up till this time Noonan had heaved sterling ball, although touched up frequently, but the fact that he left 12 runners stranded attested to his ability in the pinches. With the score standing at 3 all, the Wolves entered the tenth, drove out four hits, and with the aid of two sacrifice flies, but across the winning counter.

Down the Line In All Sports

Baseball fans are notorious harsh critics. Mr. Baseball Fan, whether he's in London, Detroit or Fanshawe, wants a winner, and a consistent winner. Local fans were almost ready to swallow all their criticism when the Tecs were piling up a run of ten straight wins, and looked as if they had arrived. Now they're in a slump again, all the old criticism has revived.

In the majors the fans have been calling loudly for the heads of managers on a platter or anything handy. Cobb is a case in point. It means nothing to the Detroit fans that Cobb is still the greatest ballplayer of all time and that Detroit received the benefit of Cobb creating this niche for himself. He's manager of a team they expected to win a pennant this year. That Cobb's been hit by casualties, players have fallen down beyond human judgment, and all the other breaks have gone against the Georgian doesn't count.

London fandom is the same. It's standing up against this criticism often that makes the pay more than earned.

Meantime, Pitcher Zollo of Chicago will be here today, and other additions are expected in daily.

About all that Shelby is sure of is that there will be a 4th of July.

The Southern League reopens today at St. Thomas with Stratford visiting the Saints. The second lap promises to be a tidier race all the way.

YANKS SURVIVE FIRST MATCHES

Richards Makes Most Impressive Showing.

HUNTER HAD TASK

Associated Press Despatch. Wimbledon, June 26.—The trio of American tennis stars who have come to Wimbledon to battle for the championship of the world got through their first encounters with the foreign contestants this afternoon without the loss of a set. Vincent Richards created the best impression of the three in his smooth triumph over the Belgian champion, Jean Washer, whom many consider the best tennis player on the continent. The score was 6-1, 6-2.

Richards played by far the brightest and liveliest game which the two days of the tournament have produced. There were not a few observers who expressed the belief that he in all likelihood would survive the first round of the tournament. Richards, who is considered rather mediocre, was the only one of the three who did not display his best in carrying out his easy assignment of defeating E. Higgs, a young player from Surrey, who is considered rather mediocre. The scoring in this series was 6-1, 6-2.

Francis T. Hunter, the third of the trio, had no easy time of it in his duel with the Spanish Davis Cup player, Eduard Flacour, but when the slim Spaniard slipped ahead of him in both the first and second sets the strong and sturdy American quickened his pace, added greater power to his strokes and rushed through to victory at 7-3, 6-4, 6-1.

MAY BE WAR BETWEEN BOXING COMMISSIONS

New York State Body Okays Low Tandler-Leonard Bout.

Associated Press Despatch. New York, June 26.—The first overt act of disagreement between New York and New Jersey boxing authorities occurred today, when the State Athletic Commission declined to uphold the New Jersey Boxing Commission's suspension of Benny Leonard, "twilight king," for failure to go through with a contract made last year to box Charley White of Chicago. The commission announced after a hearing that it found nothing in the White-Leonard contract, made with Tex Rickard, to prevent either boxer from engaging in other contests, and thus cleared the way for the championship scheduled at the Yankee stadium on July 26, between Leonard and Low Tandler of Philadelphia.

Richard had attempted to block the Leonard-Leonard bout, which is to be staged under the auspices of the newly-organized Cronwell A. C., claiming that the White contract gave him prior claim to the champion's services. The commission held, however, that Richard had made no attempt to set a date for a White-Leonard match since its postponement last October because of an injury to the champion's mouth. Boxing circles tonight professed to see possibilities of an open conflict between the two state commissions as the newly reorganized local body.

INTERCOLLEGIATE NET GAMES UPSET DOPE

Two Champs and Former Titleholder Ousted From Tournay.

Associated Press Despatch. Philadelphia, June 26.—Two champions and a former titleholder were eliminated today in the third round singles matches of the National intercollegiate tennis championship at the Merion Cricket Club. Lucien Williams of Yale, 1922 intercollegiate champion; Phil Neer, of Lehigh, 1921, title holder, and Arnold W. Jones of Yale, 1920, intercollegiate champion, met defeat but without hard struggles, three sets being required in each match to give their opponents the victory.

Williams was beaten by Frank T. Anderson of Columbia, one of the leading younger players of the east. The scores were 6-1, 6-2, 6-8. This match required more than two hours to complete, and at the finish both players were on the verge of collapse. The contest was played in a blazing sun and with the temperature well above 90 degrees.

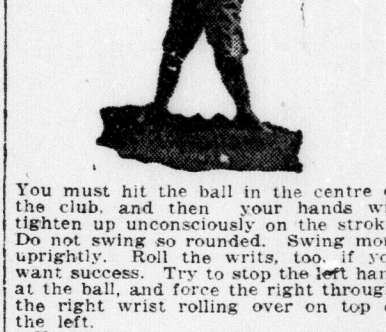

Neer, who lost his title to Williams last season, lost to Carl H. Fischer, southpaw star of the Philadelphia College of Osteopathy, and former champion of the Pennsylvania tennis association, the first set 7 to 5, but Neer evened the score by taking the second at the same count, in the third set, Fischer played at his best and won 6 to 4.

Both the remaining members of the Oxford-Cambridge tennis team, F. H. Hopburn and W. S. Watt, were eliminated. Hopburn was beaten by James Davis of Lehigh, 6 to 3, 6 to 3, 6 to 3. Watt was defeated by Philip Bettens of California, 7-3, 7-3, 6-4.
