### CARLIN RIVER

Mr. George Kerr of Vancouver B. C. is visiting his parents Mr. and Mrs. Eubulus Kerr.

Our school has again opened with Miss Robertson of Shawville in charge.

Mr. and Mrs. William McLellan are receiving the congratulations of their many friends on the arrival of a little stranger in their home.

Mr. George Kerr has returned from a pleasant trip to Port Daniel.

Mr. Eubulus Kerr is down the Gaspe Coast at present but is expected home shortly.

Miss Jessie Kerr has returned to New Carlisle to resume her duties as clerk in Mr. Thomas Caldwell store.

Those that attended the funeral of the late Thomas McLellan from New Carlisle were Thomas and Albert Caldwell.

The many friends of Mr. Robert Willett are pleased to learn that he is recovering from his illness.

Mr. Ed LeBlanc and Mr. Peter Poirier were in New Carlisle last week attending the meeting of the Quebec Oriental Railway.

We regret to hear of the illness of Mr. Charles Bourdage one of our aged citizens.

Mrs. Benjamin Franklin of New Richmond is the guest of Mrs. Eubulus Kerr.

### BLACK CAPE

About twenty young people were entertained at the home of Mr. and Mrs. J. C. Fair on Tuesday evening where a very enjoyable time was spent by all present.

Mr. Hattie Henderson paid New Carlisle a business trip last week.

Mr. D. L. Campbell has returned from a trip to Paspébiac West.

Mr. Alfred McWhirter has returned from a trip to Campbellton and other points in N. B.

Mr. Herman Powell of the Quebec Oriental Railway is spending a week's vacation at his home in Black Cape.

Mrs. Arthur McNair and her sister, Nellie of Heron Island N. B. are visiting relatives and friends in Black Cape.

Mrs. J. H. West has been on Tuesday for Quebec No. 6 school opened on Tuesday morning with Miss Janice Powell in charge.

Noted railway engineers and prominent officials from all parts of Canada and the United States will attend the annual convention of the American Railway Engineering Association to be held in Chicago this week at the Congress hotel.

In addition to the election of officers and other routine business, reports will be read and discussed on such topics as railway rules and organization, signals and interlocking, iron and steel structures, rails, the economics of railway location, wooden bridges and trestles, wood preservation, ties, masonry, the conservation of natural resources, ballast, water service, yard and terminals, electricity, records and accounts. On Tuesday evening next a reception will be given to members of the Association and their guests in the gold room of the Congress hotel when past President Mr. Wm. McNab, Principal Assistant Engineer of the Grand Trunk Railway system will deliver an illustrated lecture on the Panama Canal. Among the Grand Trunk representatives who will be in attendance at the convention are—Messrs. H. R. Safford, Chief Engineer; Wm. McNab, Principal Assistant Engineer; A. S. Going, Construction Engineer; Mr. Blacklock, Engineer of Maintenance of Way; R. Armour, Masonry Engineer; R. F. Morkill, Signal Engineer; P. B. Roberts, Chief of the Drafting Room; J. R. W. Ambrose, Engineer of Grade Separation; N. B. Stuart, Structural Engineer; J. B. Gant, Structural Engineer; and a large number of the Divisional and Resident Engineers, Bridges and Building Superintendents, and General Roadmasters.

During the past week 14 special trains have passed through the Grand Trunk Bonaventure station at Montreal with about 2,750 passengers for Ontario and western Canada from Europe via Portland, Halifax, and St. John.

"He has written a new play."  
"Original?"  
"Yes. The heroine is a married woman."  
"Oh, I know. And falls in love with another man."  
"No. That's the original part of it. The play shows marriages to be a sacred relation that some people take seriously and get a good deal of happiness out of."

Thank You Mother!

See that the name is Kellogg's CORN FLAKES

## OUR BEAUTIFUL SNOW

Give us a good old-Canadian Winter. Not that timid changeable incomplete, unhealthy winter which our Southern Brethren boasts so much of. Think of the numerous sports furnished by our Canadian winters. Skating, Hockey, Snowshoeing, Tobogganing, etc., which are the most agreeable and healthy of all sports.

The snow is in many ways a source of revenue to our people, furnishing lots of work to the labourer, worth a great deal to our lumbermen enabling them to haul as well as drive their lumber.

How foolish these folks appear to us when they say that the North Shore of New Brunswick is snow bound and therefore a poor place to live in, some try to make us believe that and at the same time leave their beautiful homes in the southern part of the province to come to the North Shore during winter to earn or at least draw big fat salaries. Poor fellows: they remind us of the famous and ridiculous assertion of M. de Voltaire, who could not understand why we fought so hard for a few acres of snow. They seem to belong to that famous group who thought the C. P. R. would not pay for its atel grease if it ran through this country. They appear to have met again and called the Quebec Government crazy when they started to build a railway from that city almost directly north, and what has been the results. At the present time along that line there are farms worth as high as \$30,000 and it was these farmers that started what is today one of the greatest pulp and paper mills in the world.

Did it ever occur to them that snow is one of our greatest assets because our soil is covered with two or three feet of it for a few months of the year. Plants and even the soil itself seem to find rest and nourishment which it cannot get, where the fields are bare during the Winter months. The fact of it melting so quickly in the Spring gives the soil moisture which awakens vegetation, grass and plants spring up at first sight of the Sun, and in a short time pass those that have been uncovered all winter.

Our winters have never stopped Canada from growing anything cultivated in Central Europe. Cold weather has never retarded the raising of cattle, but on the contrary it is a well known fact that our Canadian winter is a great preservative against epidemics, and gives our cattle greater vigor and endurance.

It is the snow which makes our Canadian furs so valuable, helps to open the mines before the railroads are built, and makes possible the transportation of provisions, supplies, etc. It also covers up the fallen leaves in our forests, quickens decay and furnishes substance to our fast growing trees, again it covers our swamps making excellent winter roads, and at the same time helping us to develop our great country.

So we might go on enumerating

the great value of our few feet of snow and our real Canadian winters, but we had better tell our friends who are not so fortunate as we, when they don't feel very well or are in any way out of sorts, to come to the good old "Baie de Chaleur or Northern New Brunswick" where their rejuvenation will take place by the breathing of the good old bracing winter air and as their health improves so also will the vision broaden. They will realize that if the time they now occupy in knocking was used in developing, not only would this part of the province be benefited but the southern portion as well, the portion we in the North Shore are all so proud of. They would then and not till then become better citizens of the province as a whole and when they accomplish that they shall be "Greater Canadians."

P. M. SHANNON.

Every Wednesday from now until the end of October round trips tickets at a special rate will be issued by the Intercolonial Railway for the benefit of those who desire a trip to Western Canada. These tickets are good for return two months from the date of issue. Apply to the Ticket Agent for full particulars. March 15-5.

## THREATS TO KILL CYRIL MAUDE

London, March 17.—Reginald and George Treloar, brothers and members of a well known family, were arrested to-day charged with sending letters containing death threats to Mr Cyril Maude, the known actor.

## Causes Much Dis-ease

Advice about stomach troubles and how to relieve them.

Don't neglect indigestion, for it may lead to all sorts of ailments and complications. An eminent physician once said that ninety-nine per cent of all ailments have their origin in a disordered stomach.

Our experience with Rexall's Dyspepsia Tablets leads us to believe them to be one of the most dependable remedies known for indigestion and chronic dyspepsia. Their ingredients are soothing to the inflamed membranes of the stomach. Rich in Pepsin and Bismuth, two of the greatest digestive aids known to medicine, the relief they afford is very prompt. Used persistently and regularly for a short time, they tend to relieve pains caused by stomach disorders.

Rexall's Dyspepsia Tablets help insure healthy appetite, aid digestion, and promote nutrition. A evidence of our faith in them, we ask you to try them at our risk. If they do not give entire satisfaction, we will return the money you paid us without question or formality. Three sizes, 25 cents, 50 cents, and \$1.00. You can buy Rexall's Dyspepsia Tablets in this community only at our store:

THOS. WRAN, Campbellton New Brunswick

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ailment, each especially designed for the particular ill for which it is recommended. The Rexall Stores are America's Greatest Drug Stores.
