

Highest of all in Leavening Power.—Latest U. S. Gov't Report

ABSOLUTELY PURE

SPORTS AND PASTIMES.

Cyclists Preparing for the Opening Meet—Special Meeting of James Bay Association.

Progress of the Chess Tournament—A Gymkhana Gathering from-ised.

Members of the Victoria Whistmen's club will take a prominent part in the races which will be held on the 29th inst. Mr. E. W. Bradley has already started active work on the track and will make the Mount Baker hotel his training headquarters from here until the date of the meet.

Mr. Thos. G. Moody, jr., has been training on the Nainina track with the Deemings for the past ten days and promises to give a good account of himself. Frank E. Alley, Thomas Kavanagh and S. P. Moody are getting into first class form, and Justice Gilbert is showing remarkable speed at short distances.

Wolf, Johnson, Penwill and half a dozen others are also preparing for the fray and altogether Victoria possesses a very satisfactory string of young riders, not forgetting Penwill, Howatston, Wilde and Weller. Of course it is the class B men who will make the records, for it is expected that 2:15 will be beaten in the open mile. Of these, Gaffney, of Tacoma, Hill of Aberdeen, Hill of Staver of Portland, Brown of Spokane and half a dozen others from the States have been invited to attend.

The track is now complete and is the admiration of all who visit it. The banking, curves, grades, and all details of construction reflect the highest credit upon Mr. W. A. Carter, the original designer of the track; Mr. Hooper, the architect; and Mr. George Sander, the contractor. To-morrow the members of the local club will again visit the track, and during this time at 2 o'clock sharp, and a turn out of at least twenty-five men and machines is hoped for.

THE HARRIS OUP RACE. Entries closed last evening for the ten-mile handicap race at Beacon Hill, for the Harris cup. The complete list of competitors is not yet ready for the press, entry forms in the hands of officers of the local club not yet having been returned to Mr. Harris. The following have, however, entered with the donor of the cup: Harry Wille, Ernest A. Wolf, Thomas Kavanagh, Justin Gilbert, Ernest W. Bradley, Charles H. Gibbons, Frank E. Alley and J. W. Weller. It is expected that Frank Penwill, S. P. Moody, Thomas A. Johnson and Thos. G. Moody, jr., will also participate.

CHESS. PROGRESS OF THE TOURNAMENT. The sectional tournament of the Victoria chess club has commenced under excellent auspices and promises to be a great success. Thursday in each week is scoring night, and the following is the result up to date.

SECTION I. Wm. Lost. 1-J. R. Humez 2 0 0 0 2-C. D. Nemo 1 0 0 0 3-E. Clarke 1 0 0 0 4-R. O. Bour 0 0 0 0

SECTION II. 1-C. Schwengers 1 0 0 0 2-A. Gonnerson 2 0 0 0 3-H. Johnson 0 0 0 0 4-E. A. Wood 0 0 0 0 5-W. Sawcrot 0 0 0 0

SECTION III. 1-P. Schwengers 3 0 0 0 2-W. Marchant 3 0 0 0 3-B. F. Perry 1 0 0 0 4-M. W. Rhodes 1 0 0 0 5-T. Lawrie 0 0 0 0

SECTION IV. 1-Dr. Hands 18 0 0 0 2-F. C. Berridge 0 0 0 0 3-A. S. Innes 0 0 0 0 4-E. Goward 2 0 0 0

BASKETBALL. CANNOT ACCOMMODATE VANCOUVER. The Amities had a largely attended meeting last evening. Upon the suggestion of M. nager Schulz, Mr. H. R. A. Courtney was appointed associate manager of the local contest with Mr. Schulz. Several new members were elected, and the membership roll of the club is now at its highest.

YESTERDAY'S GAME POSTPONED. On account of the Foresters' celebration, the lacrosse match which was to have been played between the Capitals and Nainimans in Nanaimo to-morrow, has been postponed until some future day. Another scheduled match is to take place between these teams on Saturday the 22 instant, and for this the Capitals return fare will be granted.

THE "PRILLOT" CASE. The case brought by the Dominion government against the owner of the barge Pilbot, for carrying passengers without a license, was again adjourned to the 29th inst. The barge had been seized on the 22nd inst. and the case was adjourned until to-day at noon.

Dr. Price's Cream Baking Powder. Awarded Gold Medal Midwinter Fair, San Francisco. Rheumatism Cured in a Day.

South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. It is a system in remembrance. Sold in Victoria by Deas & Oryderman.

THE CITY.

At a meeting of the camp meeting committee of the Victoria Central Association, held yesterday at the Central hall, it was decided to hold a camp meeting early next month at Sidney, and a second one to be held at Nanaimo during the month of September. Detailed arrangements will be published a little later.

A. D. Wilson has directed the attention of the Chief of Police to another and more important matter, which apparently has been overlooked—the swiveling baskets of Chinese peddlers. Complaints of being struck by them have been very numerous of late and the police have been asked to put a stop to the nuisance.

On application of Mr. F. B. Gregory for George A. Huff, petitioner against the election of Thomas A. Wood as Mayor of Victoria, the local house for Covichas-Alberni, an order was granted yesterday in Chambers allowing the petitioner to inspect the ballots related to the election, and the inspection to take place before the registrar on Monday at 11 o'clock.

JACKSON SHAWRED, one of the crew of the schooner Victoria, was yesterday convicted in the provincial police court of deserting without leave. He left the schooner and skipped to Nanaimo. There he was arrested by Chief Constable Stewart and brought back to Victoria, where he was sentenced to four weeks imprisonment with hard labor, or in the meantime to be sent aboard the Victoria when Captain Bolson requests it.

THE HAIR OF THE LATE Frederick Adams, it is said, is exhibiting considerable difficulty in collecting upon the policies held by him, the insurance company refusing to accept as satisfactory the proof of death furnished by the executor of the estate.

Mr. DENNIS JORDAN and his son, from San Francisco, are in the city on their way to Victoria, where they own valuable coal lands, which they are endeavoring to develop. The property consists of 160 acres, and has already been worked to good advantage.

Mr. JORDAN will also do some boring for water, and parties with a view to determining the extent of the coal deposits in the area. Mr. Jordan was at the local coal fields. Mr. Jordan was at the local coal fields. Mr. Jordan was at the local coal fields.

At yesterday's meeting of the Teachers' Institute in the Y.M.C.A. rooms officers were elected for the ensuing term, as follows: Miss Lawson, president; Mr. Dalrymple, vice-president; and Mr. Doran, secretary. The executive consists of Miss Dowler, Miss Williams, Miss Cameron and Mr. Ross.

After this business had been disposed of, the methods of teaching writing were debated and a vote finally taken on the relative merits of the vertical and Spencerian systems. The vote was in favor of the former and sixteen of the latter. There were of the principals of the schools, Miss Williams, Mr. McNeil and Mr. Netherby for the vertical writing and Miss Cameron for the Spencerian.

ERSON WILLIAM PATTERSON of the "Salvation Army Food and Shelter Home," gives the following report of the good work accomplished by the institution of the month: "Since the opening on May 8 up to June 12 there had been 496 men admitted to the Home, 382 of this number, or an average of 8 per day, have worked in the wood yard in conjunction with the shelter, for their board and lodging; 106 men have paid, and 30 men have been admitted by coupon tickets. Since the opening 1,041 meals have been given out, and 278 beds have been occupied. The men are very civil and well behaved, and appreciate the Home's services, and seem to be in the enjoyment of their work, and in view of paying a number of these a pleasant termination. Important work, but not of a public nature, took up most of the day, such as appeals and other matters pertaining to the Order.

For two hours in the afternoon the hall was given over to the Rebekah Degree for the exemplification of the beautified work. A large number of ladies from British Columbia, and from the West, and from the Degree, were present.

In the evening the installation of the newly elected officers took place, the grand master being installed by the retiring grand master. Walter as grand master, installing the other officers of the Grand Lodge.

Owing to the late hour at which the Grand Lodge proceedings closed it was nearly 11 o'clock before the Oddfellows met down to the fine banquet at the Deland.

In spite of the delay in the arrival of the guests, in some magical way the Deland hall was kept the Rebekah Degree for the exemplification of the beautified work. A large number of ladies from British Columbia, and from the West, and from the Degree, were present.

Every one interested in the beautified work of the Order, and in the progress of the Order, will be glad to hear that the book commends itself in interest to the general reader, besides richly deserving a place on the library shelves devoted to Canadian history.

H. W. SHERLOCK, of Barkerville, who has arrived from the mining country, is at the Deland. When he left Barkerville the snow had generally disappeared, and mining operations were already progressing. On Willow river, about 280 miles from Ashcroft and at the end of the stage road, much was expected to result from the operations being pushed forward by Mr. Sherlock. The fifty feet down had been struck, and the prospects were very encouraging. Owing to the high water on Slough creek, work, while Mr. Sherlock has been at the Deland, has been suspended. The contract was made with Williams creek from Ashcroft of 282 tons of pipes, etc., will be let to-day. This material includes some 2,000 feet of pipes for the extensive hydraulic workings about to be started. The Hoxey is expected, and as Pine Creek much excitement prevails over the place diggings. Mr. Sherlock, who by the way is interested in the mining industry of the upper country, says that there has been a big influx of prospectors to Caribou this spring and property will reign throughout the year.

ALBERT J. PINO, B.A., delivered the ninth lecture of the course before the Sir William Wallace Society last night, the subject being "The Geology of the Primeval World." Mr. Pino traced the process by which the solar system was formed, until it had appeared in the midst of the heavens and the earth and the other planets. The study of the history of our world through all the long drawn ages as revealed by geologic science impresses one with the grand thoughts that all things in nature show an upward tendency. In the process of the evolution theory there has been a higher evolution theory than that of the materialists. The sum of all evolution must be God. God and nature are one. At the close of the lecture, Mr. E. B. Paul proposed a vote of thanks to Mr. Pino, and Rev. Mr. Clay seconded in response to hearty applause. Next week Mr. Pino will lecture on "Bannockburn" and the anniversary of that great event. The Chief announced that the society will have an outing at Oak Bay on the last Friday of this month.

Rheumatism Cured. Rheumatism is caused by lactic acid in the blood attacking the fibrous and cartilaginous joints. Keep your blood pure and healthy and you will be free from rheumatism. Hood's Sarsaparilla gives the blood vitality and richness and tones the whole body, neutralizes the acidity of the blood and thus cures rheumatism.

Woods' Pills are the best after-dinner pills, assist digestion, cure headache.

Relief in Six Hours. Distressing Kidney and Bladder diseases relieved in six hours by the "GRAND SOVEREIGN" known as "KIDNEY DURE." This new remedy is a great success in all cases of kidney and bladder troubles, and is sold in all the leading druggists.

At yesterday's meeting of the Teachers' Institute in the Y.M.C.A. rooms officers were elected for the ensuing term, as follows: Miss Lawson, president; Mr. Dalrymple, vice-president; and Mr. Doran, secretary. The executive consists of Miss Dowler, Miss Williams, Miss Cameron and Mr. Ross.

"I AM PERMANENTLY CURED."

The Joyful Exclamation of Mr. Alexander Moffatt, of Millbrook, Ont.

Paine's Celery Compound Victorious After the Doctors Failed.

Mr. Moffatt is of opinion that all his sufferings and troubles in his origin in liver complaint, a terrible, dangerous malady that is dragging many a man and woman to the grave. This disease may be acute or chronic. In the acute form, it is characterized by violent burning pains conveyed to the shoulder and right arm, short cough, fever, irregular bowels and constipation. In the chronic form of conditions, such as enlargement, softening, abscesses and degeneration. The symptoms are, weight in stomach, flatulence, nausea, bilious vomiting, loss of appetite, thirst, white and dry tongue, bitter taste, and a host of other miserable conditions.

Long experience has fully proved that Paine's Celery Compound is the only medicine that can successfully grapple with the dread disease of liver complaint. Honest and able doctors are advising their patients to make use of Paine's Celery Compound, for the great reason that they know of no other medicine that gives such prompt and effective results. The cure of Mr. Moffatt amply proves every statement made in favor of Paine's Celery Compound, and clearly demonstrates the fact, that when physicians fail to cure, nature's medicine is sure to do the good work. Mr. Moffatt writes thus:—

"Having been a sufferer for years from severe pains in the side, back and breast, caused, I firmly believe, by a sluggish liver, I received the treatment of eminent physicians, and was compelled to wear a fur coat summer and winter; I was also advised to wear a chamois vest, but nothing seemed to do me good.

"At last I was advised by kind friends to try Paine's Celery Compound; and after using six bottles, I find that I am permanently cured. Paine's Celery Compound has indeed done wonders for me. You may publish this for the benefit of suffering humanity."

CLOSE OF THE SESSION. The Grand Lodge I. O. O. F. Concludes Its Labors and Enjoys the Annual Banquet.

The Last Day's Business Generally of a Private Nature, Not of Public Concern.

The Grand Lodge of I. O. O. F. completed its labors Friday, a banquet at the Deland bringing the annual gathering to a pleasant termination. Important work, but not of a public nature, took up most of the day, such as appeals and other matters pertaining to the Order.

For two hours in the afternoon the hall was given over to the Rebekah Degree for the exemplification of the beautified work. A large number of ladies from British Columbia, and from the West, and from the Degree, were present.

In the evening the installation of the newly elected officers took place, the grand master being installed by the retiring grand master. Walter as grand master, installing the other officers of the Grand Lodge.

Owing to the late hour at which the Grand Lodge proceedings closed it was nearly 11 o'clock before the Oddfellows met down to the fine banquet at the Deland.

In spite of the delay in the arrival of the guests, in some magical way the Deland hall was kept the Rebekah Degree for the exemplification of the beautified work. A large number of ladies from British Columbia, and from the West, and from the Degree, were present.

Every one interested in the beautified work of the Order, and in the progress of the Order, will be glad to hear that the book commends itself in interest to the general reader, besides richly deserving a place on the library shelves devoted to Canadian history.

Relief in Six Hours. Distressing Kidney and Bladder diseases relieved in six hours by the "GRAND SOVEREIGN" known as "KIDNEY DURE." This new remedy is a great success in all cases of kidney and bladder troubles, and is sold in all the leading druggists.

At yesterday's meeting of the Teachers' Institute in the Y.M.C.A. rooms officers were elected for the ensuing term, as follows: Miss Lawson, president; Mr. Dalrymple, vice-president; and Mr. Doran, secretary. The executive consists of Miss Dowler, Miss Williams, Miss Cameron and Mr. Ross.

After this business had been disposed of, the methods of teaching writing were debated and a vote finally taken on the relative merits of the vertical and Spencerian systems. The vote was in favor of the former and sixteen of the latter. There were of the principals of the schools, Miss Williams, Mr. McNeil and Mr. Netherby for the vertical writing and Miss Cameron for the Spencerian.

ERSON WILLIAM PATTERSON of the "Salvation Army Food and Shelter Home," gives the following report of the good work accomplished by the institution of the month: "Since the opening on May 8 up to June 12 there had been 496 men admitted to the Home, 382 of this number, or an average of 8 per day, have worked in the wood yard in conjunction with the shelter, for their board and lodging; 106 men have paid, and 30 men have been admitted by coupon tickets. Since the opening 1,041 meals have been given out, and 278 beds have been occupied. The men are very civil and well behaved, and appreciate the Home's services, and seem to be in the enjoyment of their work, and in view of paying a number of these a pleasant termination. Important work, but not of a public nature, took up most of the day, such as appeals and other matters pertaining to the Order.

For two hours in the afternoon the hall was given over to the Rebekah Degree for the exemplification of the beautified work. A large number of ladies from British Columbia, and from the West, and from the Degree, were present.

In the evening the installation of the newly elected officers took place, the grand master being installed by the retiring grand master. Walter as grand master, installing the other officers of the Grand Lodge.

Owing to the late hour at which the Grand Lodge proceedings closed it was nearly 11 o'clock before the Oddfellows met down to the fine banquet at the Deland.

In spite of the delay in the arrival of the guests, in some magical way the Deland hall was kept the Rebekah Degree for the exemplification of the beautified work. A large number of ladies from British Columbia, and from the West, and from the Degree, were present.

Every one interested in the beautified work of the Order, and in the progress of the Order, will be glad to hear that the book commends itself in interest to the general reader, besides richly deserving a place on the library shelves devoted to Canadian history.

H. W. SHERLOCK, of Barkerville, who has arrived from the mining country, is at the Deland. When he left Barkerville the snow had generally disappeared, and mining operations were already progressing. On Willow river, about 280 miles from Ashcroft and at the end of the stage road, much was expected to result from the operations being pushed forward by Mr. Sherlock. The fifty feet down had been struck, and the prospects were very encouraging. Owing to the high water on Slough creek, work, while Mr. Sherlock has been at the Deland, has been suspended. The contract was made with Williams creek from Ashcroft of 282 tons of pipes, etc., will be let to-day. This material includes some 2,000 feet of pipes for the extensive hydraulic workings about to be started.
