Think a Minute

One of the first acts of the U. S. Government on taking over the railroads was to increase rates 15 per cent. It has now increased them a further 25 per cent.

The Canadian Railroad Commission has increased rates 20 per cent.

We, too, have been burdened with increased expenses and an advance in rates was therefore unavoidable and inevitable.

Read Director-General McAdoo's message:

"It is earnestly hoped that all citizens affected directly or indirectly by this increase of rates will support the general principle of such increase as an unavoidable war measure, and accept the additional burden in the same spirit of self-sacrifice in which they have accepted other inconveniences and burdens and the grievous personal losses which are parts of the price that this nation is patriotically paying for world liberty."
