

PARKE, DAVIS & CO'S.

# Antidiphtheric Serum

Hypodermic Needle

Piston Rod

## AN ANTITOXIN OF PROVED RELIABILITY.

Parke, Davis & Co.'s Antidiphtheric Serum is rigidly tested, bacteriologically and physiologically. It is supplied in a container that is hermetically glass-sealed at both ends, effectually preventing contamination. You can specify it with full assurance of its purity, potency and uniformity.

Bulbs of 500, 1000, 2000, 3000 and 4000 units.  
Piston-syringe container, with flexible needle connection.

## WE PROTECT BOTH DOCTOR AND DRUGGIST

against loss by accepting unused antitoxin in exchange for fresh product. Each package bears a return date (one year after date of manufacture).
