4 Harvard Ave

### Special Discounts to Students

We do not give special discounts to students over other people who are equally good risks, but we do quote specially low premium rates to all high-class risks on account of having all premiums paid direct to Head Office, which is not the practice of other companies.

We recognize the fact that total abstainers are better than non-abstainers, and we quote them much lower rates on all non-participating plans.

### No Other Company Does This

We also give lower rates or larger guarantees than any other company on all participating plans. The Equity Life Assurance Company of Canada should have the patronage of all who believe that abstainers are better risks than non-abstainers and that guarantees are better than estimates. If interested, write or call at the Company's Head Office.
