This reduces the number of available men for appointments to the Bench, and consequently renders ence is rather in favor of the appointment of young men to judgeships, provided they are not too young. There have vided they are not too young. There have interest in the control of the property in the control of th been several conspicuous instances in Canada where young judges have proved great successes on the Bench. If a man is of the right stamp, the responsibility of the judicial office develops in him the qualities most essential for the discharge of its obligations.

AN INTERESTING PROPOSAL.

Mrs. Clare Fitz Gibbon, who is at present visiting Victoria, has been at valuable information. It is not the in tracting considerable attention both in tention of the Colonist to anticipate the Great Britain and this country by a arguments for and against the project novel and interesting scheme. Starting which may be advanced at the meeting from the admitted premises that there is to be held next week; all that will be a surplus of women in Great Britain and done in the meantime is to present in a shortage of them in Canada, Mrs. Fitz brief form a statement of what the pro-Gibbon proposes that the government shall establish a sort of training school in connection with the Brandon experimental farm, where young ladies from the estimated cost of which is \$1,509,000. the Mother Country can be instructed in This money it is expected can be raised those things which are essential if life in the following way: on a farm in Canada is to be a success. Stock to be taken by the city...\$ 500,000 She says that at the present time there Stock to be taken by municiare a million and a half of women in Great Britain who come under the head Government aid..... of "surplus." Many of them have Private subscriptions...... small incomes, but not quite enough to Debentures live on; the majority have to struggle for a livelihood as best they can, and the conditions are very severe in most cases. She thinks that many such plate direct connection with Vancouver. dadies would be glad to come to Canada It does propose connection with the and learn how to make a living off a Canadian Pacific, the Great Northern small piece of ground, by keeping poultry, and the Northern Pacific. In order to raising small fruits, and other work of carry the project into effect it will be a similar kind. She also thinks that if necessary to incorporate a company more young women emigrated to Canada The scheme for financing the project is the young Englishmen who come out would make better use of their means ing and operating such a line in the exand opportunities. She thinks that the pectation of receiving business from
