

## MORE ABOUT STYLE

STYLE is the most important feature of clothing now-a-days. By this we do not mean fancy cuffs, extremely long coats, odd shaped lapels, or loud patterns. We do not mean foppish clothes. Style isn't something that makes a man look odd or calls special attention to his clothes. It is, and should be, the element that contributes an air of culture, refinement, taste. That's the kind of refinement you'll find in 20th Century Brand bench-tailored clothes.]

### Census Enumerators Will Ask Some 300 Questions.

How old are you?  
What is your nationality?  
What do you work at?  
How long have you worked at it?  
What is your religion?  
What sickness has there been in the family?  
Were you ever hurt while engaged in your employment?  
If you were hurt did you receive any compensation?  
Did this compensation come willingly from your employer, or was it secured under the Workman's Liability Act?  
What insurance do you hold?

These and some three hundred other questions will be asked by the census enumerators who start on their work all over Canada on the first day of June. For three weeks these men will go through the districts allotted to them. Then the reports will be sent to Ottawa and it is expected the results of the census will be known by the end of November.

### WHAT THE CENSUS WILL TELL.

The results of the census will be much more far-reaching than the majority of people have thought. It will make known the number of people in the Dominion, the number in each of the provinces, the number in every city, town, village and country municipality throughout the country. But that will not be all. The census will tell more about Canada than has ever been told before. It will say how many Europeans are working here; how many have come from the various parts of the empire; and how many have left the States to throw in their lot with those living on the northern part of the continent.

Then the census will show the wealth of the country. It will give accurate figures including how large a percentage of the population is engaged in farming; how many work in manufactures, and how many earn their living in stores. It will number the professional men, and will show even the number of cattle in the Dominion.

It will cost the Dominion government \$217,000.00 to send the Canadian militia to England to attend the coronation ceremonies.

cows, \$2.50 to \$5.35; bulls, \$4 to \$5.50; stock heifers, \$4 to \$4.85; fresh cows and springers, active and steady, \$30 to \$70. Veals—Receipts, 2,500 head; active, 25c higher; \$5.25 to \$7.25. Hogs—Receipts, 11,200 head; active; pigs, 5c and 10c higher; others, 5c to 10c lower; heavy, \$6.25 to \$6.40; mixed, \$6.45 to \$6.50; yorkers, \$6.45 to \$6.55; pigs, \$6.50 to \$6.55; roughs, \$5.25 to \$5.40; stags, \$4 to \$4.75; dairies, \$6 to \$6.55. Sheep and lambs—Receipts, 15,000 head; active; heavy lambs, 25c higher; handy lambs, \$5 to \$7.50; heavy lambs, \$5 to \$6.25; yearlings, \$5.25 to \$5.75; wethers, \$4.75 to \$5; ewes, \$2 to \$4.50; sheep, mixed, \$1.50 to \$4.65.

### Great Britain.

Liverpool, May 22.—John Rogers & Co., Liverpool, cable to-day that consequently upon the recent reduction of price and the increased supplies the demand for both cattle and sheep in the Birkenhead market improved considerably, the business being brisk at Saturday's quotations, which were: Steers, both States and Canadians, from 12½c to 13c; wethers 11½c to 12c, and lambs, 13½c to 14c per lb., were well maintained.

### Crop Reports.

Bradstreet's report May 23rd as follows:—Reports of crop conditions in both Ontario and Western Canada have shown improvement during the past week or so. Much-needed rains have fallen, and while there has been by no means too much moisture a very marked betterment in the condition of the growing grain has resulted. Fall wheat did not come through the winter any too well and in some districts in Ontario it was necessary to plow it under. In other districts, however, the crop showed fairly good prospects and has since further improved. In the West seeding was generally carried on under the most favorable conditions. Fine, dry weather permitted the work to be done thoroughly, and since then there has been a fairly good supply of moisture. It is estimated that the area put to seed shows an increase over that of last year of fifteen to twenty per cent.

## JUST ONE CURE FOR ANAEMIA

It is Through the Rich Red Blood Dr. Williams' Pink Pills Actually Make.

There is just one cure for anaemia—more rich red blood. Anaemia is simply a bloodless, run down condition. Then the body becomes weak from overwork, worry or illness, an examination of the blood will show it to be weak and watery. The common symptoms are paleness of lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and a loss of appetite. Anaemia itself is a dangerous trouble and may pass into consumption. It can only be cured by making the blood rich and red, thereby enabling it to carry the nourishment to every part of the body.

It is a proved fact that Dr. Williams' Pink Pills have cured thousands and thousands of cases of anaemia. They are really intended to make new, rich blood and are compounded in the most scientific manner with the finest ingredients for the blood known to medical science. These Pills are not a cure-all. They are intended to cure only those diseases that have their origin in poor, watery blood, and starved, weakened nerves, and the record of their success in doing this is their constantly increasing popularity in every part of the world.

Mrs. R. Colton, Golden, B. C., says:—"As a matter of duty I wish to say a word in praise of Dr. Williams' Pink Pills for what they have done for my daughters, one 16 and the other 18 years of age. Both were pale and bloodless and suffered from many of the symptoms of anaemia. They would tire easily, suffered from frequent headaches, were easily discouraged, and often fretful. I saw in our home paper the story of a young girl who had similarly suffered and was cured through the use of Dr. Williams' Pink Pills. I bought three boxes of the Pills and my daughters started to take them. Before they were done they began to feel better, and I got a half dozen more boxes, and by the time these were used, they were enjoying the best of health, with rosy cheeks and not like the same girls at all. I also gave the Pills to my little boy who had rheumatism and they completely cured him." Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.
