"THE EDUCATION ACT" of the Province of Quebec, 1899, Annotated, by **R. STANLEY WEIR, D. C. L.**, *Advocate Montreal Bar; Author of the "Old Regime in Canada," and "The Civil Code of Quebec, 1898," (Revised Pocket Edition.)*

The Education Act which has just been passed by the Legislature is one of the most important of recent enactments. The clergy, teachers in our schools and colleges, members of the Bar, and the public generally, will all be interested in an examination of its various provisions. The editor has taken advantage of the necessity that now exists for this publication, to incorporate with the text of the law, the numerous decisions of our courts that deal with the powers and duties of school commissioners, municipalities, teachers, inspectors and others. It also contains the Regulations of the Protestant committee of the Council of Public Instruction, and is completed by a very elaborate alphabetical and analytical index. This new Code of Public Instruction is thus an essential "vade mecum" for all engaged directly or indirectly in the work of our schools.

Price to Subscribers only, 1 vol. royal 32, bound cloth, \$1.75
