ARGUMENT.

We now offer a practical time piece for the Stationery Trade of Canada, and issue our statement upon the following:

First—It is absolutely guaranteed to keep accurate time.

Second—It stands rough usage and does not get out of order easily, making it the only watch for dealers outside of the jewelry trade to handle, and also making it a practical one for sportsmen, boys and all men who give a watch hard usage.

Third—Its low price and high quality insure a tremendous sale, which we further augment by furnishing many handsome advertising devices for your store.

Fourth—Last but not least, these watches offer a handsome profit. Price cutters are not supplied.

Sold by several leading Stationery Jobbers of Canada. We will tell you who they are upon request.

Trial Offer—To any Stationery Merchant who will write to us upon his business letter head and inclose 75c. we will send a sample watch (duty not paid), and our catalogue, so that he can test its accuracy and durability.
