## HEALTH FOR THE BABY

The baby of today is the man or woman of tomorrow. Thus the health of the future man or woman depends upon the baby's present welfare. If the baby is sickly and ill nourished it is not to be expected that he will grow into a strong, active man who will hold his own in the business world a few years hence. Mothers it is a duty you owe the future to keep your little ones well now. This can be easily done if Baby's Own Tablets are kept in the house. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus make baby healthy and strong.

Concerning them Mrs. W. Orser, Elginburg, Ont. writes: "I have a fine healthy boy three years and have used Baby's Own Tablets for him ever since he was a small baby. I certainly think them a splendid medicine." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

## A POPULAR TRAIN

(Digby Courier)

The fast night train over the D. A. R. from Halifax proved its great convenience and popularity last week especially on Wednesday morning when it passed through Digby with the largest train, so far, as accommodations are concerned that has pulled into this station since the inception of the service. It consisted of two sleepers, Yarmouth and Steviacke one day coach and the regular accommodation which it has always had. All of these coaches were filled to their utmost capacity and when the train left Halifax another sleeper, had it been obtained would have been quickly filled up.

## GOOD NEWS, IF TRUE

An American Weather Prophet Predicts an Open Winter

Prof. Andrew J. DeVoe, the Hackensack, N. J., weather prophet, predicts a short winter with only occasional spells of really cold weather. His forecast is said to be more nearly correct than those given out by the Weather Bureau.

He said coldest weather of the winter would prevail between Dec. 15th, and December 25th, with Christmas Day cloudy.

"This cold spell will be followed by rain, clearing off cold again about December 28th.

"January, 1920 will come in very cold and continue up to January 2, when winter practically will break up. Of course, I expect cold weather up until March 1st, but it will be in short spells with rain prevailing most of the time.

"Those who have ice to cut had better plan to get it in between January 3rd and 5th, for the rain will make the work disagreeable after that date.

"Last September, in a letter to Prof. Burdock, replying to an invitation to speak before the Polytechnic institute in New York, December 8th, I told him that great snow storms would prevail in Europe during Dec and I see that the Mayor of Berlin is advertising to clear the streets of snow.

"My calendar shows these forecasts: December 1st and 2nd cloudy and cold; December 3rd, storms from over South Atlantic State; December 14th and 15th, rain or snow; December 16th, cold wave forms over Ohio Valley; December 17th to 25th, longest spell of cold weather of winter."

## A POPULAR HOTEL

(Kentville Advertiser)

The popularity of the "Cornwallis Inn" is already in evidence. A number of private dinner parties have been participated in. The Christmas dinner put on was very excellent. Three private dinners were given at New Year's, one on New Year's Eve and two New Year's Day, the menus being the latest word in culinary art. It is a self-evident fact that the new Cornwallis Inn will equal the other splendid D. A. R. Hotels in popularity and up to the minute service.

## TOO MUCH RISK

It was the first vaudeville performance the old colored lady had seen, and she was particularly excited over the marvellous feats of the magician. But when he covered a newspaper with a heavy flannel cloth and read the print thru it she grew a little nervous. He then doubled the cloth and again read the letter accurately.

This was more than she could stand and rising in her seat, she said: "Ise goin' home. This aint de place for a lady in a thin calico dress."

## WHERE TO CUT OFF THE PAPER

(From the Concord Monitor)

We can't help feeling that the paper shortage might better be overcome by cutting off the supply from printers of worthless governmental and other propaganda than by inconveniencing the newspaper publishers who have given the nation such loyal service for years.

## RESEMBLED HER MOTHER

"I think the baby has your hair, ma'am," said the new nurse, looking pleasantly at her mistress.

"Gracious!" exclaimed the lady gazing up from the novel. "Run into the nursery and take it away from her. She will ruin it."

## IT IS SO EASY

Boston is famous for its beans, but those who "know beans" will tell you that none are so delicious as those baked in the groans, according to the manner of the guides and lumbermen of the Maine woods.

Not long ago a man from the Middle West took a hunting trip through the Pine Tree State. He hired a camp and his cook was a Frenchman long experienced in the art of cooking. The man was delighted with the beans, and ate them three times a day.

When he went out, he asked the Frenchman if he would give him his formula for cooking beans.

"Sure," said Joe. "She's jes' so easy as 'ac' in'. If you lak for cook de bean in bean hole, so de whole bean I goin' been whole wen you tak them out of bean hole, you firs' make de bean hole, and wen you ge. make de bean hole, you tak de whole bean, and put de whole in de bean hole and cover up de whole of de bean hole and in de morning' wen you tak de whole out of de bean hole, what you cook in de bean hole, is goin' been whole."

## NOT A YOUNG BRIDE

"My only worry is about mother. She's bound to miss me terribly."

Friend: "Ah, well, she can't complain. After all, she's had you longer than most mothers keep their daughters."

## HAWKER'S NERVE & STOMACH TONIC

It was especially beneficial to my children after an attack of fever.

## Cause of Early Old Age

The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine."

When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound. 10

## "BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for women's ailments I ever saw."

—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years experience is at your service.
